**Beyond the Lines** Sarah E. Parkinson, 2023-01-15 Beyond the Lines explores the social underpinnings of rebel adaptation and resilience How do rebel groups cope with crises such as repression displacement and

fragmentation What explains changes in militant organizations structures and behaviors over time Drawing on nearly two years of ethnographic research Sarah E Parkinson traces shifts in Palestinian militant groups internal structures and practices during the civil war of 1975 to 1990 and foreign occupations of Lebanon She shows that most militants approach asymmetrical warfare as a series of challenges centered around information and logistics characterized by problems such as supplying constantly mobile forces identifying collaborators disrupting rival belligerents operations and providing essential services like healthcare Effective negotiation of these challenges contributes to militant organizations resilience and survival In this context the foundation of rebel resilience lies with militants ability to repurpose their everyday social networks to organizational ends In the Lebanese setting Beyond the Lines demonstrates how regionalized differences in Israeli Syrian and Lebanese deployment of violence triggered distinct social network responses that led to divergent organizational outcomes for Palestinian militants **Creative Advertising Concept and Copy** Georgia-Zozeta Miliopoulou,2024-04-08

Considering perspectives on creative advertising through a unique media and communications lens this book encompasses both the theory and practical tools needed to approach and understand creativity in advertising with an original eye Drawing from diverse subject areas including Social Anthropology Narrative Theory Consumer Psychology Semiotics and Cultural Studies Creative Advertising Concept and Copy provides a solid grounding in advertising education away from the traditional business and marketing literature Notwithstanding the need for independent inspiration and originality the author guides readers through the entire process of campaign planning moving from strategy to creative idea to finished piece whilst employing concepts and principles relevant to design thinking Taking into account ethics and regulations the use of text and images and storytelling across radio TV and video platforms readers will come to a holistic understanding of what advertising can and cannot do and how to achieve the best results Written for students involved in creative advertising as an area of academic research and professional practice this book will also be of interest to early career advertising professionals seeking a fresh perspective on their work Social Network Analysis John Scott,2012-11-19 The Third Edition of this best selling text has been fully revised and updated to include coverage of the many developments on social network analysis SNA over the last decade Written in a clear and accessible style the book introduces these topics to newcomers and non specialists and gives sufficient detail for more advanced users of social network analysis Throughout the book key ideas are discussed in relation to the principal software programs available for SNA The book provides a comprehensive overview of the field outlining both its theoretical basis and its key techniques Drawing from the core ideas of points lines and paths John Scott builds a framework of network analysis that covers such measures as density centrality clustering centralisation and spatialisation He identifies the various types of clique component and circle into which networks are formed and he outlines an approach to socially structured positions within networks A completely new chapter in this edition discusses recent work on network dynamics and methods for studying change over time A final chapter discusses approaches to network
