Identity Change And Foreign Policy Japan And Its Others:

Identity Change and Foreign Policy Linus Hagstrom, 2015-10-05 Identity has become an explicit focus of International Relations theory in the past two to three decades with one case attracting and puzzling many early identity scholars Japan These constructivist scholars typically ascribed Japan a pacifist or antimilitarist identity an identity which they believed was constructed through the adherence to peaceful norms and antimilitarist culture Due to the alleged resilience of such adherences little change in Japan's identity and its international relations was predicted However in recent years Japan's foreign and security policies have begun to change in spite of these seemingly stable norms and culture This book seeks to address these changes through a pioneering engagement with recent developments in identity theory In particular most chapters theorize identity as a product of processes of differentiation Through detailed case analysis they argue that Japan's identity is produced and reproduced but also transformed through the drawing of boundaries between self and other In particular they stress the role of emotions and identity entrepreneurs as catalysts for identity change With the current balance between resilience and change contributors emphasize that more drastic foreign and security policy transformations might loom just beyond the horizon This book was originally published as a special issue of *The Pacific Review* Identity

Change and Foreign Policy Linus Hagstrom, 2015-10-05 Identity has become an explicit focus of International Relations theory in the past two to three decades with one case attracting and puzzling many early identity scholars Japan These constructivist scholars typically ascribed Japan a pacifist or antimilitarist identity an identity which they believed was constructed through the adherence to peaceful norms and antimilitarist culture Due to the alleged resilience of such adherences little change in Japan's identity and its international relations was predicted However in recent years Japan's foreign and security policies have begun to change in spite of these seemingly stable norms and culture This book seeks to address these changes through a pioneering engagement with recent developments in identity theory In particular most chapters theorize identity as a product of processes of differentiation Through detailed case analysis they argue that Japan's identity is produced and reproduced but also transformed through the drawing of boundaries between self and other In particular they stress the role of emotions and identity entrepreneurs as catalysts for identity change With the current balance between resilience and change contributors emphasize that more drastic foreign and security policy transformations might loom just beyond the horizon This book was originally published as a special issue of *The Pacific Review* **Memory**

Sites and Conflict Dynamics Karina V. Korostelina, 2024-10-21 This book explores the ways in which memory sites contribute to the dynamics of identity based conflicts fueling fears and sharpening divisions or promoting commonalities and reducing violence Through an analysis of the dynamics of identity based conflicts the book shows how memory sites become intertwined with the transformations of social boundaries and perceptions of relative deprivation outgroup threat collective axiology and power relations It posits that these two sets of factors the functioning of collective memory as an ideological

construct and the transformation of conflictual social relations define the role and influence of memory sites in the dynamics of identity based conflicts Through multiple case studies representing different dynamics dealing with fascist and communist pasts in Italy post colonial relations between South Korea and Japan ethnic conflict in Kosovo and tribal acknowledgment for Native American Nations the book discusses how memory sites contribute to competition over ownership fights for legitimacy claims of entitlements and negative portrayals of the Other In doing so it outlines four major functions of memory sites enhancing ascribing interacting and legitimizing and shows how they contribute to and shape the structure and dynamics of conflict Concentrating on the linkages between memory sites violence prevention and reconciliation the book proposes solutions for promoting peace including the focus on plurality of heritage recognition of fluidity of meanings and resistance to singular interpretations and manipulations by identity entrepreneurs This volume will be of much interest to students of peace and conflict studies memory studies and International Relations in general

The SAGE Handbook of Asian Foreign Policy Takashi Inoguchi, 2021-08-04 Comprising 60 3 percent of the world s 7 2 billion population Asia is an enigma to many in the West Hugely dynamic in its demographic economic technological and financial development its changes are as rapid as they are diverse The SAGE Handbook of Asian Foreign Policy provides the reader with a clear balanced and comprehensive overview on Asia s foreign policy and accompanying theoretical trends Placing the diverse and dynamic substance of Asia s international relations first and bringing together an authoritative assembly of contributors from across the world this is a reliable introduction to non Western intellectual traditions in Asia VOLUME 1 PART 1 Theories PART 2 Themes PART 3 Transnational Politics PART 4 Domestic Politics PART 5 Transnational Economics VOLUME 2 PART 6 Foreign Policies of Asian States Part 6a East Asia Part 6b Southeast Asia Part 6c South Central Asia Part 7 Offshore Actors Part 8 Bilateral Issues Part 9 Comparison of Asian Sub Regions

