Identity And Migration In Europe Multidisciplinary Perspectives International Perspectives On Migration:

Identity and Migration in Europe: Multidisciplinary Perspectives MariaCaterina La Barbera,2014-11-24 This book addresses the impact of migration on the formation and transformation of identity and its continuous negotiations Its ground is the understanding of identity as a complex social phenomenon resulting from constant negotiations between personal conditions social relationships and institutional frameworks Migrations understood as dynamic processes that do not end when landing in the host country offer the best conditions to analyze the construction and transformation of social identities in the postcolonial and globalized societies Searching for novel epistemologies and methodologies the research questions here addressed are how identity is negotiated in migration processes and how these negotiations work in contemporary multiethnic Europe This edited volume brings to the field a novel convergence of theoretical and empirical approaches by gathering together scholars from different countries of Europe and the Mediterranean area from different disciplines and backgrounds challenging the traditional discipline division

Supplementary Schools and Ethnic Minority Communities Amanda Simon,2018-05-26 This book provides a unique perspective into the world of supplementary schooling exploring both the social positioning of these schools and the ethnic minority communities they serve The author presents a close examination of the establishment and functioning of supplementary schools which offers a fresh and novel insight into acculturation processes Drawing on empirical data gathered from staff interviews classroom observations and interactive recordings this book explores the operation of supplementary schools as sites of identity construction where the community identities are preserved defended renegotiated and reconstructed The various modes of construction are indicative of the acculturation experiences of ethnic minority communities and the ways in which these communities negotiate residence in one country whilst having roots in another This book therefore offers a revealing conceptualization of supplementary schools not merely as educational spaces but socio political enterprises that are situated within and respond to various historical social and political contexts This pioneering work will appeal to students and scholars in the fields of education migration and identity

Global education monitoring report, 2019 UNESCO,2018-12-03 The Report examines the education impact of migration and displacement across all population movements within and across borders voluntary and forced for employment and education It also reviews progress on education in the 2030 Agenda for Sustainable Development In view of increasing diversity the report analyses how education can build inclusive societies and help people move beyond tolerance and learn to live together

Border Politics Cengiz Günay,Nina Witjes,2016-12-09 In the light of mass migration the rise of nationalism and the resurgence of global terrorism this timely volume brings the debate on border protection security and control to the centre stage of international relations research Rather than analysing borders as mere lines of territorial demarcation in a geopolitical sense it sheds new light on their changing role in defining and negotiating identity authority security and social and economic differences Bringing together innovative and interdisciplinary perspectives the book

examines the nexus of authority society technology and culture while also providing in depth analyses of current international conflicts Regional case studies comprise the Ukraine crisis Nagorno Karabakh the emergence of new territorial entities such as ISIS and maritime disputes in the South China Sea as well as the contestation and re construction of borders in the context of transnational movements Bringing together theoretical empirical and conceptual contributions by international scholars this Yearbook of the Austrian Institute for International Affairs offers novel perspectives on hotly debated issues in contemporary politics and will be of interest to researchers graduate students and political decision makers alike

Transnational Return and Social Change Remus Gabriel Anghel, Margit Fauser, Paolo Boccagni, 2019-07-31 Return has long been considered the end of a migration cycle Today returnees continued transnational ties practices and resources have become increasingly visible Transnational Return and Social Change joins what is now a growing field of research and suggests new ways to understand the dynamics of return migration and the social changes that come along It pays tribute to the meso level impacts that follow the practices and resources migrant returnees mobilize across borders With a particular focus on the meso level the book takes up the challenge of transnational research and enquires into the consequences of return for local communities organizations social networks and groups Presenting a collection of case studies dedicated to migrations across Europe and beyond this book contributes new insights into the societal impact of migration in pluralized societies

A Transdisciplinary Study of Global Mobilities Eduardo Tasis Moratinos, Ti-han Chang, Alicia Moreno Giménez, 2024-12-31 Identities on the Move interrogates the categories given and adopted by people on the move through a transdisciplinary and global approach that includes social and political sciences and the arts It brings together experiences of displacement from a variety of cultural and national backgrounds including Brazilians Chinese Koreans South Italians Africans Muslims Arabophobe migrants Iranians Pakistanis Bosnians Latin Americans and Eastern Europeans It looks at their identity negotiating processes in different geographies across the globe namely Japan UK Palestine Italy Australia Europe and North America This multi geographical and multi disciplinary approach allows us to decentralise previous narratives of migration by reformulating them against coloniality and invisibility and presenting them within a richer and changing contemporary map of dynamic identities The global scale of the case studies included in this volume also allows for a wider exploration of thematic concepts within the transformation of displaced identities such as assimilation versus alienation memory and trauma stigmatisation enculturation acculturation and deculturation In a nutshell this volume highlights current complexities of identity formation in a global scene that is moving away from homogenous nations by presenting a multi layered and multi spatial notion of belonging

