The Pursuit of God in the Company of Friends Richard C. Lamb, Jr., 2010-03-05 You were not meant to walk alone Many of us struggle to forge deep relationships with God and other people Modern society has isolated us as rugged individuals deceiving us into thinking we can make it through life on our own Individualism has likewise shaped the pattern of Christian discipleship privatizing faith and separating us from fellow believers But we come to know God best when others help us on the way And our friendships develop best when we seek after God together What would it look like to pursue God not by ourselves but in the company of friends According to the model of the New Testament spiritual transformation takes place in the context of Christian community By unpacking the Gospel narratives of Jesus ministry with his disciples Richard Lamb demonstrates how discipleship develops within the shared community life of groups of Christians He explores a range of topics such as spiritual friendship hospitality leadership service conflict forgiveness and mission in light of Christian community Engaging stories from real life experience show how people can form one another spiritually when their lives are tumbled against one another If you long for more of God deeper friendships or both this book will help you on the journey Discover the transforming power of discipleship in community Join the pursuit of God in the company of friends

Sports and Play in Christian Theology

Philip Halstead, John Tucker, 2020-11-24 Sport is a major preoccupation of the modern world It consumes the time and energies of millions of people around the globe In fact for many participants it operates much like a functional equivalent of religion giving them a way to interpret and understand the world Sports stadiums are the cathedrals of our time Sports stars are the saints or demi gods through whom we access the transcendent Members of the sports media serve as religious scribes and sports fans are the worshipping faithful What is true of sport is also true more generally of play Nevertheless and quite remarkably Christian theologians and religious historians have been surprisingly slow to recognize the spiritual and cultural significance of sport and play or to engage in the study of these concepts This book attempts to redress that neglect by integrating sport and play with Christian faith and practice In Sports and Play in Christian Theology ten Christian scholars and practitioners explore sport and play from theological biblical historical and pastoral perspectives This rich collection of wide ranging reflections and focused case studies will help readers locate sport and play within Christian faith and practice
