## **Idyl Work Lucy Larcom:**

An Idyl of Work. by Lucy Larcom Lucy Larcom, 2004-01-01      *An Idyl of Work* Lucy Larcom, 1875 Story in verse of women's factory life in Lowell Mass about 1845      *Who Killed American Poetry?* Karen L. Kilcup, 2019-10-25 Throughout the 19th century American poetry was a profoundly populist literary form. It circulated in New England magazines and Southern newspapers; it was read aloud in taverns, homes, and schools across the country. Antebellum reviewers envisioned poetry as the touchstone democratic genre, and their Civil War era counterparts celebrated its motivating power: singing poems on battlefields. Following the war, however, as criticism grew more professionalized and American literature emerged as an academic subject, reviewers increasingly elevated difficult, dispassionate writing and elite readers over their supposedly common counterparts, thereby separating authentic poetry for intellectuals from popular poetry for everyone else. Conceptually and methodologically unique among studies of 19th century American poetry, *Who Killed American Poetry?* not only charts changing attitudes toward American poetry but also applies these ideas to the work of representative individual poets. Closely analyzing hundreds of reviews and critical essays, Karen L. Kilcup tracks the century's developing aesthetic standards and highlights the different criteria reviewers used to assess poetry based on poets' class, gender, ethnicity, and location. She shows that as early as the 1820s, critics began to marginalize some kinds of emotional American poetry, a shift many scholars have attributed primarily to the late century emergence of affectively restrained modernist ideals. Mapping this literary critical history enables us to more readily apprehend poetry's status in American culture both in the past and present and encourages us to scrutinize the standards of academic criticism that underwrite contemporary aesthetics and continue to constrain poetry's appeal. *Who Killed American Poetry?* enlarges our understanding of American culture over the past two hundred years and will interest scholars in literary studies, historical poetics, American studies, gender studies, canon criticism, genre studies, the history of criticism, and affect studies. It will also appeal to poetry readers and those who enjoy reading about American cultural history.      American Women Poets of the Nineteenth Century Cheryl Walker, 1992 This publication marks the first time in a hundred years that a wide range of nineteenth century American women's poetry has been accessible to the general public in a single volume. Included are the humorous parodies of Phoebe Cary and Mary Weston Fordham and the stirring abolitionist poems of Lydia Sigourney, Frances Harper, Maria Lowell, and Rose Terry Cooke. Included too are haunting reflections on madness, drug use, and suicide of women whose lives, as Cheryl Walker explains, were often as melodramatic as the poems they composed and published. In addition to works by more than two dozen poets, the anthology includes ample headnotes about each author's life and a brief critical evaluation of her work. Walker's introduction to the volume provides valuable contextual material to help readers understand the cultural background, economic necessities, literary conventions, and personal dynamics that governed women's poetic production in the nineteenth century.      **The Publishers Weekly**, 1875      *Working Women, Literary Ladies* Sylvia J. Cook, 2008-01-30 This book explores the

simultaneous entry of working class women in the United States into wage earning factory labor and into opportunities for mental and literary development It traces the hopes and tensions generated by expectations of their gender and class from the first New England operatives in the early nineteenth century to immigrant sweatshop workers in the early twentieth

