Hallow Point A Mick Oberon Job Book :

Hallow Point Ari Marmell,2025-06-02 The hard boiled non stop patter packed fantasy noir series continues as PI Mick Oberon is caught in treasure hunt he can t afford to lose In 1930s Chicago being a private detective can get you bumped off as easy as breathing But Mick Oberon isn t your average shamus He s runaway fae royalty from the Otherworld who hung up his shingle packs a wand instead of a heater loves warm milk and has a serious iron allergy Hey a nigh immortal guy s gotta make a living right That s why Mick agrees to help the cops when someone breaks into the Field Museum Strange thing is they didn t steal anything In fact they added something Something Mick really doesn t want in his town the Spear of Lugh which grants invincibility in battle to whoever wields it The problem is some other mug steals it just as fast as it appeared With the spear in play a whole slew of very heavy hitters from both worlds are coming to the Windy City to claim it as their own And that means trouble like Mick has never seen before and is unlikely to see again Because you tend not to see anything when you re stone dead Among the best urban fantasy novels I have read Rising Shadow **Hallow Point** Ari Marmell,2015-08-18 The Spear of Lugh one of the four Kingly Hallows of Ireland is in Chicago And everyone everyone wants it for it is said that he who carries the spear into battle cannot be defeated Among those who seek it are an agent of the infamous Wild Hunt a mobster who knows far more about these things than he should and of course both the Seelie and Unseelie Courts the last people PI Mick Oberon would want getting hold of the spear **In Truth and Claw (A Mick Oberon Job #4)** Ari Marmell,2018-08-07 Highly anticipated fourth book in the Mick Oberon urban fantasy series from the critically acclaimed Ari Marmell Mick Oberon may look like just another 1930s private detective but beneath the fedora and the overcoat he s got pointy ears and he s packing a wand A series of brutal murders is sweeping Chicago baffling both the local police and the Seelie Court who sense that an aura of corruption and death has touched Mick himself When Mick s associates become targets and a vampire appears in his office Mick is drawn into his most dangerous hunt yet A hunt that will lead him to seek answers about his mysterious past and what it could mean for those in his present **Hot Lead, Cold Iron** Ari Marmell,2014-05-13 Hot Lead Cold Iron is the first novel in a brand new fantasy detective series that will appeal to fans of Rivers of London and The Dresden Files Chicago 1932 Mick Oberon may look like just another private detective but beneath the fedora and the overcoat he s got pointy ears and he s packing a wand Oberon s used to solving supernatural crimes but the latest one s extra weird A mobster s daughter was kidnapped sixteen years ago replaced with a changeling and Mick s been hired to find the real child The trail s gone cold but what there is leads Sideways to the world of the Fae where the Seelie Court rules And Mick s not really welcome in the Seelie Court any more He ll have to wade through Fae politics and mob power struggles to find the kidnapper and of course it s the last person he expected **Remnants, Book One: Dust** Ari Marmell,2022-11-08 For Flight Engineer Cynthia Han and her fellow astronauts aboard the International Space Station Expedition 81 has proved as mundane as space travel ever gets Yes this would be Cynthia s final NASA mission

for reasons she's so far kept from the rest of the crew and yes the latest billionaire space tourist has managed to irritate everyone on board Still none of them could have asked for a smoother experience Until the morning they wake up to silence All communication with Earth gone From half a dozen different agencies with multiple installations and redundancies across the globe there is simply nothing And through the viewports of the ISS only the thick veil of churning lightning veined dust to suggest the Earth remains at all Now without ground control without the proper telemetries or calculations or even reliable visuals Cynthia and the rest of Expedition 81 must make their way home It will be the most fraught and the most frightening task of their lives But it will be nothing compared to the world that now awaits them beyond the dust **Remnants, Book Two: Ashes** Ari Marmell, 2023-03-28 The world has ended Along with other scattered survivors astronaut Cynthia Han and the remainder of ISS Expedition 81 have finally learned what happened to the people they'd left behind and it's worse than any of them could have imagined But even if life as Cynthia knew it is over her struggles most certainly are not Joshua Lamb granted strange and inhuman abilities even as civilization died around him directs his zealots to scoop up every pocket of survivors to offer them the simplest choice Join or die The nightmarish Crooked Men still hunt the darkened hollowed cityscapes And towering over it all the mind breaking obelisks with their unreadable alien message At stake are not just the lives of Cynthia and her companions but the last flickering embers of the human race To succeed not only must she learn the true purpose of the obelisks she must come to understand that the worst of humanity's instincts and sins were never limited to us alone *Talking Book Topics* ,2016 *Dead to Rites* Ari Marmell, 2016-08-16 Mick Oberon may look like just another 1930s private detective but beneath the fedora and the overcoat he's got pointy ears and he's packing a wand The third title in this popular series
