Into Writing Megan S. Sloan, 2009 For me there was enormous satisfaction in seeing how Megan Sloan interweaves process workshop and traits in this book I have struggled all my professional life to help teachers see that the 6 traits are not a silver bullet not even a curriculum but a way of thinking and talking about writing that enormously empowers revision and therefore both process and workshop It is so gratifying to hear from a teacher who really understands this relationship and sees how things work in harmony rather than trying to replace one with the other Vicki Spandel Author of Creating Young Writers I want to set up a writing workshop in my classroom now what What should my teaching look like day to day What about minilessons Conferences and assessment Share time These are just a few of the many questions about writing workshop that teacher and nationally known staff developer Megan Sloan has been asked With Into Writing this workshop
