The First Step

The Big Book of Alcoholics Anonymous never tells us directly how to make the first two steps. In the portion of "How to Work" read in many meetings, we hear "Our description of the alcoholic, the chapter on the agonies, and our personal experiences before and after make clear three pertinent steps. That we were alcoholics and could not manage our own lives, that probably no human power could have released us of our alcoholism, and that God could and would if He were sought." (Pages 58-60)

What is not read in the sentences which follow: "Many continued, we were at Step Three." "Convinced of what? "Convinced of three three pertinent steps." And how do we get convinced? We read the description of the alcoholic, the chapter on the agonies, and the personal experiences before and after. They are specifically designed to make these three steps clear. In the original manuscript, it said that if we were not convinced, we ought to repeat the book to this point or else throw it away." So we compare our experiences, the way we thought, felt, and drank (or used) with the experiences of the people described in the book, that is how we take steps one and two. This may create a problem for the modern reader. The English of today is significantly different from that of 1934 when this book was published. If you have ever tried to read Shakespeare, you are perhaps aware of the effect this may have upon language. Going through the Big Book in the way described here should help you overcome the language problem, and give you an understanding of the Big Book which is reflected in your own experience. You will begin to see the Big Book in a new light, and perhaps it will have read meaning in your own life today.

Much of this workbook consists of statements from the Big Book which have been turned into questions. The book is helpful in view the book in this light rather than as a book of answers. The answers you will find only in your own experience, and within your own heart. For the sake of clarity, some questions are paraphrased rather than directly quoted. As you go through and answer these questions avoid "one word" answers. If there is something you relate to, describe it, and ask yourself "what was my experience with this?" "Did this happen to me?" "Did I feel like this?" "How was this?" or "Doesn't this fit?" This is not a "homework assignment" where we try to get through it as quickly as we can with a minimum effort. If you are really an alcoholic, or a drug addict, having an understanding of the first step means the difference between life and death. This workbook is set up to be used by alcoholics and drug addicts. However, others, of us though, we were only alcoholics or only addicts, and later discovered we were both. We ask you only to try to keep an open mind.

This workbook is not meant to replace the Big Book of Alcoholics Anonymous. It is meant to be used along with it. Read through the book as you answer each question. The authors hope you will find the way of working the steps as enlightening as we have. Because of the difficulty all of us have had in keeping an open mind, we begin with this prayer:

"The God Above Prayer"

"God please let aside everything I think I know about myself, recovery,
Now and the Twelve Steps; that I might have an open mind"