The Ascendancy of Regional Powers in Contemporary US-China Relations Kari Roberts, Saira Bano, 2023-10-14 Great power competition is back on the world stage and today s international system is home to regional influences on great power relations that cannot be ignored The United States unipolar moment is long over and China s hegemonic ambitions find expression in a comprehensive global competition with the US that plays out across multiple spheres of world politics The US China rivalry can be felt in geostrategic economic governance diplomacy intelligence and technological spheres to name a few Most accounts of China US relations in the context of great power conflict emphasize the many ways in which this rivalry has a ripple effect across the globe with an impact upon the relations and interests of smaller powers And while these effects are considerable and important this book contends that attention must also be paid to the ways in which smaller regional states have the potential to shape this great power rivalry Put simply great powers both shape and are shaped by smaller states Any understanding of contemporary great power relations between the US and China requires both a top down but also a bottom up consideration of the interplay between great powers and regional ones Often the interests of regional powers are rooted in domestic

considerations such as their identities and national interests and these influences transcend borders and often have an impact upon the great powers This book considers these smaller regional actors and attempts to measure the extent to which they influence the US China rivalry For this study constructivist theory which prioritizes the agency that regional powers enjoy is loosely used as a tool to enable a more robust and comprehensive understanding of the influences on the contemporary great power relationship Each of the book's chapters represents a region or part of a region that enjoys a considerable impact upon US China relations

Japan's National Identity and Foreign Policy Alexander Bukh, 2010-10-18 In Japan's National Identity and Foreign Policy Alexander Bukh focuses on the construction of the Japanese self using Russia as the other examining the history of bilateral relations and comparisons between the Russian and Japanese national character

Value Politics in Japan and Europe François Foret, Airo Hino, 2021-12-24 This book explains the increasing importance of value politics in Europe and Japan shedding light on various arenas social values parties elections and politics public action private sector and law identity politics and religion media and public spheres It analyses how against different but commensurable backgrounds the rise of value politics alters or not the political game for which purposes and with which effects Applying both qualitative and quantitative methods from a wide range of primary and secondary sources the comparison is organized by joining skills from experts of Japan and Europe and by systematizing a common analytical framework for the two cases As such it presents a revealing and unique analysis of the changing relationship between values and political behaviour in the two polities Beyond the comparison it also documents the opportunities and challenges underlying the interactions between Europe Japan and the rest of the world and the competition combination between different versions of modernity This book is of key interest to scholars and students of European studies and politics Asian politics studies Japanese studies politics and more broadly to comparative politics sociology cultural media studies and economics

The Realities of Autonomous Weapons Thomas Christian Bächle, Jascha Bareis, 2025-05-19 Available open access digitally under CC BY NC ND licence The realities of autonomous weapons are a complex blend of both existing military technologies and visions of their future capabilities The expected ramifications are profound and always point to the interplay between fact and fiction actual developments and creative imagination This book explores how these realities shape and become themselves shaped by popular culture regulatory and ethics debates military doctrines policies and research It examines phenomena ranging from film and artistic interpretations to warfare scenarios and weaponized artificial intelligence Intended for researchers including the disciplines of political and social sciences media culture and technology policy makers educators and journalists this is a key resource that uncovers how autonomous weapons are constructed as both a technological reality and a futuristic possibility

National Identity and Japanese Revisionism Michal Kolmas, 2018-09-17 Over the course of the twentieth century Japan has experienced a radical shift in its self perception After World War II Japan embraced a peaceful and anti militarist identity which was based on its war

prohibiting Constitution and the foreign policy of the Yoshida doctrine For most of the twentieth century this identity was unusually stable In the last couple of decades however Japan s self perception and foreign policy seem to have changed Tokyo has conducted a number of foreign policy actions as well as symbolic internal gestures that would have been unthinkable a few decades ago and that symbolize a new and more confident Japan Japanese politicians including Prime Minister Abe Shinz have adopted a new discourse depicting pacifism as a hindrance rather than asset to Japan s foreign policy Does that mean that Japan is back In order to better understand the dynamics of contemporary Japan Kolma joins up the dots between national identity theory and Japanese revisionism The book shows that while political elites and a portion of the Japanese public call for re articulation of Japan s peaceful identity there are still societal and institutional forces that prevent this change from entirely materializing

