Ikat Silks Of Central Asia:

Ikat Kate Fitz Gibbon, Andrew Hale, 1999 The most difficult aspect of learning to draw is knowing how to translate a three dimensional object onto the two dimensional plane of a piece of paper The conflict is between customary perception how we use our eyes everyday and aesthetic perception how we use our eyes to draw and paint This work explains why this conflict occurs

Central Asian Ikats Ruby Clark, 2007-11 Centuries old the ikat technique is a complex sequence of tie dying silk threads to create elaborate patterns in striking colors before weaving This invaluable introduction to the magnificent ikats of Central Asia sets the creation of these fabrics into the context of a long history of textile production that once centered around the trade of the famous Silk Road Illustrated throughout with glorious examples Central Asian Ikats examines the social significance and various functions of these fabrics in Central Asian culture as well as describing the fascinating and complex techniques involved in making them The book accompanies an exhibition opening in November 2007

Kate Fitz Gibbon, 1988 **History of civilizations of Central Asia** Adle, Chahryar, Baipakov, Karl M., Habib, Irfan, UNESCO, 2003-12-31 The period treated in this volume is highlighted by the slow retreat of nomadism and the progressive increase of sedentary polities owing to a fundamental change in military technology Furthermore this period certainly saw a growing contrast in the pace of economic and cultural progress between Central Asia and Europe The internal growth of the European economies and the influx of silver from the New World gave Atlantic Europe an increasingly important position in world trade and caused a major shift in inland Asian trade Thus 1850 marks the end of the total sway of pre modern culture as the extension of colonial dominance was accompanied by the influx of modern ideas **Modernity of Tradition**

Gabriele Mentges, Lola Shamukhitdinova, 2013 Usually advertising formulas which fix Uzbekistan in a transfigured oriental past of long ago perfect for the travel industry prefer to forget that there is also a modern Uzbekistan in which as some researchers suggest a new Silk Road is beginning to evolve The present volume intends to provide an initial insight into these evolving connections and processes on the one hand to present the textile facets that they encompass and on the other hand to show how from the perspective of Uzbek researchers the problem and the current status of textile research and of textile revitalisation are developing **Culture and Customs of the Central Asian Republics** Rafis Abazov, 2006-12-30

The Central Asian Republics of Kazakhstan Kyrgyzstan Turkmenistan Tajikistan and Uzbekistan won their independence from the Soviet Union in 1991 Now they are emerging from the shadow of dominance and are subjects of intense interest from the West The modern culture and customs of the various peoples in these geopolitical hotspots straddling the far reaches of Europe into Asia are revealed to a general audience for the first time This will be the must have volume for a broad authoritative overview of these traditional civilizations as they cope with globalization **Silk and Cotton** Susan
