The Red Scare and McCarthyism

Background and Overview

The Red Scare refers to the fear of communism that permeated American politics, culture, and society from the late 1940s through the 1950s. This period was marked by widespread concerns over the potential influence of Communist ideas in the United States, largely fueled by the Cold War tensions with the Soviet Union.

Key Events and Effects

During the Red Scare, there was a significant increase in anti-communist sentiment. This led to a series of government actions against suspected communists and left-leaning individuals, including the Smith Act trials and the activities of the House Un-American Activities Committee (HUAC). The Red Scare had a profound impact on American society, leading to the blacklisting of

McCarthyism Brian Fitzgerald, 2007 Discusses fear of communism in the United States during the Cold War

McCarthyism Charles River Charles River Editors, 2015-08-05 Includes pictures Profiles the Alger Hiss case Includes testimony from HUAC hearings and McCarthy's hearings Includes quotes from McCarthy about his career Includes online resources and a bibliography for further reading Includes a table of contents In 1947 at the start of the Cold War President Truman tried to assure Americans who were worried about Communists in government that he was not worried about the Communist Party taking over the Government of the United States but I am against a person whose loyalty is not to the Government of the United States holding a Government job They are entirely different things I am not worried about this country ever going Communist We have too much sense for that Nonetheless shortly after World War II Congress House Committee on Un American Activities HUAC began investigating Americans across the country for suspected ties to Communism The most famous victims of these witch hunts were Hollywood actors such as Charlie Chaplin whose Un American activity was being neutral at the beginning of World War II but at the beginning of the Cold War many Americans had the Red Scare Among the people called before HUAC perhaps none are as controversial as Alger Hiss Hiss had graduated from Harvard Law after which he worked as a clerk for Supreme Court Justice Oliver Wendell Holmes worked in the Roosevelt administration for the Agricultural Adjustment Association and was Head of the Carnegie Endowment for International Peace That background didn't exactly sound like one held by a Soviet spy let alone a Communist but Elizabeth Bentley a former Communist notified the Committee about a suspected spy ring and named several names including Hiss More notably Hiss was also accused of being a Communist and Soviet spy by an admitted Communist Whittaker Chambers HUAC was well in decline by the time the 60s dawned a fact so obvious that HUAC actually tried to restore its reputation by changing its name to the Internal Security Committee in 1969 Nevertheless a few years later the committee's authority was rolled into the House Judiciary Committee's bringing to an end one of Congress most controversial chapters Another factor was the disrepute the Red Scare fell into because of the antics of Wisconsin Senator Joseph McCarthy McCarthy had made waves in 1950 by telling the Republican Women's Club in Wheeling West Virginia that he had a list of dozens of known Communists working in the State Department The political theater helped Senator McCarthy become the most prominent anti Communist crusader in the government and the Rosenberg case only further emboldened him McCarthy continued to claim he held evidence suggesting Communist infiltration throughout the government but anytime he was pressed to produce his evidence McCarthy would not name names Instead he'd accuse those who questioned his evidence of being Communists themselves McCarthy's rise made it possible for him to continue lobbying accusations against people but the Senator finally met his match when he went after the Army As chairman of the Senate Committee on Government Operations McCarthy summoned decorated World War II veterans and challenged their loyalty and when he openly suggested World War II hero

Brigadier General Ralph W Zwicker was a Communist during one hearing the military had enough In April 1954 the committee hearings were widely televised and Americans watched Army members demand that McCarthy name names and provide evidence The Army s legal representative Joseph Nye Welch repeatedly demanded that McCarthy produce the list of alleged Communists in the U S Army and railed at the Senator You ve done enough Have you no sense of decency sir At long last have you left no sense of decency McCarthy was publicly and permanently repudiated He would be censured by Congress and he would die just a few years later