Identity, Culture, and Chinese Foreign Policy Kangkyu

Lee,2020-11-29 This book assesses the role of identity and Chinese face culture in Chinese foreign policy by analyzing China s political and economic retaliation against South Korea s deployment of the THAAD Terminal High Altitude Area Defense system on its soil By examining the history and military action of China Japan and North and South Korea the book argues that China s divergent responses were caused by different expectations according to whether states had a perceived identity as a friend or a rival The author demonstrates that Chinese face culture shapes China s reaction to others through three dynamics of seeking saving and losing face This book shows how identity and culture have worked in the relationship between China and neighboring countries through three case studies exploring North Korea s Taepodong 2 missile launch and first nuclear test in 2006 South Korea s decision to allow the United States to deploy the THAAD around 2016 and Japan s decision to deploy two U S X band radars in 2005 and 2014 A timely analysis of the importance of identity and culture in international relations the book will be of interest to scholars of Chinese foreign policy Sino South Korean relations Sino North Korean relations Sino Japanese relations Korean Politics Asian Politics and International Relations

Rethinking Japan's Identity and International Role Susanne Klien,2018-10-24 This paper presents a study of Japan s international role with a special focus on its historical evolution To that end the following three pillars lay the necessary theoretical foundations one the notions of historical and political identity and a discussion of the ambivalent shapes they have taken in Japan two the regional context an examination of Japan s situation with respect to Asian history as a whole and finally the civilian power concept as defined by Hanns W Maull

Domestic Role Contestation, Foreign Policy, and International Relations Cristian Cantir,Juliet Kaarbo,2016-04-28 Despite the increase in the number of studies in international relations using concepts from a role theory perspective scholarship continues to assume that a state s own expectations of what role it should play on the world stage is shared among domestic political actors Cristian Cantir and Juliet Kaarbo have gathered a leading team of internationally distinguished international relations scholars to draw on decades of research in foreign policy analysis to explore points of internal contestation of national role conceptions NRCs and the effects and outcomes of

contestation between domestic political actors Nine detailed comparative case studies have been selected for the purpose of theoretical exploration with an eye to illustrating the relevance of role contestation in a diversity of settings including variation in period geographic area unit of analysis and aspects of the domestic political process This edited book includes a number of pioneering insights into how the domestic political process can have a crucial effect on how a country behaves at the global level

Contested Memories in Chinese and Japanese Foreign Policy Matteo Dian, 2017-01-10 *Contested Memories in Chinese and Japanese Foreign Policy* explores the issue of memory and lack of reconciliation in East Asia As main East Asian nations have never achieved a common memory of their pasts in particular the events of the Second World War and Sino Japanese War this book locates the issue of memory within International Relations theory exploring the theoretical and practical link between the construction of a country's identity and the formation and contestation of its historical memory and foreign policy Provides an innovative theoretical framework Draws connections between the role of memory and foreign policy Uses the interpretative theory of international relations Gives comparative perspective using the cases of China and Japan Presents in depth analysis of the construction and contestation of national memory in China and Japan

Environmental Change and Foreign Policy Paul G. Harris, 2009-06-03 Introduces the concepts and theories of environmental foreign policy and explores how countries have approached different issues to examine the role of foreign policy politics in protecting the environment

Perceived Threats in Turkish Politics Taha Baran, 2023-07-20 This book presents a deep dive into the interconnectedness of national identity political rhetoric and security concerns within contemporary Turkey's context This valuable analysis reveals how the nation's policy making and nationalism are shaped by perceived threats both within and beyond Turkey's borders The book meticulously unpacks the security nationalism paradigm offering a unique insight into the mechanisms that drive Turkish politics Catering to scholars students and enthusiasts of political science international relations and Turkish studies the book is particularly relevant for those seeking to understand the dynamics of security politics in a nationalistic context Its focus on Turkey a significant player in global politics also offers a regional perspective that will engage local readers as well as those interested in geopolitics Exploring major themes such as identity nationalism and security the book offers an enriching discourse for those interested in politics and international relations

