

Making Spidey's Eyes:

Dig out one of the horizontal bands in the head area.

Loop 2 gray bands into the horizontal band

Tie the loops of the gray bands with red bands

Loop the red bands into the bands on the side of the head

Loop the red bands onto the back of the head and secure with the C-clip (used to secure the end loops)

Fine tune the shape of the "eyes" with tweezers.

If the above procedure is too complicated for you, just cut out the eyes from "foamies" and glue them to your project.

Happy Looming!
