Jesus The Great Debate:

Jesus Grant R. Jeffrey, 2009-01-21 JESUS The Great Debate The Question is Who do you say that I am An insightful new release addressing the identity of Jesus from a knowledgeable well researched perspective Who do you say that I am It s a question that has stirred great debate concerning the identity of Jesus in universities churches and most of all in the hearts of millions JESUS The Great Debate explored the criticism of the skeptics such as the Jesus Seminar a group of liberal scholars who deny that Jesus performed miracles and rose from the dead Fascinating new scientific evidence suggests the Shroud of Turin may prove to be the actual burial cloth of Christ Find out why many of the ancient Jews rejected Jesus despite their prophecies that revealed He was the true Messiah Read the censored passages about Jesus of Nazareth hidden in the Jewish Talmud and Targums Explore the astonishing discoveries of early Christian tombs Uncover the truth about Jesus regarding His mysterious birth His miracles and His remarkable resurrection This comprehensive study of evidence about Jesus provides compelling proof to both skeptics and believers that He is the true Messiah **Revelation of Jesus Christ**

Margaret Barker, 2000-11-02 A new and transforming approach to the Book of Revelation Margaret Barker bases her study on a fresh reading of the primary sources As an Old Testament scholar she can read Revelation as Hebrew prophecy ancient temple oracles which inspired Jesus and his own prophecies and influenced the whole Jerusalem Church Jerusalem was waiting for their Great High Priest to return and complete the Atonement at the end of the Tenth Jubilee This expectation fuelled the revolt against Rome Josephus who deserted to Rome was the false prophet John who escaped to Patmos compiled Revelation as a record of the first generation In the future he taught the Lord would return to his people in the Eucharist This work illuminates the formative years of Christianity in the social religious and political situation of mid first century Palestine in a quite remarkable way It will have profound implications for the understanding of Christian origins and the development of Christian liturgy **The Historical Christ and the Jesus of Faith**

C. Stephen Evans, 1996-04-18 The story of Jesus of Nazareth as recounted in the New Testament has always been understood by the church to be historically true It is an account of the life death and resurrection of a real person whose links with history are firmly signalled in the creeds of the early church which affirm that Jesus suffered under Pontius Pilate Contemporary historical scholarship has however called into question the reliability of the church s version of this story and thereby raised the question as to whether ordinary people can know its historical truth This book argues that the historicity of the story still matters and that its religious significance cannot be captured by the category of non historical myth The commonly drawn distinction between the Christ of faith and Jesus of history cannot be maintained The Christ who is the object of faith must be seen as historical the Jesus who is reconstructed by historical scholarship is always shaped by commitments of faith A reconsideration of the Enlightenment epistemologies that underlie much historical scholarship shows that historical knowledge of this story is still possible Such knowledge can be inferential based on historical evidence A careful look at contemporary New Testament

studies and the philosophical and literary assumptions upon which it rests shows that this scholarship should not undermine the confidence of lay people who believe that they can know that the church's story about Jesus is true

The Debaters of This Age Steven H Propp,2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics Catholicism liberal Christianity and Deism are also well supported The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students As the participants argue over controversial issues such as cosmology evolution The Bible historical evidence for Jesus the resurrection biblical prophecies and the problem of evil intellectual fireworks result But what will result when such a volatile and eclectic group is placed face to face for more than two weeks The Debaters of this Age is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time

The Trouble with Textbooks Gary A. Tobin,Dennis R. Ybarra,2008-07-31 School textbooks in Iran

Saudi Arabia Egypt and elsewhere in the Arab and Muslim worlds are filled with anti Western and anti Israel propaganda Most readers will be shocked to discover that history and geography textbooks widely used in America s elementary and secondary classrooms contain some of the very same inaccuracies about Jews Judaism and Israel Did you know that there is no record of any important Jewish contribution to the sciences World Civilizations Thomson Wadsworth Or that Christianity was started by a young Palestinian named Jesus The World Scott Foresman Pearson Supplemental materials and other classroom influences are even worse The Trouble with Textbooks exposes the poor scholarship and untruths in textbooks about Jews and Israel The problems uncovered in this ground breaking analysis are instructive and illustrate the need for reform in the way textbooks are developed written marketed and distributed Substitute another area how we teach American history Western civilization or comparative religion and we have another equally intriguing case study The Trouble with Textbooks shows what can go terribly wrong in discussing religion geography culture or history and in this case all of them The Trouble with Textbooks tells a cautionary tale for all readers whatever their background of how textbooks that Americans depend on to infuse young people with the values for good citizenship and to help acculturate students into the multicultural salad that is American life instead disparage some groups and teach historical distortions With millions of young people using these textbooks each year the denigration of some should be a concern for all *A popular commentary on the New Testament. 2nd (3rd) Daniel Denison Whedon,1888* Introduction to the History of Christianity George Herring,2006-09 A beautifully crafted and clearly written introduction to Christianity over its 2000 year history *Christ the Liberator* Sobrino, Jon ,2015-06-24 This landmark work in christology continues the magisterial work the Salvadoran Jesuit began in his earlier work Jesus the Liberator Jon Sobrino writes from the reality of faith as set in motion by the event of Jesus Christ and from the situation of the victims of history the Crucified People With whom he works Into The River: A Course in Practical Spirituality Krista Thornhill Stel,2014-01-17 This workbook provides a safe opportunity to release religious beliefs that no longer serve you this course will challenge your socialization broaden your world view and tempt you to come out of your fears and Into the River ready to get your feet wet Then this course is for you A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter,2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus s Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and

con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease *The Oxford Handbook of Christmas* Timothy Larsen,2020 Includes 45 chapters on a comprehensive range of topics providing information on all aspects of Christmas Provides an interdisciplinary approach drawing on the insights of experts from across numerous disciplines including history literature art theology Bible anthropology sociology film and law Presents Christmas as a truly global phenomenon and explores its variations from Bethlehem to Japan Book jacket **Socrates on Judaism, Christianity, and Islam** Doug Van Scyoc,2007-09-01 A nuclear Israel waits for its Messiah a nuclear America eagerly anticipates the second coming of Christ and a nuclear Iran believes it can expedite the return of the hidden or twelfth imam Are apocalyptic expectations like all other ideologies simply evolution s way of keeping the human population in check Is religion true Does God exist What happens to us when we die What should the afterlife mean for us while we are alive Are these the greatest of all questions and if so why After thousands of years and countless religious traditions why does the world continue to hunger for spiritual truth Why are religious lives so often filled with doubt worry and dark nights of the soul Do you believe in pregnant virgins Do you believe in the incarnation of an immutable God Do you believe that an eternal God died Do you believe Jesus redeemed an Israel that has totally rejected him Do you believe a loving Jesus will return to bring the world to a tragic end Do you believe that contradictions can t both be true Do you believe the human anatomy is designed for meditation or mobility If God had indeed chosen the prophet Muhammad to warn the people why didn t Muhammad warn Muslims not to split Islam into Sunni and Shiite It has been said that if we don t challenge our beliefs our beliefs will eventually challenge us Disillusionment with religion not to mention global crises is forcing believers to question the basis of their faith Socrates on Judaism Christianity and Islam addresses those who are unsatisfied with the belief systems they encountered in orthodox religions This book will assist searchers as they embark on their solitary quest for spiritual discovery **War on Terror** Grant R.
