*Jesus on Leadership* C. Gene Wilkes, 1996      Standing Tall When Tempted Jimmy Knott, 2000-08      *The Palgrave Handbook of Servant Leadership* Gary E. Roberts, 2023-04-11 This reference work offers comprehensive perspectives on servant leadership. Featuring a cadre of leading world-class scholars, practitioners, and contributing authors from diverse fields of inquiry, it aims to collate research on servant leadership with a particular focus on its moral and spiritual dimensions. It is divided into sections that center on topics such as character, philosophical influences, diversity, and inclusion; critiques of servant leadership; as well as examples of servant leaders. Though first introduced in the 1970s by Robert Greenleaf, the field of servant leadership is still lacking consensus on a definition and a theoretical framework. The goal of this reference work is to begin to fill this gap by assembling the scholarship of the top scholars in this field and providing a go-to source for information on the theory and practice of servant leadership. This handbook will serve as an essential resource for researchers, scholars, and students of organizational behavior, human resource management, and business ethics, as well as consultants and business leaders interested in discovering the best leadership models to suit contemporary organizations.

**Leadership Matters in Catholic Education** Sean Whittle, Quentin Wodon, 2024-05-26 This edited collection is the first part of a two-volume set which focuses on leadership in Catholic education settings in the United Kingdom. It includes an overview of the importance of different types of leadership, including servant leadership, in understanding and framing Catholic school practice; a critical survey of why leadership matters to ensuring the success of Catholic education; and a discussion of what counts as the defining characteristics of leadership in Catholic education and how this relates to the aims or philosophy of Catholic education. The chapters in this book draw from the insights and experiences of serving Catholic school leaders, as well as from academics and researchers in Catholic education studies. The final two chapters provide a comparative analysis for the United Kingdom in a global perspective using data from the Organisation for Economic Co-operation and Development (OECD). Together, the chapters argue that there is an urgent need to find, nurture, and sustain

outstanding leaders for Catholic schools and colleges      Team Leadership In Christian Ministry Kenneth O.

Gangel,1997-01-05 Team leadership is the exercise of one s spiritual gifts under the call of God to serve a certain group of people in achieving the goals God has given them toward the end of glorifying Christ How is your church or organization governed Does it have an authoritarian top down administration Is the ministry vision developed by a few top officials with little input from staff or volunteers Today the definition of an effective leader has changed No longer does the model leader manage like the Lone Ranger either do it his way or no way Today the model leader shares responsibility with fellow team leaders and seeks to serve them In this complete revision of his earlier work Building Leaders for Church Education Dr Gangel carefully lays a biblical foundation for the team leadership model This leadership is not dogmatic control or personality worship It has no room for political power plays Instead it is Paul gently nurturing young Christians in his epistles It is Barnabas willingly thrusting others into situations where they develop their own gifts It is Christ choosing not one but twelve men to carry on His ministry It is servant leadership With examples illustrations and suggestions for further reading at the end of each chapter Dr Gangel prods and encourages the reader to move beyond the safety net of autocratic leadership into the rewarding effective practice of leading with and through others      **Servant Leadership in Nursing** Mary

O'Brien,2011 Servant Leadership in Nursing Spirituality and Practice in Contemporary Health Care embraces the philosophy that a true leader in any venue must be a servant of those he or she leads This text includes current information on the relevance of servant leadership for nurses practicing in a health care setting with extensive literature review on leadership in nursing and healthcare as well as on servant leadership This unique text also includes many powerful and poignant perceptions and experiences of servant leadership elicited in tape recorded interviews with 75 nursing leaders currently practicing in the contemporary healthcare system      **The Quest for Gender Equity in Leadership** KeumJu Jewel

Hyun,Diphus Chosefu Chemorion,2016-07-29 The call for gender equity in leadership has become a global concern From a Christian perspective all forms of gender prejudice are sinful because they violate God s intention for creating both men and women in God s image Although many Christian authors have published books and journal articles to address gender based injustice very few publications have approached the subject from an African perspective This book is meant to fill the existing gap With a specific reference to the African context this book explores the phenomenon of equity in leadership from various dimensions such as African culture and traditional religion church tradition biblical interpretation as well as from the perspective of contemporary socio economic and political realities in Africa By giving vivid examples of success stories of men and women working together the authors have demythologized the view that women cannot be leaders In addition this book is intended for general readership by Christian men and women throughout the globe For universities and colleges that teach gender studies as a subject the book can serve as a class text or reference resource Seminaries and theological institutions will also find it handy for training and mentoring Christians to promote equity in the church ministry business

and family      **Constructing Blue Collar Leaders in a White Collar World** LaMar Herndon, 2018-03-06 In *Constructing Blue Collar Leaders in a White Collar World* Dr LaMar Herndon considers a group of leaders often overlooked and occasionally denigrated the bivocational pastor *Constructing Blue Collar Leaders in a White Collar World* integrates important theoretical leadership concepts with spiritual and practical realities Dr Herndon explores important topics such as trends and issues facing the global church and its leaders leadership models values and ethics character and integrity cultural effects creativity and innovation reverse mentoring and strategic planning This book is a profoundly honest hands on guide to what constitutes a true leader serving as a bivocational minister Dr Gary Oster Regent University School of Business whether bivocational or not Rev Jewel D Williams M R E Church of God Anderson IN Author of *Fearfully and Wonderfully Made Living our Theology and the Path of a Preacher*      **Being A True Shepherd Leader** ,      *Lessons in Leadership* Randal Roberts, More than fifty contributors including Bill Bright Ted Engstrom Gene Getz Joe Aldrich Walter C Kaiser Jr Jill Briscoe Earl Radmacher and Carl F H Henry offer advice to young leaders      Biblical Servant Leadership Steven Crowther, 2018-06-13 This book explores the concepts from Scripture for Servant leadership and compare these findings with contemporary models of servant leadership It is an examination of Christian leadership for the contemporary world in its global and increasing secular context Leadership studies typically view leadership externally from the results This is a good beginning but leadership needs to also view the inside of leadership in the person of the leader Scripture is uniquely qualified in this area since its first concern is the person who leads not just in leadership behaviors The author uses examples from both the Old and New Testament to establish a new shepherd model of leadership that moves beyond the servant mode to the mode of caring direction This model will provide scholars and researchers as well as leaders themselves with a way of leading that overcomes negative forms of leadership which lead to failure      Leadership Points Of Connection Dr. Bobbi Y. Cumpston, 2024-08-09 *Leadership Points of Connection* developed from the realization that leadership is about making connections in all walks of life But connections are not just for leaders Points of connection are specific interactions with others that bring about illumination creativity innovation and discussions that help relationships grow and organizations expand Connections can unite people for a common purpose that impacts an organization or community for good Meaningful connections can be intentional business meetings or spontaneous moments that leave a long lasting impact The author defines each type of connection along with leadership principles in each chapter through authenticity transformation and service Real life experience and practical examples demonstrate how points of connection can make a difference to individuals organizations and communities Each chapter ends with thought provoking questions that encourage the reader to know who they are what they have to offer others and how to make a positive impact through a point of connection The author hopes that the reader will learn that points of connection go beyond What s in it for me to the encouragement of others through authentic transformational connections that positively impact people and communities      **Leadership**
