This title, Mobile Learning Handbook is a compendium of mobile learning resources. It is geared towards instructional designers, developers, project managers, and administrators to help them better understand the issues, opportunities, and best practices in mobile learning. It is not intended to be a comprehensive reference, but a high-level guidebook. The handbook references or links to any of the topics covered, and any of the assets identified in the referenced parties.

Like any other field of learning technology, mobile learning is in constant state of flux. The title Mobile Learning Team will do its best to maintain this as a living document and regularly updates it, but we need your help. Please send any suggestions, for additions or changes to admin@ednet.org.

Notes: All other not endorsed any products mentioned in this handbook, specific content and applications are provided for informational purposes only to help introduce the concepts related to learning development for learning or further performance support.
