Undressed Toronto Dale Barbour, 2021-10-01 Undressed Toronto looks at the life of the swimming hole and considers how Toronto turned boys skinny dipping into comforting anti modernist folk figures By digging into the vibrant social life of these spaces Barbour challenges narratives that pollution and industrialization in the nineteenth century destroyed the relationship between Torontonians and their rivers and waterfront Instead we find that these areas were co opted and transformed into recreation spaces often with the acceptance of indulgent city officials While we take the beach for granted today it was a novel form of public space in the nineteenth century and Torontonians had to decide how it would work in their city To create a public beach bathing needed to be transformed from the predominantly nude male privilege that it had been in the mid nineteenth century into an activity that women and men could participate in together That transformation required negotiating and establishing rules for how people would dress and behave when they bathed and setting aside or creating distinct environments for bathing Undressed Toronto challenges assumptions about class the urban environment and the presentation of the naked body It explores anxieties about modernity and masculinity and the weight of nostalgia in public perceptions and municipal regulation of public bathing in five Toronto environments that showcase distinct moments in the transition from vernacular bathing to the public beach the city's central waterfront Toronto Island the Don River the

Humber River and Sunnyside Beach on Toronto's western shoreline      **Canoe Country** Roy MacGregor, 2015-09-08 One of our favourite chroniclers of all things Canadian presents a rollicking personal photo filled history of the relationship between a country and its canoes From the earliest explorers on the Columbia River in BC or the Mattawa in Ontario to a doomed expedition of voyageurs up the Nile to rescue Khartoum from the author's family roots deep in the Algonquin wilderness to modern families who have canoed across the country kids and dogs included Canoe Country is Roy MacGregor's celebration of the essential and enduring love affair Canadians have with our first and still favourite means of getting around Famous paddlers have been so enchanted with the canoe that one swore God made Canada as the perfect country in which to paddle it Drawing on MacGregor's own decades spent whenever possible with a paddle in his hand this is a story of high adventure on white water and the sweetest peace in nature's quietest corners from the author best able and most eager to tell it

**Canoe Nation** Bruce Erickson, 2013-06-15 More than an ancient means of transportation and trade the canoe has come to be a symbol of Canada itself In Canoe Nation Bruce Erickson argues that the canoe's sentimental power has come about through a set of narratives that attempt to legitimize a particular vision of Canada that overvalues the nation's connection to nature From Alexander Mackenzie to Grey Owl to Pierre Elliott Trudeau the canoe authenticates Canada's reputation as a tolerant environmentalist nation even when there is abundant evidence to the contrary Ultimately the stories we tell about the canoe need to be understood as moments in the ever contested field of cultural politics      The Politics of the Canoe Bruce Erickson, Sarah Wylie Krotz, 2021-03-26 Popularly thought of as a recreational vehicle and one of the key ingredients of an ideal wilderness getaway the canoe is also a political vessel A potent symbol and practice of Indigenous cultures and traditions the canoe has also been adopted to assert conservation ideals feminist empowerment citizenship practices and multicultural goals Documenting many of these various uses this book asserts that the canoe is not merely a matter of leisure and pleasure it is folded into many facets of our political life Taking a critical stance on the canoe The Politics of the Canoe expands and enlarges the stories that we tell about the canoe's relationship to for example colonialism nationalism environmentalism and resource politics To think about the canoe as a political vessel is to recognize how intertwined canoes are in the public life governance authority social conditions and ideologies of particular cultures nations and states Almost everywhere we turn and any way we look at it the canoe both affects and is affected by complex political and cultural histories Across Canada and the U S canoeing cultures have been born of activism and resistance as much as of adherence to the mythologies of wilderness and nation building The essays in this volume show that canoes can enhance how we engage with and interpret not only our physical environments but also our histories and present day societies      *Canoe Crossings* Sanford Osler, 2014 The canoe has played a particularly important role in British Columbia This seemingly simple watercraft allowed coastal First Nations to hunt on the open ocean and early explorers to travel the province's many waterways Always at the crossroads of canoe culture BC today is home to innovative artists and designers who have rediscovered ancient canoe

building techniques as well as community leaders who see the canoe's potential to bring people together in exciting inspiring ways The book chronicles the evolution of the canoe and its impact on the various people who used it to explore hunt trade fight race create and even heal Dozens of stories of colourful passionate people who have contributed to the province's canoe culture Canoe Crossings will appeal to anyone who has ever sought adventure found solace or seen beauty in a canoe or wondered about the origins of its design Provided by publisher Nipissing Françoise Noël,2015-01-19 The Lake Nipissing area is best known as a voyageur route between the Ottawa River and Georgian Bay visited by explorers missionaries and fur traders All of these travellers however were on a journey elsewhere This book focuses on the less well known story of the area's transformation into a tourist destination between 1875 and 1955 **Tourism as a Pathway to Hope and**

meetings and encampments of the American Canoe Association between 1880 and 1910 *The Nurture of Nature* Sharon Wall,2010-01-01 Thousands of children attended summer camps in twentieth century Ontario Did parents simply want a break or were broader developments at play The Nurture of Nature explores the history of summer camps and sheds light on