Slavery, Capitalism, and Women's Literature Kristin Allukian, 2023-08 With Slavery Capitalism and Women's Literature Kristin Allukian makes an important contribution to slavery and capitalism scholarship by including the voices of some of the best known nineteenth century American women writers Women's literature offers crucial and previously unconsidered economic insights into the relationship between slavery and capitalism different from those we typically find in economics and economic histories Allukian demonstrates that because women's imaginative and creative texts take the material historical connection of slavery and capitalism as their starting point they can be read for the more speculative extensions of that connection extensions not possible to discover on a material historical level Indeed Allukian contends these authors and texts disclose unique economic insights critiques and theories in ways that are only possible through literary writing The writers featured in this study Harriet Beecher Stowe Lucy Larcom Harriet Jacobs and Frances Ellen Watkins Harper published written accounts of the continuities between slavery and capitalism including between language and activism accounting and sentimentalism labor and technology race and property and inheritance and reparations Their essays novels poems and autobiographies provided forums to document data stimulate debate generate resistance and imagine alternatives to the United States developing capitalist economy engined and engineered by slavery Without their unique economic insights the national narrative we tell about the relationship between slavery and capitalism is incomplete Aspirations and Anxieties David A. Zonderman, 1992-01-02 Aspirations and Anxieties is a working class intellectual history of early factory operatives in antebellum New England The book focuses on the operatives perceptions of technological and socio economic changes in the mechanized workplace The study uncovers a complex debate over many facets of the factory system the machines and factory buildings wages and hours relations between managers and workers and the content and character of protest Finally the book argues that the roots of this debate lie in the struggle to define the meaning of work itself in a period of profound social change A Good Poor Man's Wife Claudia L. Bushman, 1998 The dramatic saga of a remarkable woman who was deeply involved in the political culture of her time *In Her Own Image* Elaine Hedges, Ingrid Wendt, 1980 The work of Western women artists past and present is collected here in a stunning array of forms fiction poetry autobiography essay journal and letter writing sculpture painting graphics photography ceramics needlework music and dance The unique experience of women artists from diverse national ethnic racial and economic backgrounds is explored from their own viewpoints as are the relationships between women's social condition and women's art Poetical Works Bret Harte, 1883 **Publishers' Weekly**, 1875 **American Women Writers of the 19th Century** Heidi M. Hanrahan, 2025-04-03 The nineteenth century was a period of prolific literary production from women writers including

figures such as Louisa May Alcott Harriet Jacobs and Zitkala a who played pivotal roles in American literary history Despite facing societal forces aimed at silencing them women writers found ways to assert their voices and contribute to the intellectual and political debates of the era Their works contribute to conversations on a wide range of topics including art gender social reform slavery abolition economic and social inequality national expansion Native American dispossession and the changing identity of the nation Both retrospective and forward looking their written works found diverse audiences of men women and children This book functions as a comprehensive guide to understanding the breadth of nineteenth century women s writing exploring not only the writers and their texts but also the literary periods genres and key cultural historical and social movements that shaped their works By examining these authors impact on American literary traditions and their role in cultural discourse it highlights the lasting relevance of their work in both historical and contemporary contexts

**From Beacon Hill to the Crystal Palace** Lorenza Stevens Berbineau, 2005-04 Annotation An extraordinary recovered text Kilcup brings Lorenza Berbineau before readers as a woman domestic servant traveler and diarist thereby advancing our understanding of all four variables in American cultural studies more broadly Phyllis Cole author of *Mary Moody Emerson and the Origins of Transcendentalism A Family History* Because prior studies of American women s travel writing have focused exclusively on middle class and wealthy travelers it has been difficult to assess the genre and its participants in a holistic fashion One of the very few surviving working class travel diaries Lorenza Stevens Berbineau s account provides readers with a unique perspective of a domestic servant in the wealthy Lowell family in Boston Staying in luxurious hotels and caring for her young charge Eddie during her six month grand tour Berbineau wrote detailed and insightful entries about the people and places she saw Contributing to the traditions of women s diary and travel literature from the perspective of a domestic servant Berbineau s narrative reveals an arresting and intimate outlook on both her own life and the activities places and people she encounters For example she carefully records Europeans religious practices working people and their behavior and each region s aesthetic qualities Clearly writing in haste and with a pleasing freedom from the constraints of orthographic and stylistic convention Berbineau offers a distinctive voice and a discerning perspective Alert to nuances of social class her narrative is as appealing and informative to today s readers as it no doubt was to her fellow domestics in the Lowell household Unobtrusively edited to retain as much as possible the individuality and texture of the author s original manuscript *From Beacon Hill to the Crystal Palace* offers readers brief framing summaries informative endnotes and a valuable introduction that analyzes Berbineau s narrative in relation to gender and class issues and compares it to the published travel writing of her famous contemporary Harriet Beecher Stowe Karen Kilcup is professor of American literature University of North Carolina at Greensboro Named a U S National Distinguished Teacher in 1987 she was recently the Davidson Eminent Scholar Chair at Florida International University She is the editor of *Soft Canons American Women Writers and Masculine Tradition* University of Iowa 1999 and *Nineteenth Century American Women Writers An Anthology*
