Conspiracies of Conspiracies Thomas Milan Konda, 2019-03-15 It s tempting to think that we live in an unprecedentedly fertile age for conspiracy theories with seemingly each churn of the news cycle bringing fresh manifestations of large scale paranoia But the sad fact is that these narratives of suspicion and the delusional psychologies that fuel them have been a constant presence in American life for nearly as long as there s been an America In this sweeping book Thomas Milan Konda traces the country s obsession with conspiratorial thought from the early days of the republic to our own anxious moment Conspiracies of Conspiracies details centuries of sinister speculations from antisemitism and anti Catholicism to UFOs and reptilian humanoids and their often incendiary outcomes Rather than simply rehashing the surface eccentricities of such theories Konda draws from his unprecedented assemblage of conspiratorial writing to crack open the mindsets that lead people toward these self sealing worlds of denial What is distinctively American about these theories he argues is not simply our country s homegrown obsession with them but their ongoing prevalence and virulence Konda proves that conspiracy theories are no harmless sideshow They are instead the dark and secret heart of American political history one that is poisoning the bloodstream of an increasingly sick body politic

The Bible Conspiracy David Klooz, 2025-02-23 Most people are not aware that numerous cataclysmic events significantly shaped Earth s history including advanced civilizations like Atlantis and Lemuria which were destroyed and forgotten over time Nor do many know that Earth was once part of a system orbiting Saturn and that major cosmic events involving Saturn Jupiter and other planets influenced Earth s development and ancient mythologies and religions Also very few individuals realize that many biblical characters including Jacob Moses and King David were based on historical Egyptian figures and that the Bible was heavily influenced by Egyptian texts rituals religion morals and artifacts Moreover few are aware of the influence of ancient mystery schools on the development of philosophical and religious thought suggesting that secret societies have preserved and transmitted esoteric and occult knowledge through the ages to only the initiates of those societies The concept of a plasma and an electric universe proposes that electrical forces play a critical role in cosmic events and planetary interactions challenging traditional

gravitational theories Plasma is also related to the real purpose and mysteries surrounding the Great Pyramid whose construction reflects sophisticated scientific knowledge of the Earth Solar System and Universe In the end readers will understand that like most stories this one is about the psychopathic need of the few for control and the bending of humankind s will in this case by means of religion and money the worst two innovations of humankind There have never been wars between civilizations but only Class Wars that create them This is the story of an ancient priestly cult that through esoteric and occult knowledge has been able to create and control events that keep humankind in chains [\[1898\]](#) [\[1\]](#) (Warren Chan),2024-07-04 *Vietnam Reconsidered* John Ketwig,2019-05-06 Very few of the many books about the Vietnam War fully address why the fighting was conducted in such a cruel manner why it was prolonged far past its logical end or what ultimately went wrong American literature has been reluctant to emphasize the fact that between 3 5 and 5 million Southeast Asians died many of them peasants that the majority of the bombs dropped from American planes landed on South Vietnam our ally and an impoverished agricultural society or that the use of napalm and Agent Orange was in reality chemical warfare Americans have been reluctant to acknowledge the damage done but after 17 years of another very similar conflict in Afghanistan many Americans are beginning to wonder why our highly financed and supported military isn t more effective This book strongly suggests that the lessons of Vietnam are relevant and worthy of being reconsidered as today s wars are debated From Captain Kangaroo Roy Rogers and Walt Disney to space travel muscle cars and The Beatles the generation that would be sent to fight in Vietnam was uniquely influenced by times that were a changin Like square pegs in a round hole the post World War II baby boomers were brought up with values that made widespread social outcry against the horrors of the war predictable and necessary Those influences and values have long been ignored but this book revives a spirited discussion and analysis of the first war America lost **Die Revolution ist überfällig!** Ludger Eversmann,2025-05-28 Albrecht M ller Urgestein der Sozialdemokratie schrieb 2020 sein Buch Die Revolution ist f llig Der Neoliberalismus der ab den 1980er Jahren nach der Regierungs bernahme Ronald Reagans und Maggie Thatchers TINA die Agenda setzte habe zu einer Zerst rung der an sich gegebenen sozialstaatlichen M glichkeiten und Hoffnungen gef hrt weshalb nun um diesen Entwicklungen Einhalt zu gebieten eine Revolution n tig sei doch sie sei verboten Nachdem sich der Westen aber nun in einem irreversiblen Niedergang befindet wie der Anthropologe und Historiker Emmanuel Todd schrieb steht mehr auf dem Spiel als der Verlust des Sozialstaats die Demokratien seien bedroht von morallosen nihilistischen Oligarchien denen es nur um den eigenen Machterhalt geht und um die Vermehrung ihres obsz n gro en konzentrierten Reichtums Und diese Kr fte bedrohen nicht nur die legitimen demokratischen Ordnungsprozesse sondern sehr fundamental auch den Frieden in der Welt in Nahost ebenso wie in der brigen Welt Um dem verh ngnisvollen Wirken dieser Kr fte Einhalt zu gebieten k nnte nun eine demokratische Revolution tats chlich notwendig werden *The American Deep State* Peter Dale Scott,2014-10-30 This provocative book makes a compelling case for a hidden deep state that influences and often opposes

