### **If A Mind Bending New Way Of Looking At Big Ideas And Numbers:**

If David J. Smith, 2015-05-14 Some things are so big or so old that it's hard to wrap your mind around them In this book the author looks at these hard to imagine objects and events and compares them to things we can instantly see feel and touch

If David J. Smith, 2015-02-01 Imagine if you could condense all 3.5 billion years of life on Earth into just one hour If you did the dinosaurs wouldn't show up until 56 minutes into the hour and they'd be gone three minutes later Modern humans the ones we are related to would amble into view at the very end of the hour with just 0.2 seconds to spare **If...** David J. Smith, 2016-04-14 Author has found clever devices to scale down everything from time lines the history of Earth compressed into one year to quantities all the wealth in the world divided into one hundred coins to size differences the planets shown as different types of balls *If* David J. Smith, 2014-08-01 If the Solar System's planets were shrunk down to the size of sports balls and Earth were the size of a baseball what size would the other planets be If your lifespan was represented by a pizza divided into twelve slices how many slices would represent your time spent in school These questions and more are explored in this innovative and visually appealing book about very big concepts made accessible when scaled down to kid friendly size
