Negotiating Masculinity and Identity as a Jewish British Male Anthony J. S. Nicholls, 2023-08-26 In this book Dr Anthony Nicholls uses a series of in depth interviews to investigate how young Jews talk about their Jewishness Britishness and masculinity From his analysis he argues that Jewishness is constructed between adherence to halachic requirement on one hand and Jewishness experienced as cultural affinity to history family and tradition without recourse to halacha on the other hand He further argues that Britishness is experienced between varying degrees of nationalistic localism against cosmopolitan liberalism played out against a backdrop of Britain contrasted with the rest of the world and also London against the rest of Britain Nicholls rejects the view that masculinity is constructed in the inherently unstable terms of physicality against intellectualism Instead he argues that it is better considered as lying in a range between competitive hegemonic masculinity and a cooperative model with which physicality and intellectualism combine to produce a more stable and emotionally satisfying mode of living
