Jesus Did Not Exist A Debate Among Atheists:

Jesus Did Not Exist Raphael Lataster,2015-11-12 For a lay audience and with help from historian Richard Carrier religious studies scholar Raphael Lataster considers the best arguments for and against the existence of the so called Historical Jesus the Jesus of atheists Parts 1 2 analyse the cases made by Bart Ehrman and Maurice Casey who assert that Jesus definitely existed Their arguments are found to be riddled with errors and dependent on unreliable and even non existing sources Parts 3 4 discuss the more sceptical work of Lataster and Carrier who conclude that Christianity probably began not with a humble carpenter but with visions of a heavenly Messiah This exciting collaboration makes it very clear why the Historical Jesus might not have existed after all and to those willing to adopt a commonsensical probabilistic approach Jesus Did Not Exist

Questioning the Historicity of Jesus Raphael Lataster,2019-07-01 This volume moves beyond the mainstream scholarly scepticism over the Christ of Faith and considers if there is sufficient evidence to establish the existence of the more mundane Historical Jesus Using the logical tools of the analytic philosopher Lataster finds that the relevant sources are unreliable as historical documents and that the key method of those purporting that the Historical Jesus existed is to appeal to sources that do not exist Considering an ancient hypothesis suggesting that Jesus began as a celestial messiah that certain Second Temple Jews already believed in and was later allegorised in the Gospels Lataster discovers that it is more reasonable to at least be agnostic over Jesus historicity

The Atheist Who Didn't Exist (Fully Revised 10th Anniversary Edition) Andy Bannister,2025-07-17 Does atheism really explain everything Can reasonable people take Christianity seriously During the early twenty first century New Atheism was busy producing best selling books and plastering adverts on the sides of buses Its loud scepticism is not as popular these days but many of its arguments live on Yet what if some of its common claims like science has buried God and religion is the cause of most wars are not just incorrect but demonstrably wrong What if Richard Dawkins and the other New Atheists were not merely barking up the wrong tree but were in the wrong forest entirely Andy Bannister brings you this fully updated and revised book with new chapters new resources and new comedy The Atheist Who Didn t Exist is designed for curious people to tug at the loose threads of atheism and see if it unravels

Studies in the Historical Jesus Justin J. Meggitt,2023-08-29 Studies in the Historical Jesus Anarchy Miracles and Madness is a selection of key essays on the historical figure of Jesus published over the last fifteen years by Justin J Meggitt Each addresses a central question in the study of Jesus and his context from the role of myth in the creation of traditions about him and the historicity of his miracles to the problem of his politics and the reasons for his execution The collection brings fresh perspectives and new data to bear on enduring debates and demonstrates the value of history from below in making sense of the historical Jesus and the world that made him

Bible Stories Gavin Evans,2025-10-23 Beginning with the rise of modern Pentecostalism before tracking back 2 500 years author and academic Gavin Evans traces the history of the Abrahamic faiths Christianity Judaism and Islam In this book he explores the New Testament Hebrew Bible

and the Qur'an Delving into recent archaeological research Bible Stories presents evidence that tales such as those of Abraham Isaac and Jacob and also Moses Joshua and the Exodus were entirely mythological Robust interrogation of the evidence allows Evans to go further still casting doubt on the Jesus story and arguing that even if he did exist as an historical figure we know next to nothing about him As well as examining these key religious texts Bible Stories also holds modern atheism to account critiquing the work of some of its most ardent advocates Evans rejects a militant approach and makes a compelling argument for a softer more tolerant atheism

Is the Atheist My Neighbor? Randal Rauser,2015-06-04 Do atheists hate God Many Christians seem to think so For the last three centuries Christians have widely assumed that atheism is always a result of a rebellious sinful rejection

of God According to this view at some level atheists really do know there is a God but they sinfully suppress this knowledge because they want to live independently of God But what if that is not correct What if some folks are atheists not because they re sinful and foolish but because they ve thought hard they ve looked carefully and they have simply not found God What if the common Christian assumptions about atheism are little more than an indefensible prejudice What if the atheist really is our neighbor
