War Department,1946 **Nelson's Encyclopaedia** ,1907 *The Language of the Classical French Organ* Fenner Douglass,1995-01-01 The seventeenth and eighteenth centuries witnessed the growth of a unique relationship between the French organ and the music written for it Until recently however the roots of this precise musical tradition lay hidden in the sixteenth century Illuminating these mysteries for the

modern audience Mr Douglass has traced the development of the French organ from the sixteenth century through the Classical Period 1655 1770 For the first time in English an explanation is given of the role of mixtures in the plenum of the French instrument of the Classical Period Because the plenum determines the very character of the organ and because the mixtures exert the strongest influence upon its sonority the reader will be able to understand why French composers were writing music for the plenum sharply different from that of their contemporaries in northern Europe Especially useful is the first complete compilation of known sources of information about French classical organ restriction Having assimilated the historical facts about the instrument the reader will be ready to interpret the music of this period on a modern organ Mr Douglass is professor organ at the Oberlin College Conservatory of Music This authoritative study of the French classical organ is a major source for the interpretation of early French organ music For this new edition the author has added a chapter on touch in early French organs and its importance for practice The bibliography has also been extensively revised Reviews of the previous edition The extensive and valuable materials assembled in this study will make it indispensable to both the performer and the scholar of French organ literature Almonte C Howell Jr Notes The only work of its kind in English Bringing together all of the sources into one volume was alone a task of considerable proportions and the many conclusions drawn from a careful study of the sources make it a necessary reference for any further study It should be not only on the shelves but also in the mind of every organ devotee Rudolph Kremer Journal of the American Musicological Society Douglass has shown us the way that organ studies ought to develop over the next few decades Music and Letters *Nelson's Perpetual Loose-leaf Encyclopaedia* John Huston Finley, 1909 *The Courts of the Deccan Sultanates* Emma J. Flatt, 2019-07-18 Illuminates the centrality of courtliness in the political and cultural life of the Deccan in the fifteenth and sixteenth centuries **Nature(s) in Construction** María Lelia Pochettino, Aylen Capparelli, Pablo C. Stampella, Diego Andreoni, 2024-09-14 This book provides the state of the art of ethnobiology in Argentina and related Latin American countries highlighting timely trends and topics It synthesizes studies resulting from the III Jornadas Argentinas de Etnobiología y Sociedad III JAES 3rd Argentinian Meeting of Ethnobiology and Society convened in La Plata in 2021 As a relatively new academic development ethnobiology integrates approaches from different points of view such as biology anthropology geography history linguistics and in a crucial recent advance local perspectives Consequently this volume contains 33 contributions from 86 authors of different countries orientations and disciplines but all related to interrelationships between people s and the natural environment Chapters cover a diverse array of topics ranging from biocultural relationships and their historical construction through time to conservation of biocultural and agrobiodiversity ethnomycology ethnophycology and meliponiculture and beyond The volume s main goal is to propitiate the preservation of biocultural diversity through the application of ethnobiological wisdom in a global context characterized by the accelerated loss of traditional knowledge The contributions aim to transcend the nature culture dichotomy emphasizing the inextricable relationship between communities

and their environment and the importance of acting jointly in the construction of the inhabited landscape and local identity

Japanese Gardens Seiko Goto,Takahiro Naka,2015-10-16 The unique beauty of the Japanese garden stems from its spirituality and rich symbolism yet most discussions on this kind of garden rarely provide more than a superficial overview This book takes a thorough look at the process of designing a Japanese garden placing it in a historical and philosophical context Goto and Naka both academic experts in Japanese garden history and design explore The themes and usage of the Japanese garden Common garden types such as tea and Zen gardens Key maintenance techniques and issues Featuring beautiful full colour images and a glossary of essential Japanese terms this book will dramatically transform your

understanding of the Japanese garden as a cultural treasure **A Revolution in Colour** Giorgio Riello,Maria Hayward,Ulinka Rublack,2024-09-19 This major volume aims to re colour the European world of dress c 1300 1800 New dyes created one of the most important visual experiences of the period yet their story has been side lined by a focus on visual experiences shaped by the high arts Meanwhile theatrical productions and period films still abound with broad assumptions about the growing dominance of black clothing for elites during the period while ordinary people are imagined having worn coarse greys and bleached garments This volume presents clear evidence that even the clothing of the middle classes could be much more expensive than paintings and that coloured clothing and accessories were ubiquitous across society Contributors shed new light on the economic environmental and cultural dimensions of colour in dress The range of dyes expanded considerably in the sixteenth and seventeenth centuries drawing on Asian and Mediterranean knowledge new collections of recipes and the greater diversity of plants available through New World trade Working creatively with organic plant animal and mineral materials to make colours involved considerable knowledge pleasure and skill The creation of colour through dyes thus reveals a whole range of global agricultural and craft technologies that can inspire future material worlds and transforms our understanding of Europe s cultural heritage **Crown and Nobility, 1450-1509** J.R.
