Engaging Diverse Learners Mark Aaron Polger, Scott Sheidlower, 2017-02-13 This book connects teaching practical strategies and ideas with educational theories to give you techniques to use in the classroom to capture students attention and engage them with instruction Drawing on the literatures of adult education and of teaching skills Engaging Diverse Learners Teaching Strategies for Academic Librarians presents a wide range of methods to improve how you teach Coauthors Mark Aaron Polger and Scott Sheidlower argue that in order to grab and hold onto students attention instructors must get their interest right from the beginning The techniques they suggest explain how to take into consideration the range of different learning styles students may have how to accommodate students with different English language skills or abilities and how to successfully work with individuals from different socioeconomic backgrounds or from different technologically adapted generations The sections for each group address the key questions of identification who are they how members of that group tend to react to libraries librarians and education and how educational theories of that time affected students learning in that generation *Lifelong Learning in Public Libraries* Donna L. Gilton, 2012-03-15 This book demonstrates that public librarians can promote learning by combining the elements of Information Literacy Instruction ILI with traditional practices of public libraries It not only provides background on ILI and current developments in public library instruction *Librarians, Historians, and New Opportunities for Discourse* Joel D. Kitchens, 2012-05-15 This book stimulates informed dialogue between librarians and historians regarding the changing nature of history and the resultant needs for a wider variety of collections and library services including inter library loan library instruction outreach and reference Today s history scholars and students utilize information in many different formats including print microforms and digital with each having its own format specific requirements For historians the library is an essential resource that serves as their laboratory Librarians need to recognize the changing needs of this group arguably among the heaviest users of library materials and services Librarians Historians and New Opportunities for Discourse A Guide for Clio s Helpers addresses the concerns and typical operational decisions of librarians in academic libraries regarding reference instruction and collection management The book looks at the role of the librarian holistically paying special attention to how history is researched and taught and how this affects librarians After reading this book librarians will better understand this group of patrons who are so dependent on library resources for their research and teaching conversely historians will grasp the pressures on librarians making the difficult transition between the print and the digital age As a result every reader will be capable of having a more informed dialog with the other half regardless of their status as a librarian or a historian Information literacy instruction Esther S. Grassian, Joan R. Kaplowitz, 2013 This cutting edge work is destined to become a seminal text Written by two

academic library leaders it is a thorough in depth discussion of both the theory and practice of library instruction Chapters cover the history and background of user education in libraries the psychology of learning as applied to library teaching conceptual models for teaching critical thinking assessment and evaluation designing and developing print and electronic teaching materials classroom management and teaching techniques learning technology visions for the future and much more The book comes with a CD ROM which includes tables describing various instructional modes an interactive Web form and Web pages you can use to aid in selecting among them handouts for in house training or personal use and more Provided by publisher
