Gypsy Sorcery and Fortune Telling - Illustrated by Numerous Incantations, Specimens of Medical Magic, Anecdotes and Tales Charles Godfrey Leland, 2015-10-28 This vintage work contains a collection of the customs usages and ceremonies used among gypsies as regards fortune telling witch doctoring love philtering and other sorcery illustrated by many anecdotes and instances taken either from works as yet very little known to the English reader or from personal experiences Within a very few years since Ethnology and Archaeology have received a great inspiration and much enlarged their scope through Folklore everything relating to such subjects is studied with far greater interest and to much greater profit than was the case when they were cultivated in a languid half believing half sceptical spirit which was in reality rather one of mere romance than reason Now that we seek with resolution to find the whole truth be it based on materialism spiritualism or their identity we are amazed to find that the realm of marvel and mystery of wonder and poetry connected with what we vaguely call magic far from being explained away or exploded enlarges before us as we proceed and that not into a mere cloudland gorgeous land but into a country of reality in which men of science who would once have disdained the mere thought thereof are beginning to stray

Leland,2019-01-29 CHAPTER I THE ORIGIN OF WITCHCRAFT SHAMANISM AND SORCERY VINDICTIVE AND MISCHIEVOUS MAGIC As their peculiar perfume is the chief association with spices so sorcery is allied in every memory to gypsies And as it has notes escaped many poets that there is something more strangely sweet and mysterious in the scent of cloves than in that of flowers so the attribute of inherited magic power adds to the romance of these picturesque wanderers Both the spices and the Romany come from the far East the fatherland of divination and enchantment The

latter have been traced with tolerable accuracy if we admit their affinity with the Indian Dom and Domar back to the threshold of history or well nigh into prehistoric times and in all ages they or their women have been engaged as if by elvish instinct in selling enchantments peddling prophecies and palmistry and dealing with the devil generally in a small retail way As it was of old so it is to day Ki shan i Romani Adoi san i chov hani Wherever gypsies go There the witches are we know It is no great problem in ethnology or anthropology as to how gypsies became fortune tellers We may find a very curious illustration of it in the wren This is apparently as humble modest prosaic little fowl as exists and as far from mystery and wickedness as an old hen But the ornithologists of the olden time and the myth makers and the gypsies who lurked and lived in the forest knew better They saw how this bright eyed strange little creature in her elvish ways slipped in and out of hollow trees and wood shade into sunlight and anon was gone no man knew whither and so they knew that it was an uncanny creature and told wonderful tales of its deeds in human form and to day it is called by gypsies in Germany as in England the witch bird or more briefly chori hani the witch Just so the gypsies themselves with their glittering Indian eyes slipping like the wren in and out of the shadow of the Unknown and anon away and invisible won for themselves the name which now they wear

Wherever Shamanism or the sorcery which is based on exorcising or commanding spirits exists its professors from leading strange lives or from solitude or wandering become strange and wild looking When men have this appearance people associate with it mysterious power This is the case in Tartary Africa among the Eskimo Lapps or Red Indians with all of whom the sorcerer voodoo or medaolin has the eye of the fascinator glittering and cold as that of a serpent So the gypsies from the mere fact of being wanderers and out of doors live in wild places became wild looking and when asked if they did not associate with the devils who dwell in the desert places admitted the soft impeachment and being further questioned as to whether their friends the devils fairies elves and goblins had not taught them how to tell the future they pleaded guilty and finding that it paid well went to work in their small way to improve their science and particularly their pecuniary resources It was an easy calling it required no property or properties neither capital nor capitol shiners nor shrines wherein to work the oracle And as I believe that a company of children left entirely to themselves would form and grow up with a language which in a very few years would be spoken fluently 2 so I am certain that the shades of night and fear pain and lightning and mystery would produce in the same time conceptions of dreaded beings resulting first in demonology and then in the fancied art of driving devils away For out of my own childish experiences and memories I retain with absolute accuracy material enough to declare that without any aid from other people the youthful mind forms for itself strange and seemingly supernatural phenomena
