Het Transparante Huis:

The Clear Word Jack Blanco, 1996-06 This devotional paraphrase brings the thoughts expressed in the Bible into clear focus The result is that you find not only more understanding in reading the Bible but more joy Perfect for devotional reading this edition features an easier to use format

The Silent House Fergus Hume, 1903-01-01 Lucian Denzil was a briefless barrister who so far departed from the traditions of his brethren of the long robe as not to dwell within the purlieu of the Temple For certain private reasons not unconnected with economy he occupied rooms in Geneva Square Pimlico and for the purposes of his profession repaired daily from ten to four to Serjeant s Inn where he shared an office with a friend equally briefless and poor This state of things sounds hardly enviable but Lucian being young and independent to the extent of 300 a year was not dissatisfied with his position As his age was only twenty five there was ample time he thought to succeed in his profession and pending that desirable consummation he cultivated the muses on a little oatmeal after the fashion of his kind There have been lives less happily circumstanced Geneva Square was a kind of backwater of the great river of town life which swept past its entrance with speed and clamour without disturbing the peace within One long narrow street led from a roaring thoroughfare into a silent quadrangle of tall grey houses occupied by lodging house keepers city clerks and two or three artists who represented the Bohemian element of the place In the centre there was an oasis of green lawn surrounded by rusty iron railings the height of a man dotted with elms of considerable age and streaked with narrow paths of yellow gravel The surrounding houses represented an eminently respectable appearance with their immaculately clean steps white curtained windows and neat boxes of flowers The windows glittered like diamonds the door knobs and plates shone with a yellow lustre and there were no sticks or straws or waste paper lying about to mar the tidy look of the square With one exception Geneva Square was a pattern of all that was desirable in the way of cleanliness and order One might hope to find such a haven in some somnolent cathedral town but scarcely in the grimy smoky restless metropolis of London The exception to the notable spotlessness of the neighborhood was No 13 a house in the centre of the side opposite to the entrance Its windows were dusty and without blinds or curtains there were no flower boxes on the ledges the steps lacked whitewash and the iron railings looked rusty for want of paint Stray straws and scraps of paper found their way down the area where the cracked pavement was damp with green slime Such beggars as occasionally wandered into the square to the scandal of its inhabitants camped on the doorstep and the very door itself presented a battered dissolute appearance Yet for all its ill looks and disreputable suggestions those who dwelt in Geneva Square would not have seen it furbished up and occupied for any money They spoke about it in whispers with ostentatious tremblings and daunted looks for No 13 was supposed to be haunted and had been empty for over twenty years By reason of its legend its loneliness and grim appearance it was known as the Silent House and formed quite a feature of the place Murder had been done long ago in one of its empty dusty rooms and it was since then that the victim walked Lights said the ghost seers had been seen flitting from window to window groans

were sometimes heard and the apparition of a little old woman in brocaded silk and high heeled shoes appeared on occasions Hence the Silent House bore an uncanny reputation How much truth there was in these stories it is impossible to say but sure enough in spite of a low rental no tenant would take No 13 and face its ghostly terrors House and apparition and legend had become quite a tradition when the whole fantasy was ended in the summer of 95 by the unexpected occupation of the mansion Mr Mark Berwin a gentleman of mature age who came from nobody knew where rented No 13 and established himself therein to lead a strange and lonely life At first the gossips strong in ghostly tradition declared that the new tenant would not remain a week in the house but as the week extended into six months and Mr Berwin showed no signs of leaving they left off speaking of the ghost and took to discussing the man himself In a short space of time quite a collection of stories were told about the newcomer and his strange ways Lucian heard many of these tales from his landlady How Mr Berwin lived all alone in the Silent House without servant or companion how he spoke to none and admitted no one into the mansion how he appeared to have plenty of money and was frequently seen coming home more or less intoxicated and how Mrs Kebby the deaf charwoman who cleaned out Mr Berwin s rooms declined to sleep in the house because she considered that there was something wrong about her employer To such gossip Denzil paid little attention until his skein of life became unexpectedly entangled with that of the strange gentleman The manner of their meeting was unforeseen and peculiar One foggy November night Lucian returning from the theatre shortly after eleven o clock dismissed his hansom at the entrance to the square and walked thereinto through the thick mist trusting to find his way home by reason of two years familiarity with the precincts As it was impossible to see even the glare of the near gas lamp in the murky air Lucian felt his way cautiously along the railings The square was filled with fog dense to the eye and cold to the feel so that Lucian shivered with the chill in spite of the fur coat over his evening clothes As he edged gingerly along and thought longingly of the fire and supper awaiting him in his comfortable rooms he was startled by hearing a deep rich voice boom out almost at his feet To make the phenomenon still more remarkable the voice shaped itself into certain well known words of Shakespeare Oh boomed this vox et pr terea nihil in rather husky tones Oh that a man should put an enemy in his mouth to steal away his brains And then through the mist and darkness came the unmistakable sound of sobs

A Clear State of the Case of Elizabeth Canning Henry Fielding, 2020-12-08

In **A Clear State of the Case of Elizabeth Canning** Henry Fielding employs a blend of sharp satire and rigorous legal reasoning to dissect the infamous case of Elizabeth Canning a young woman who claimed to have been kidnapped and violently assaulted Written against the backdrop of early 18th century England a time riddled with public discourse on truth justice and the growing debate surrounding female agency Fielding s work showcases his adeptness at navigating the complexities of both legal and social commentary The text is marked by its clarity and persuasive prose reflecting Fielding s commitment to elucidating the often tangled webs of urban mystery and societal norms Fielding an influential novelist and playwright of the
