Burns Iain S. Whitaker, Kayvan Shokrollahi, William A. Dickson, 2019-05-16 Burn injuries are recognised as a major health problem worldwide causing morbidity and mortality in individuals of all ages The Oxford Specialist Handbook of Burns is a concise easy to navigate reference text that outlines the assessment management and rehabilitation of burns patients With contributions from international experts this handbook covers all aspects of burn patient care from first aid to reconstructive techniques and physiotherapy This new pocket sized title is an invaluable resource for all those who come into contact with burns patients from accident and emergency doctors to allied health professionals as well as specialists and trainees in burns units Filling an important niche in the market for an accessible quick access guide for those first on the scene The Oxford Specialist Handbook of Burns is a comprehensive and detailed new resource *The Paramedic'S Guide To Research: An Introduction* Griffiths, Pauline, Mooney, Gail, 2011-10-01 A practical and no nonsense guide to the sometimes daunting world of research and evidence based practice **Home Birth - E-Book** Anna-Marie Madeley, 2023-07-15 As the rate of homebirth increases in the UK this important new book offers a basic practical guide for anyone involved in the planning resourcing and facilitation of safe and respectful birth at home Blending both contemporary academic and clinical practice this textbook covers the whole scope of home birth practice from antenatal care delivery and postnatal care as well as management of emergencies at home and practical advice for managing transfer Facilitating a safe home birth requires a robust multidisciplinary team approach Whatever your role in planning or attending a birth at home and whether you are a student practising midwife paramedic or obstetrician this resource will have something for you Covers the whole scope of home birth practice for each member the multidisciplinary team Written by leading experts from diverse backgrounds including midwives paramedics obstetricians and neonatal nurses from clinical practice academia and education Presents balanced and unbiased contemporary evidence supporting birth at home Discusses effective care planning from developing a homebirth services practical resources and skills equipment planning and geographical considerations Covers important topics within midwifery including the rise of freebirthing multidisciplinary team working and the care of women with complex biopsychosocial needs or from underrepresented communities Clearly identifies roles and responsibilities of the multidisciplinary team Suitable for midwifery students embarking on a home birth placement Practical Prehospital Care E-book Ian Greaves, Keith Porter, Jason Smith, 2016-06-07 defines the specialty of pre hospital medicine editors have extensive experience of both military and civilian pre hospital trauma life support Greaves and Porter are well known authors amongst the paramedic market updated resuscitation guidelines now in force throughout Europe updated references modern reader friendly page design incorporating text colour market priced non essential material e g history of emergency medicine removed Law and Ethics for Paramedics Georgette Eaton, 2022-04-01 Law and Ethics for Paramedics is the first book which really grapples with the application of law and ethics in the unique situations that paramedics and other prehospital

professionals find themselves The book is clear concise and eminently readable but most of all useful to operational ambulance clinicians and their managers Tim Kilner Senior Lecturer in Paramedic Science University of Worcester UK

Written by paramedics for paramedics this resource provides you with all the key information you will need to know as you navigate your way through the often tricky and complicated area of law and ethics in paramedic practice Eleven contributing authors each with their own perspectives and clinical backgrounds explain the essential principles and apply these across the whole of the UK Chapters cover a range of topics including Information governance Mental capacity Clinical negligence Paramedic use of social media Assessment and treatment of children Medicines management Each topic is broken down into practical chunks with many chapters supported by case studies to help relate the content to paramedic practice Sixteen case studies on topics from resuscitation to consent and useful top tips will help you develop reflect on and consider your own ethical practice The law and how it relates to your practice can be complex but with the help of this handy guide you will quickly gain confidence and insight into the legislation surrounding this vital aspect of paramedic practice

