Engineering as a Global Profession Michael Davis, 2021-09-21 While this book begins with the analysis of engineering as a profession it concentrates on a question that the last two decades seem to have made critical Is engineering one global profession like medicine or many national or regional professions like law While science and technology studies STS have increasingly taken an empirical turn much of STS research is unclear enough about the professional responsibility of engineers that STS still tends to avoid the subject leaving engineering ethics without the empirical research needed to teach it as a global profession The philosophy of technology has tended to do the same This book's intervention is to improve the way STS as well as the philosophy of technology approaches the study of engineering This is work in the philosophy of engineering and the attempt to understand engineering as a reasonable undertaking *Books in Print Supplement*, 2002

The Social Life of Financial Derivatives Edward LiPuma, 2017-10-19 In *The Social Life of Financial Derivatives* Edward LiPuma theorizes the profound social dimensions of derivatives markets and the processes rituals and belief systems that drive them In response to the 2008 financial crisis and drawing on his experience trading derivatives LiPuma outlines how they function as complex devices that organize speculative capital as well as the ways derivative driven capitalism not only produces the conditions for its own existence but also penetrates the fabric of everyday life Framing finance as a form of social life and highlighting the intrinsically social character of financial derivatives LiPuma deepens our understanding of derivatives so that we may someday use them to serve the public well being *Macroeconomics* Arthur O'Sullivan, Steven Sheffrin, Stephen Perez, 2010-12-27 **ALERT** Before you purchase check with your instructor or review your course syllabus to ensure that you select the correct ISBN Several versions of Pearson's MyLab check with the seller before completing your purchase Used or rental books If you rent or purchase a used book with an access code the access code may have been redeemed previously and you may have to purchase a new access code Access codes Access codes that are purchased from

Does God Make a Difference? Warren Nord, 2010-11-10 Most public schools avoid teaching their students about religion and university students must enroll in religious studies courses in order to learn about it Warren Nord shows that these practices are not religiously neutral in fact they border on secular indoctrination Nord uses an examination of textbooks to make a case for the study of religion in schools and universities and explains how such study came to be neglected He puts forward a number of arguments for taking religion seriously in the curriculum most importantly that a liberal education and critical thinking require it
