If Not Winter Fragments Of Sappho:

If Not, Winter Sappho, 2009-03-12 By combining the ancient mysteries of Sappho with the contemporary wizardry of one of our most fearless and original poets *If Not Winter* provides a tantalizing window onto the genius of a woman whose lyric power spans millennia Of the nine books of lyrics the ancient Greek poet Sappho is said to have composed only one poem has survived complete The rest are fragments In this miraculous new translation acclaimed poet and classicist Anne Carson presents all of Sappho's fragments in Greek and in English as if on the ragged scraps of papyrus that preserve them inviting a thrill of discovery and conjecture that can be described only as electric or to use Sappho's words as thin fire racing under skin Sappho's verse has been elevated to new heights in this gorgeous translation The New York Times Carson is in many ways Sappho's ideal translator Her command of language is hones to a perfect edge and her approach to the text respectful yet imaginative results in verse that lets Sappho shine forth Los Angeles Times

If Not, Winter, 2019 *Sappho's Gaps* Barry Benjamin McKinnon, 2005 **If Not, Winter / Fehlst Du, Ist Winter** Anne Carson, 2023-09-27 **Reach without Grasping** Louis A. Ruprecht Jr., 2021-11-17 Anne Carson b June 21 1950 in Toronto Canada is one of the most versatile of contemporary classicists poets and translators in the English language In *Reach without Grasping* Louis A. Ruprecht Jr explores the role played by generic transgressions on the one hand and by embodied spirituality on the other throughout Carson's ambitious literary career Where others see classical dichotomies soul versus body classical versus Christian Carson sees connection Like Nietzsche before her Carson decries the images of the Classics as merely bookish and of classicists as disembodied intellects She has brought religious bodily erotics back into the heart of the classical tradition

A Study Guide for Sappho's "Fragment 34" Gale, Cengage Learning, 2016 **Foucault's Strange Eros** Lynne Huffer, 2020-06-16 What is the strange eros that haunts Foucault's writing In this deeply original consideration of Foucault's erotic ethics Lynne Huffer

provocatively rewrites Foucault as a Sapphic poet She uncovers eros as a mode of thought that erodes the interiority of the thinking subject Focusing on the ethical implications of this mode of thought Huffer shows how Foucault's poetic archival method offers a way to counter the disciplining of speech At the heart of this method is a conception of the archive as Sapphic the past's remains are like Sappho's verses hole ridden scattered and dissolved by time Listening for eros across fragmented texts Huffer stages a series of encounters within an archive of literary and theoretical readings the eroticization of violence in works by Freud and Eve Kosofsky Sedgwick the historicity of madness in the Foucault Derrida debate the afterlives of Foucault's antiprison activism and Monique Wittig's Sapphic materialism Through these encounters Foucault's Strange Eros conceives of ethics as experiments in living that work poetically to make the present strange Crafting fragments that dissolve into Sapphic brackets Huffer performs the ethics she describes in her own practice of experimental writing Foucault's Strange Eros hints at the self hollowing speech of an eros that opens a space for the strange Anne Carson

Joshua Marie Wilkinson,2015-01-28 The first book of essays dedicated to the work of noted writer Anne Carson Poems and Fragments Sappho,2002-01-01 Presents a Sappho by a poet and translator that treats the fragments as aesthetic wholes complete in their fragmentariness and which is also as the translator puts it ever mindful of performative qualities quality of voice changes of voice Love Ryan Patrick Hanley,2024 Love has been a central concept of philosophical inquiry over the last several millennia Love A History chronicle the most significant moments in this concept's long and complex evolutionary life and collectively tell the story of the ways in which love's horizons shifted from the transcendent to the immanent over the course of its conceptual history **The Broadview Introduction to Literature** Lisa Chalykoff,Neta Gordon,Paul Lumsden,2013-08-08 Designed for courses taught at the introductory level in Canadian universities and colleges this new anthology provides a rich selection of literary texts In each genre the anthology includes a vibrant mix of classic and contemporary works Each work is accompanied by an author biography and by explanatory notes and each genre is prefaced by a substantial introduction Pedagogically current and uncommon in its breadth of representation The Broadview Introduction to Literature invites students into the world of literary study in a truly distinctive way **Anne Carson** Elizabeth Sarah Coles,2023 The scene with which I begin this chapter is the kind of scene that interests Carson In the words of her Essay on What I Think About Most 1999 a disquisition on mistake in stanzas of unrhyming verse the wilful creation of error is the action of the master contriver the poet what Aristotle would call an imitator of reality Like the true mistakes of poetry the matter Carson confesses to think about most Streb's choreographed falls perform the conversion of human error into an art form Under the dancer's regime and by an extraordinary coup of artifice the emotions of mistake shame exposure thrill are handed to us putting our own contradictions and odd longings centre stage **Pitch and Revelation** Will Daddario,Matthew Goulish,2022 Pitch and Revelation is the first book length study of the poetry prose and dramatic literature of the African American poet Jay Wright 1934 The authors premise their

reading on joy as a foundational philosophical concept In this they follow Spinoza who understood joy as that affect necessary for the construction of an intellectual love of God leading into the infinite univocity of everything Similarly with Wright joy leads to a visceral sense of what the authors call the great weave of the world This weave is akin to the notion of entanglement made popular by physicists and contemporary scholars of Science Studies such as Karen Barad which speaks of the always ongoing mutually constitutive connections of all matter and intellectual processes By exhibiting and detailing the joy of reading Wright Pitch and Revelation intends to help others chart their own paths into the intellectual musical and rhythmical territories of Wright's world so as to more fully experience joy in the world generally Although the exhibitions of meaning making presented are instructive they do not follow the do as I do or do as I say model of instructional texts Instead they invite the reader to do along with us as the authors make meaning from selections across Wright's erudite dense rhythmically fascinating endlessly lyrical highly structured and seemingly hermetic body of work Publisher's website

Anne Carson: Antiquity Laura Jansen, 2021-10-07 From her seminal *Eros the Bittersweet* 1986 to her experimental *Float* 2016 *Bakkhai* 2017 and *Norma Jeane Baker of Troy* 2019 Anne Carson's engagement with antiquity has been deeply influential to generations of readers both inside and outside of academia One reason for her success is the versatile scope of her classically oriented oeuvre which she rethinks across multiple media and categories Yet an equally significant reason is her profile as a classicist In this role Carson unfailingly refuses to conform to the established conventions and situated practices of her discipline in favour of a mode of reading classical literature that allows for interpretative and creative freedom From a multi praxis cross disciplinary perspective the volume explores the erudite indiscipline of Carson's classicism as it emerges in her poetry translations essays and visual artistry It argues that her classicism is irreducible to a single vision and that it is best approached as integral to the protean character of her artistic thought *Anne Carson Antiquity* collects twenty essays by poets translators artists practitioners and scholars It offers the first collective study of the author's classicism while drawing attention to one of the most avant garde multifaceted readings of the classical past **Classical**

criticism and cultural studies This is the only book of essays currently available in English on an important thinker whose influence across disciplines is growing The volume situates Kittler s ideas explaining and critiquing his sometimes difficult writing and using his theories to undertake innovative readings of old and new media It also includes previously untranslated work by Kittler himself Contributors include Caroline Bassett Steven Connor Alexander R Galloway Mark B Hansen John Durham Peters and Geoffrey Winthrop Young