Paramedic Principles and Practice in the UK - E-Book Aidan Ward,2023-04-13 Paramedic Principles and Practice in the UK is a key textbook designed to support paramedicine students in this country throughout their studies The volume takes a practical approach with case histories covering a broad range of clinical presentations and treatments all incorporating a patient centric perspective that acknowledges the longer patient journey This must have textbook will not only arm readers with technical knowledge and expertise but also with the non technical principles of the profession developing future paramedics who are able to provide a safe and effective management plan in the out of hospital environment Aligned to UK paramedicine curricula More than 40 detailed case studies covering essential pathologies most commonly seen by UK paramedics as well as less typical scenarios Evidence based clinical decision making models to support paramedics in practice Essential physiological concepts to help readers bridge the gap from principles to practice Focus on the wellbeing of both the patient and the paramedic Useful appendices including medications commonly encountered in paramedic settings

Pre-hospital Obstetric Emergency Training Advanced Life Support Group (ALSG),2009-10-30 The Pre hospital Obstetric Emergency Training POET programme provides an introduction to the obstetric patient and the anatomical and physiological changes that occur during pregnancy including interpretation of patient held records and rapid assessment of the obstetric patient It includes clear definitions and describes risk factors diagnosis and pre hospital management of significant problems that occur in both early and late pregnancy and the immediate postnatal period These are all situations that the pre hospital practitioner may attend This text and the accompanying integrated on line and hands on course will help practitioners identify and manage a range of time critical obstetric emergencies specifically in the pre hospital setting and provides a structured examination and assessment technique as an aid to determining what treatments should be provided before transport as well as when and how urgently transport should be initiated POET is of relevance to paramedics ambulance staff doctors and nurses

working in the emergency pre hospital setting and to midwives facilitating home births It will also be of considerable value to medical and nursing practitioners working in Emergency Departments and unscheduled care settings where immediate access to skilled obstetric assistance is not available

Foundations For Paramedic Practice: A Theoretical

Perspective Blaber, Amanda, 2012-04-01 Foundations for Paramedic Practice Second Edition provides an introduction to many of the subjects not traditionally taught in ambulance in house training such as psychology and sociology It addresses the theoretical elements of paramedic courses in higher education and provides clear links to practice The second edition features four new chapters on caring for vulnerable adults end of life issues theories of decision making and the scope of the paramedic role It also provides increased coverage of portfolio writing submission to HPC decision making and includes more case studies Contributors Amanda Blaber Vince Clarke Alison Cork Steve Cowland John Donaghy Rachael Donohoe Bob Fellows Ann French Graham Harris Mary Larkin Linda Nelson Marion Richardson Paul Street and Jackie Whitnell

The Parliamentary Monitor, 2002 Assessment Skills For Paramedics Blaber, Amanda, Harris, Graham, 2011-10-01 A concise and accessible text designed for paramedics and student paramedics looking for a quick reference guide to key assessment skills

Trauma Care Pre-Hospital Manual Ian Greaves, Keith Porter, 2018-12-07 This new book provides evidence based guidelines for the immediate clinical management of major trauma It has been written by clinicians with many years of trauma experience and endorsed as authoritative by Trauma Care UK The UK now has highly effective trauma systems Clinical developments include the introduction of damage control resuscitation tranexamic acid blood product resuscitation novel hybrid resuscitation and an emphasis on the control of major external haemorrhage as part of a new ABCDE approach Consequently more individuals with major trauma are surviving than ever before Optimal pre hospital care is essential for improved survival rates and reduced morbidity

Medical Disorders in Pregnancy S. Elizabeth Robson, Jason Waugh, 2013-05-29 The need for joint medical and midwifery care is stressed in the latest CEMACH report with a recommendation that contemporary midwifery education prepares midwives for problems in pregnancy and adverse pregnancy outcome Pre conception care for women with medical disorders has also been stressed Medical Disorders in Pregnancy is one of the first texts written specifically for midwives that provides an outline of common medical disorders that may be affected by pregnancy or which may cause pregnancy complications For ease of use all conditions are presented on two page templates and each addresses An explanation of the condition Standard Non pregnancy treatment Pre conception care Antenatal care Intrapartum care and Postnatal care The management treatment and care by both doctors and midwives are provided to allow a mutual understanding of each others roles and responsibilities