Migration and Wellbeing Deirdre Hughes, Füsün Akkök, Gideon Arulmani, 2024-06-28 This timely and comprehensive book delves into this complex and multi faceted phenomenon of migration and illuminates its diverse facets and its profound influence on societies across the globe In an era marked by unprecedented global mobility as people move across continents in search of better lives it has never been more crucial to

explore the intricate tapestry of human migration This volume examines the social economic and cultural dimensions of migration uncovering stories of migrants and the transformative potential and hardships their journeys often entail The twelve chapters in this book demonstrate the scale of challenges and opportunities that lie ahead The contributors examine policy practice research and professional development across various international European and national settings all viewed through the perspective of career guidance and counselling With a new chapter conclusion and a revised introduction this book will be of value and interest to students researchers teachers policymakers guidance and counselling practitioners who have an interest in migration human psychology social science youth work mental health counselling education and community development The other chapters were originally published in the British Journal of Guidance and Counselling

Reconstructions of Canadian Identity Vander Tavares, Maria João Maciel Jorge, 2024-04-19 Re envisioning multiculturalism in Canada In 1971 Canada became the first nation in the world to officially declare its bilingual and multicultural policies Reconstructions of Canadian Identity examines what has changed over the past fifty years highlighting the lived experiences of marginalized Canadians and offering insights into the critical work that lies ahead Editors Vander Tavares and Maria Jo o Maciel Jorge bring together a wide range of disciplines and perspectives to investigate inclusion and exclusion within the processes discourses and practices that forge and frame Canadian identity Chapters analyze ways current multicultural policies continue to benefit the dominant groups and further harm minoritized ones Exposing the pitfalls of established notions of Canadian identity this volume moves traditionally othered identities immigrant racialized hybridized Indigenous and women to the forefront In doing so it reveals how these identities negotiate and claim legitimacy arguing for a reconceptualization from the margins that truly fosters diversity and inclusion Illustrating both the shortcomings of and possibilities for a more inclusive multiculturalism in Canada Reconstructions of Canadian Identity invites readers to reflect on what it means to be Canadian in the twenty first century

Cultural Rights of Third-Country Nationals in EU Law Anna Magdalena Kosińska, 2019-12-09 Cultural Rights of Third Country Nationals in EU Law provides a complex analysis of the cultural rights of third country nationals in European Union Law Originally published in Polish and translated into English for the first time this book examines EU migration policy and law from the perspective of cultural rights protection for migrants as a part of the overall system of human rights protection in the EU In offering a careful analysis of these standards and their implementation mechanisms Cultural Rights of Third Country Nationals in EU Law will be of use to all researchers on EU law especially in the areas of asylum law migration law and the protection of the borders It will also be useful to scholars and practitioners in the area of cultural policy

Gender and Generational Division in EU

Citizenship Trudie Knijn, Manuela Naldini, 2018-07-27 Family law gender equality care arrangements and the consequences of demographic change have long been on the agenda of the European Union However these are coloured by national and cultural factors more than any other disputes and form a barrier to the equalising of status for European citizens Using an

interdisciplinary approach and bringing together law scholars political scientists and sociologists this book looks at the implications of the categorisation of identity in the European Union and what they mean for the realisation of citizens rights throughout the EU

Challenging the Borders of Justice in the Age of Migrations Juan Carlos Velasco, MariaCaterina La Barbera, 2019-04-16 The volume gathers theoretical contributions on human rights and global justice in the context of international migration It addresses the need to reconsider human rights and the theories of justice in connection with the transformation of the social frames of reference that international migrations foster The main goal of this collective volume is to analyze and propose principles of justice that serve to address two main challenges connected to international migrations that are analytically differentiable although inextricably linked in normative terms to better distribute the finite resources of the planet among all its inhabitants and to ensure the recognition of human rights in current migration policies Due to the very nature of the debate on global justice and the implementation of human rights and migration policies this interdisciplinary volume aims at transcending the academic sphere and appeals to a large public through argumentative reflections Challenging the Borders of Justice in the Age of Migrations represents a fresh and timely contribution In a time when national interests are structurally overvalued and borders increasingly strengthened it s a breath of fresh air to read a book in which migration flows are not changed into a threat We simply cannot understand the world around us through the lens of the migration crisis a message the authors of this book have perfectly understood Aimed at a strong link between theories of global justice and policies of border control this timely book combines the normative and empirical to deeply question the way our territorial boundaries are justified Professor Ronald Tinnevelt Radboud University Nijmegen The Netherlands This book is essential reading for those frustrated by the limitations of the dominant ways of thinking about global justice especially in relation to migration By bringing together discussions of global justice cosmopolitan political theory and migration this collection of essays has the potential to transform the way in which we think and debate the critical issues of membership and movement Together they present a critical interdisciplinary approach to international migration human rights and global justice challenging disciplinary borders as well as political ones Professor Phil Cole University of the West of England UK

Routledge Handbook of Migration and Development Tanja Bastia, Ronald Skeldon, 2020-02-14 The Routledge Handbook of Migration and Development provides an interdisciplinary agenda setting survey of the fields of migration and development bringing together over 60 expert contributors from around the world to chart current and future trends in research on this topic The links between migration and development can be traced back to the post war period if not further yet it is only in the last 20 years that the migration development nexus has risen to prominence for academics and policymakers Starting by mapping the different theoretical approaches to migration and development this book goes on to present cutting edge research in poverty and inequality displacement climate change health family social policy interventions and the key challenges surrounding migration and development While much of the migration literature continues to be

dominated by US and British perspectives this volume includes original contributions from most regions of the world to offer alternative non Anglophone perspectives Given the increasing importance of migration in both international development and current affairs the Routledge Handbook of Migration and Development will be of interest both to policymakers and to students and researchers of geography development studies political science sociology demography and development economics