International Relations of East Asia Xiaoming Huang, 2019-12-28 East Asia's rapidly changing role in international security the global economy development and global governance are expertly accounted for in this much needed state of the art text Xiaoming Huang offers an engaging and informed account of the key concepts issues and actors working in this area Ranging from the region's history to culture and a comparative assessment of the region's states this text is informed throughout by a compelling theoretical framework In so doing it unpicks the often complex relationships both at the domestic level and externally Only with this understanding is it possible to make sense of the region's complex relationships both internally and externally Structured around key concepts in international relations of war and peace

economic development and increased contemporary security threats this text offers an empirically rich engaging account of the changing fortunes of East Asia **Democratization, National Identity and Foreign Policy in Asia** Gilbert

Rozman,2021-04-20 How can democratization move forward in an era of populist nationalist backlash Many countries in Asia and elsewhere face the challenge of navigating between China and the United States in a period of intensifying polarization in their policies tied to democracy East Asia has shown the way to democratization in Asia with Japan South Korea and Taiwan linking national identity to democratization In other parts of Asia especially Southeast Asia nationalist governments have tended to move away from democratization as happened in Hong Kong at China s insistence This book investigates how national identity can both help and hinder democratization illustrated by a series of examples from across Asia A valuable guide for students and scholars both of democratization and of Asian politics **Japanese Diplomacy** H. D. P.

Envall,2015-02-17 Groundbreaking study demonstrating how Japan s leaders play an important role in diplomacy A political leader is most often a nation s most high profile foreign policy figure its chief diplomat But how do individual leadership styles personalities perceptions or beliefs shape diplomacy In Japanese Diplomacy the question of what role leadership plays in diplomacy is applied to Japan a country where the individual is often viewed as being at the mercy of the group and where prime ministers have been largely thought of as reactive and weak In challenging earlier simplified ideas of Japanese political leadership H D P Envall argues that Japan s leaders from early Cold War figures such as Yoshida Shigeru to the charismatic and innovative Koizumi Jun ichir to the present leadership of Abe Shinz have pursued leadership strategies of varying coherence and rationality often independent of their political environment He also finds that different Japanese leaders have shaped Japanese diplomacy in some important and underappreciated ways In certain environments individual difference has played a significant role in determining Japan s diplomacy both in terms of the country s strategic identity and summit diplomacy What emerges from Japanese Diplomacy therefore is a more nuanced overall picture of Japanese leadership in foreign affairs **Asia Pacific Security - Values and Identity** Leszek Buszynski,2004-03-18 The main theme of this book

is that security is not just about defence from external attack but embraces the protection of identity and values which cultures regard as important and which they may regard as worth fighting for It examines Asia Pacific security from the perspective of the values and identities of the major actors in the region China Japan the Koreas and the USA **Identity,**

Trust, and Reconciliation in East Asia Kevin P Clements,2017-10-10 This edited collection explores how East Asia s painful history continues to haunt the relationships between its countries and peoples Through a largely social psychological and constructivist lens the authors examine the ways in which historical memory and unmet identity needs generates mutual suspicion xenophobic nationalism and tensions in the bilateral and trilateral relationships within the region This text not only addresses some of the domestic drivers of Japanese Chinese and South Korean foreign policy and the implications of increasingly autocratic rule in all three countries but also analyses the way in which new security mechanisms and processes

advancing trust confidence and reconciliation can replace those generating mistrust antagonism and insecurity

Whispering the Techniques of Language: An Psychological Journey through **Identity Change And Foreign Policy Japan And Its Others**

In a digitally-driven earth where screens reign supreme and instant transmission drowns out the subtleties of language, the profound secrets and emotional subtleties hidden within phrases often get unheard. Identity Change And Foreign Policy Japan And Its Others Introduction

In the digital age, access to information has become easier than ever before. The ability to download Identity Change And Foreign Policy Japan And Its Others has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Identity Change And Foreign Policy Japan And Its Others has opened up a world of possibilities. Downloading Identity Change And Foreign Policy Japan And Its Others provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Identity Change And Foreign Policy Japan And Its Others has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Identity Change And Foreign Policy Japan And Its Others. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Identity Change And Foreign Policy Japan And Its Others. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of

authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Identity Change And Foreign Policy Japan And Its Others, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Identity Change And Foreign Policy Japan And Its Others has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Identity Change And Foreign Policy Japan And Its Others Books
