Jewish History An Essay In The Philosophy Of History:

Jewish History S. M. Dubnow, 2018-01-19 The popularization of history is by no means to be pursued to the detriment of its severely scientific treatment What is to be guarded against is the notion that tedium is inseparable from the scientific method I have always been of the opinion that the dullness commonly looked upon as the prerogative of scholarly inquiries is not an inherent attribute In most cases it is conditioned not by the nature of the subject under investigation but by the temper of the investigator Often indeed the tediousness of a learned disquisition is intentional it is considered one of the polite conventions of the academic guild and by many is identified with scientific thoroughness and profound learning