Blacklisted by History M. Stanton Evans, 2009-11-24 Accused of creating a bogus Red Scare and smearing countless innocent victims in a five year reign of terror Senator Joseph McCarthy is universally remembered as a demagogue a bully and a liar History has judged him such a loathsome figure that even today a half century after his death his name remains synonymous with witch hunts But that conventional image is all wrong as veteran journalist and author M Stanton Evans reveals in this groundbreaking book The long awaited Blacklisted by History based on six years of intensive research dismantles the myths surrounding Joe McCarthy and his campaign to unmask Communists Soviet agents and flagrant loyalty risks working within the U S government Evans s revelations completely overturn our understanding of McCarthy McCarthyism and the Cold War Drawing on primary sources including never before published government records and FBI files as well as recent research gleaned from Soviet archives and intercepted transmissions between Moscow spymasters and their agents in the United States Evans presents irrefutable evidence of a relentless Communist drive to penetrate our government influence its policies and steal its secrets Most shocking of all he shows that U S officials supposedly guarding against this danger not only let it happen but actively covered up the penetration All of this was precisely as Joe McCarthy contended Blacklisted by History shows for instance that the FBI knew as early as 1942 that J Robert Oppenheimer the director of the atomic bomb project had been identified by Communist leaders as a party member that high level U S officials were warned that Alger Hiss was a Soviet spy almost a decade before the Hiss case became a public scandal that a cabal of White House Justice Department and State Department officials lied about and covered up the Amerasia spy case and that the State Department had been heavily penetrated by Communists and Soviet agents before McCarthy came on the scene Evans also shows that practically everything we ve been told about McCarthy is false including conventional treatment of the famous 1950 speech at Wheeling West Virginia that launched the McCarthy era I have here in my hand the Senate hearings that casually dismissed his charges the matter of leading McCarthy suspect Owen Lattimore the Annie Lee Moss case the Army McCarthy hearings and much more In the end Senator McCarthy was censured by his colleagues and condemned by the press and historians But as Evans writes The real Joe McCarthy has vanished into the mists of fable and recycled error so that it takes the equivalent of a dragnet search to find him Blacklisted by History provides the first accurate account of what McCarthy did and more broadly what happened to America during the Cold War It is a revealing expos of the forces that distorted our national policy in that conflict and our

understanding of its history since *McCarthyism and the Red Scare* William T. Walker, 2011-03-03 This book is a must read for anyone studying and researching the rise and fall of Senator Joseph R McCarthy and McCarthyism in American political life Intolerance in America that targets alleged internal subversives controlled by external agents has a storied history that stretches hundreds of years While the post World War II Red Scare and the emergence of McCarthyism during the 1950s is the era commonly associated with American anticommunism there was also a First Red Scare that occurred in 1919 1920 In both time periods many Americans feared the radicalism of the left and some of the most outspoken like McCarthy used slander to denounce their political enemies The result was an atmosphere in which individual rights and liberties were at risk and hysteria prevailed McCarthyism and the Red Scare A Reference Guide tracks the rise and fall of Senator Joe McCarthy and the broad pursuit of domestic Red subversives in the post World War II years and focuses on how American society responded to real and perceived threats from the left during the first decade of the Cold War **The McCarthy Hearings** Nick Rebman, 2025-01-01 This book explores the McCarthy hearings providing an engaging overview of how these Cold War era hearings unfolded and the legacy they left behind Short paragraphs provide easy to read text while vivid photographs make each book engaging and accessible **McCarthy and the Fear of Communism in American History** Karen Zeinert, 1998 Karen Zeinert follows the rise and fall of McCarthyism and anti Communist hysteria from its roots in American Russian relations of the early twentieth century through the Bolshevik Revolution and the American reaction the witch hunt atmosphere of the Cold War She shows how the fearful climate of the post World War II years helped sustain the anti Communist movement despite its often awful tactics The book also examines how the age of McCarthy finally came to an end as the perceived threat of communism began to fade with the decline of the Soviet Union McCarthyism and the Communist Threat Kevin Hillstrom, 2011 Provides a detailed account of Senator Joseph McCarthy and his anti Communist witch hunts of the 1950s Also explores the how the McCarthy era shaped the trajectory of American politics and culture for decades to come Includes a narrative overview biographical profiles primary source documents and other helpful features The Logic of Persecution Martin H. Redish, 2005 This book provides an exploration of the intersection between the McCarthy Era and the theory of free expression as well as the implications of that intersection for both historical and constitutional inquiry **The McCarthy Era** Kathleen Tracy, 2020-02-04 Discusses the era of Joseph McCarthy a politician who was obsessed with finding communists within the U S and who persecuted thousands of Americans careers and lives with his unfounded public accusations The Impact of McCarthyism within the United States Government Hon Opande Imelda, 2018-03-13 Essay aus dem Jahr 2018 im Fachbereich Geschichte Amerika Sprache Deutsch Abstract After World War II the Soviet Union and the United States spread two different economic ideologies that were aimed at increasing their power across the globe The United States was used to controlling the globe s economy The move by the Soviet Union to spread communism was seen as direct competition The fear of communism had been spread during the Red Scare period making

