Religion, Secularism and Politics Jeffrey Haynes, Guy Ben-Porat, 2018-10-24 Political debates in many Mediterranean countries today are increasingly framed in dichotomous terms highlighting divisions between religious and secular worldviews The role of religion in public life or put another way the public return of religion is a pertinent and controversial political question everywhere in the Mediterranean region How do we explain this phenomenon On the one hand we can point to both economic and demographic changes while on the other we can trace the impact of continuing secularisation Together these two sets of developments produce new challenges to existing political arrangements This book examines the contemporary interaction of religion and politics in the Mediterranean region with a specific focus on democratization and democracy and the role in this context of selected religious actors Individual contributions focus on several European countries France Italy and Turkey while others are concerned with states in the Middle East and North Africa Egypt Israel Morocco and Tunisia Among European countries France is widely regarded as a highly secular country with over 50% of people regarding themselves as without religion Morocco on the other hand is a much more religious country measured by the fact that an estimated 94 5% of Moroccans self identify themselves as Muslims The specific country studies were selected because whether they are religious or not each case has current controversies involving both religious and secular actors which impact upon key political relationships centrally involving religion secularization and democratization democracy This book was published as a special issue of Mediterranean Politics

Secularism and Freedom of Religion in Italy Maria Cristina Ivaldi, 2025-02-11 The display of religious symbols in the public space has been the subject of much debate This book provides an overview of the presence of religious symbols in Italian public institutions from a legal standpoint The situation is analysed from the perspective of the principles of laicity secularism as defined by the Constitutional Court and freedom of religion It is argued that while the display of religious symbols in public institutions has been widely investigated doctrinally the wearing of religious symbols in Italy has generally been neglected Key cases are examined in light of national jurisprudence as well as intervention by the European Court of Human Rights and relevant judgments from foreign courts regarding this issue Finally the work considers the presence of religious symbols that transcend national borders as in the case of arts sport and advertising A comparison is made with the French system which takes a very different approach The book outlines possible ways forward in light of the growing interculturality of European societies It will be a valuable resource for academics researchers and policy makers working in the areas of law and religion and comparative law

European Culture Wars and the Italian Case Luca Ozzano, Alberta Giorgi, 2015-09-16 This book aims to understand the European political debate about contentious issues framed in terms of religious values by religious and or secular actors in 21st century It specifically focuses on the Italian case which due to its peculiar history and contemporary political landscape is a paradigmatic case for the study of the relationships between religion and politics In recent years a number of

controversies related to religious issues have characterised the European public debate at both the EU and the national level. The affaire du foulard in France, the referendum on abortion in Portugal, the recognition of same sex marriages in many Western European States, the debate over bioethics and the regulation of euthanasia are only a few examples of contentious issues involving religion. This book aims to shed light on the interrelation between these different debates as well as their broader meaning through the analysis of the paradigmatic case of Italy. Italy summarizes and sometimes exasperates wider European trends both because of the peculiar role traditionally played by the Vatican in Italian politics and for the rise since the 1990s of new political entrepreneurs eager to exploit ethical and civilizational issues. This work will be of great interest to scholars and students of a number of fields within the disciplines of political science, sociology and law and will be useful for courses on religion and politics, political parties, social movements and civil society.

Making and Moving Sculpture in Early Modern Italy Kelley Helmstutler DiDio, 2017-07-05. In recent years art historians have begun to delve into the patronage, production and reception of sculptures, sculptors' workshop practices, practical, aesthetic and esoteric considerations of material and materiality and the meanings associated with materials and the makers of sculptures. This volume brings together some of the top scholars in the field to investigate how sculptors in early modern Italy confronted such challenges as procurement of materials, their costs, shipping and transportation issues and technical problems of materials along with the meanings of the usage, hierarchies of materials and processes of material acquisition and production. Contributors also explore the implications of these facets in terms of the intended and perceived meanings for the viewer, patron and/or artist. A highlight of the collection is the epilogue, an interview with a contemporary artist of large scale stone sculpture which reveals the similar challenges sculptors still encounter today as they procure, manufacture and transport their works.

UGUAGLIANZIOPOLI L'ITALIA DELLE DISUGUAGLIANZE Antonio Giangrande, E comoda definirsi scrittori da parte di chi non ha arte, e parte i letterati che non siano poeti, cioè scrittori stringati si dividono in narratori e saggisti. E facile scrivere. C'era una volta e parlare di cazzate con nomi di fantasia. In questo modo il successo assicurato e non hai rompicapelli che si sentono diffamati e che ti querelano e che spesso sono gli stessi che ti condannano. Meno facile essere saggisti e scrivere. C'adesso e parlare di cose reali con nomi e cognomi. Impossibile poi essere saggisti e scrivere delle malefatte dei magistrati e del Potere in generale che per logica ti perseguitano per farti cessare di scrivere. Devastante farlo senza essere di sinistra. Quando si parla di veri scrittori ci si ricordi di Dante Alighieri e della fine che fece il primo saggista mondiale. Le vittime vere o presunte di soprusi parlano solo di loro inascoltati pretendendo aiuto. Io da vittima non racconto di me e delle mie traversie. Ascoltato e seguito parlo degli altri vittime o carnefici che l'aiuto cercato non lo concederanno mai.

Chi non conosce la verità uno sciocco ma chi conoscendola la chiama bugia un delinquente Aforisma di Bertolt Brecht Bene Tante verità soggettive e tante omertà son tasselli che la mente corrompono Io le cerco le filtri e nei miei libri compongo il puzzle svelando l'immagine che dimostra la verità oggettiva censurata da interessi economici ed ideologie vetuste e criminali Rappresentare con verità storica anche scomoda ai potenti di turno la realtà contemporanea rapportandola al passato e proiettandola al futuro Per non reiterare vecchi errori Perché la massa dimentica o non conosce Denuncio i difetti e caldeggio i pregi italiani Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare tutelare e promuovere quello che abbiamo ereditato dai nostri avi Insomma siamo bravi a farci del male e qualcuno deve pur essere diverso

Miscellanea d'arte, 1905 **Diritto e religione** Pierluigi Consorti, 2023-07-07T00:00:00+02:00 Pierluigi Consorti ha promosso il rinnovamento del tradizionale diritto ecclesiastico verso lo studio a tutto campo delle relazioni fra diritto e religione In questo libro ne chiarisce le basi storico giuridiche e ne propone alcune prospettive di sviluppo nella società contemporanea caratterizzata dalla convivenza di una pluralità di fedi e dalla gestione di emergenze che sembrano non finire mai In questa nuova edizione sviluppa le prospettive della libertà religiosa guardando ai sempre più difficili equilibri geopolitici in un contesto di sfide globali che impongono scelte politiche eticamente condivise **IL DELITTO DI AVETRANA.**
