Marijuana Botany Robert Connell Clarke, 2024-11-18 *Marijuana Botany* presents the scientific knowledge and propagation techniques used to preserve and multiply vanishing Cannabis strains Also included is information concerning Cannabis genetics and breeding used to begin plant improvement programs The book presents scientific and horticultural principles along with their practical applications necessary for the breeding and propagation of Cannabis and in particular marijuana It will appeal not only to the professional researcher but to the marijuana enthusiast or anyone with an eye to the future of Cannabis products *Beyond the War on Drugs* Steven Wisotsky, 1990-03 This provocative and controversial book rejects the popular pablum of more laws more money more enforcement personnel and more jails as the road to victory in the war on drugs Author Steven Wisotsky masterfully documents the failure of the drug war and the erroneous premise central to its destructive and doomed strategy the idea that drug taking controls human behavior that drugs cause physical dependency Americans must move beyond the war on drugs by repudiating their obsessive preoccupation with controlling or prohibiting drugs Instead we must replace this mindset with a new view that acknowledges individual freedom and the power of directing our choices toward responsible human behavior According to Wisotsky the idea of waging war on drugs is central

to the problem rather than a fundamental part of any solution He takes the Reagan Bush Bennett campaign to task for its failed efforts to cut the supply of drugs reduce public demand and enforce laws regarding the sale and distribution of controlled substances Wisotsky contends that the war on drugs will remain inadequate so long as society continues to be seduced by the battle cries of its own stepped up combat in which the enemy drugs must be eradicated at all cost The rationale for doing battle has become so embedded in the public mind that we no longer recognize the need for a critical review of social policy strategy or the methods needed to achieve our desired goals Have we simply created a new type of Prohibition which is destined to fail And if this is the case then what does it say about our society Have we lost the ability to reflect critically on our social motives and purposes as well as our justification for the actions we take simply because we ve declared war on the enemy and we aren t going to stop the good fight until we ve won Beyond the War on Drugs offers hard hitting arguments to support the growing public opinion that this war as it is currently conceived cannot be won and ought not to be fought Wisotsky argues persuasively for a reassessment of this struggle We must go beyond the war on drugs to develop a public policy that acknowledges human intelligence free choice and individual responsibility *Alcohol and Drug Abuse Curriculum Guide for Pediatrics Faculty* Doris H. Milman,1985

Smoke Signals Martin A. Lee,2013-08-13 In this book the author an investigative journalist traces the social history of marijuana from its origins to its emergence in the 1960s as a defining force in an ongoing culture war He describes how the illicit marijuana subculture overcame government opposition and morphed into a multibillion dollar industry In 1996 Californians voted to legalize marijuana for medicinal purposes Similar laws have followed in several other states but not without antagonistic responses from federal state and local law enforcement The author draws attention to underreported scientific breakthroughs that are reshaping the therapeutic landscape medical researchers have developed promising treatments for cancer heart disease Alzheimer s diabetes chronic pain and many other conditions that are beyond the reach of conventional cures This book is an examination of the medical recreational scientific and economic dimensions of the world s most controversial plant

Celebrity Biographies - The Amazing Life Of Kanye West and Snoop Dogg - Famous Stars Matt Green, Ever wondered how Kanye West and Snoop Dogg rose to stardom By far one of the most polarizing figures in rap music over the last decade has been Kanye West Originally exploding onto the music scene as a hotheaded young rapper with fiery passion and incredibly insightful lyrics West quickly became one of the biggest figures in the genre With each successive album West proved that he was unafraid of blurring the lines between rap music and other genres such as rock and pop music However with fame came a flood of negative media attention mostly stemming from the artist s volatile behavior which including public outbursts on stage rants and unsettlingly egotistical interviews With one of the most distinct voices in rap music the man known as Snoop Dogg has become recognized as one of the living legends of the genre Boasting a sly sense of humor and a laid back and accessible personality Snoop Dogg first rose to fame as one of the young talents in West Coast rap Although his sleepy

demeanor and constant smile allowed him to crossover to mainstream success as one of the most accessible stars in gangsta rap Snoop Dogg continued to flirt with criminal activity and frequent run ins with the law throughout his influential career For more interesting facts you must read the biographies Grab your biography books now *Federal Probation* ,1992

Marijuana David E. Newton,2017-01-16 This single volume resource provides sound up to date information and authoritative resources for research on the controversial topics of the use of marijuana for medical and recreational purposes and the effects of marijuana use on society The use of marijuana has consistently been a highly controversial polarizing and emotional topic so much so that social cultural and religious factors have largely influenced public opinion legislation and law enforcement s treatment of marijuana use At the same time much of the scientific information about the plant has largely been ignored in the policies and practices of the United States over the past 100 years Marijuana A Reference Handbook provides detailed coverage of the history and background of marijuana use in society with special emphasis on the present day in the United States It outlines the development of federal and state legislation with respect to marijuana use over the last century focusing on changes that are taking place in the second decade of the 21st century and examines the pros and cons of the use of marijuana for a variety of purposes The book presents readers with unbiased research based information about the effects benefits and risks of marijuana use Readers will also learn about the role of hemp across human history and about very recent legislative action on the use of marijuana for both recreational purposes and medical use