Americans to fear the infiltration of the country by communists During the 1950s Joseph McCarthy who was then the Wisconsin senator led a purge to expose those who were considered domestic communist and their sympathizers The senator used wild allegations to show that there were communists inside the American government who were working from within to take it down McCarthyism had wide effect on America especially within the government McCarthyism led to increased suspicions and fear within the government abolition of the communist party and increased tension between America and communist allied nations The so-called 'Red Scare' as McCarthyism Patricia Schneider,2014-08-02 Essay from the year 2010 in the subject Didactics for the subject English Applied Geography grade 13 University of Ulster language English abstract February 9 1950 Wheeling West Virginia Joseph R McCarthy senator of Wisconsin gives a speech at a meeting of the Republican Women's Club claiming that he owns a list of 205 names of members of the Communist party who are employed in the State Department Although the number of the names changes with the place where the speech is given the press is electrified by his claims and the senator soon personifies American anti Communism In order to explain the circumstances under which it was possible to persecute and harass American citizens in the way McCarthy did after his speech had been successful a closer look at the decades previous to McCarthy's appearance is necessary Therefore this essay will first focus on the Red Scare of 1919-20 since it can serve both as an analogy and a legacy for the events to come Afterwards the little red scare of the thirties will be examined since anti Communist sentiments aroused again under Franklin D Roosevelt's New Deal programme During the little red scare anti Communism was rather a domestic issue Therefore it could easily be ended by the 2nd World War since foreign affairs dominated American politics then However the following section will focus on the aftermath of the 2nd World War since several events in America's foreign policy transferred the anti Communist sentiments to being international concerns Thus the years directly preceding McCarthy's speech will be examined in detail Particular attention will be paid to McCarthy himself and the reasons for his success Finally the essay will conclude by answering the question whether or not it is accurate to describe the so called Red Scare as McCarthyism McCarthyism and the Red Scare Heather C. Hudak,2017-08-31 Politically and socially the decade from 1947 to 1956 marked an era of repression and fear McCarthyism was a practice named for the blustery U S Senator Joseph McCarthy Known for his reckless and unsubstantiated accusations he led a campaign to root out real and imagined subversives in American society Packed with enlightening primary and secondary source material McCarthyism and the Red Scare examines topical issues to help readers think critically about such concepts as freedom Constitutional rights blacklisting and personal and state ideology

McCarthy's Americans M. J. Heale,1998 Was the communist witch hunt unleashed by Senator Joe McCarthy an aberration or has red scare politics been an intrinsic part of American political life since the 1930s Was McCarthyism a populist or an elitist phenomenon Was Senator McCarthy virtually irrelevant to the phenomenon McCarthy's Americans shows that some of the contending interpretations of McCarthyism are mutually compatible and reveals the importance of

pressures usually overlooked M J Heale s deeply probing study of McCarthy s hinterland in the American states demonstrates that what is usually called McCarthyism was part of a political cycle that emerged in the 1930s and took two decades to run its course Heale also argues that much of the red scare dynamic came from the big cities and the white South It was here that a range of interests exhibiting a fundamentalist fury with the changing times that the political order had fashioned during the New Deal years rested on fragile foundations Defying the consensus liberalism of the 1950s McCarthy and more important the many little McCarthys in the states kept alive a brand of right wing politics preparing the way for George Wallace in the 1960s and the revitalized conservatism of Richard Nixon in the 1970s and Ronald Reagan in the 1980s
