This open access collection of essays examines the literary advice industry since its emergence in Anglo American literary culture in the mid nineteenth century within the context of the professionalization of the literary field and the continued debate on creative writing as art and craft Often dismissed as commercial and stereotypical by authors and specialists alike literary advice has nonetheless remained a flourishing business embodying the unquestioned values of a literary system but also functioning as a sign of a literary system in transition Exploring the rise of new online amateur writing cultures in the twenty first century this collection of essays considers how literary advice proliferates globally leading to new forms and genres

Knowledge Clemens Lode,2017-01-20 We are each heroes in the making How can this be Because we can reflect on our actions We have the potential to become heroes in every aspect and every action of our lives Being a hero is much more than committing a heroic act One does not magically morph into a hero as a result of circumstance the just in time rescue rising up in the midst of a crisis or even leading others out of a catastrophe Becoming a hero is more than even these courageous acts It requires deep insight the type of philosophical investigation that the greatest minds throughout history have pondered With his book series Philosophy for Heroes Clemens Lode bridges the gap between coding science philosophy

and ultimately leadership In Philosophy for Heroes Knowledge he takes the reader on a journey examining the foundations of knowledge What is the basis of our understanding of the world How does society define a hero How do basic skills such as language and mathematics train our way of thinking and reasoning Becoming a hero requires more than courage It requires speaking up stepping forward from the sidelines and taking action For all of this a deep insight into philosophy is the first and most important step Philosophy for Heroes connects the wisdom of the ages to today's real world