official U S policies Prominent political analyst Peter Dale Scott begins by tracing America s increasing militarization restrictions on constitutional rights and income disparity since the Vietnam War He argues that a significant role in this historic reversal was the intervention of a series of structural deep events ranging from the assassination of President Kennedy to 9 11 He does not attempt to resolve the controversies surrounding these events but he shows their significant points in common ranging from overlapping personnel and modes of operation to shared sources of funding Behind all of these commonalities is what Scott calls the deep state a second order of government behind the public or constitutional state that has grown considerably stronger since World War II He marshals convincing evidence that the deep state is partly institutionalized in non accountable intelligence agencies like the CIA and NSA but it also includes private corporations like Booz Allen Hamilton and SAIC to which 70 percent of intelligence budgets are outsourced Behind these public and private institutions is the traditional influence of Wall Street bankers and lawyers allied with international oil companies beyond the reach of domestic law With the increasing importance of Gulf states like Saudi Arabia to oil markets American defense companies and Wall Street itself this essential book shows that there is now a supranational deep state sometimes demonstrably opposed to official American policies and public interest *Byline Baltimore* William Hughes,2018-11-28 Bill Hughes Byline Baltimore covers the field from a commentary on the Presidential Campaign from Hell 2016 to an article on the zany comedian Roseanne Barr to the sex scandals in two city Catholic schools to an essay that asks this probing question What Is Deep State Hughes has enjoyed writing about Baltimore s endearing personalities such as Al Kaline Mary Avara Helen Delich Bentley Marilyn Mosby John Waters Amy Davis Matt Porterfield and Judge Tom Ward Each of his 81 commentaries reports tells a story All photos illustrations are by him *Chu Nghia Luu Manh II Dong Yen*,2019-03-22 This is one item of a series of political researches based on major American and foreign authorities in the field of economics and politics **The War Conspiracy** Peter Dale Scott,2013-09-01 Peter Dale Scott examines the many ways in which war policy has been driven by accidents and other events in the field in some cases despite moves toward peace that were directed by presidents This book explores the deep politics that exerts a profound but too little understood effect on national policy outside the control of traditional democratic processes An important analysis into the causes of war and the long lasting effects that major events in American history can have on foreign and military policies The War Conspiracy is a must read book for students of American history and foreign policy and anyone interested in the ways that domestic tragedies can be used to manipulate the country s direction First published in 1972 this edition of The War Conspiracy is fully updated for the twenty first century and includes two lengthy additional essays one on the transition in Vietnam policy in the wake of the Kennedy assassination and the other discussing the many parallels between that 1963 event and the attacks of 9 11

COVID-19 Conspiracy Theories John Bodner,Wendy Welch,Ian Brodie,2020-11-09 As the novel coronavirus Covid 19 spread around the world so did theories stories and conspiracy beliefs about it These theories infected communities from the

halls of Congress to Facebook groups spreading quickly in newspapers on various social media and between friends They spurred debate about the origins treatment options and responses to the virus creating distrust towards public health workers and suspicion of vaccines This book examines the most popular Covid 19 theories connecting current conspiracy beliefs to long standing fears and urban legends By examining the vehicles and mechanisms of Covid 19 conspiracy readers can better understand how theories spread and how to respond to misinformation

Dallas '63 Peter Dale Scott,2015-09-29 Our most provocative scholar of American power reveals the forces behind the assassination of JFK and their continuing influence over our world David Talbot Salon On November 22 1963 President John F Kennedy was gunned down in Dallas by Lee Harvey Oswald Shortly after Oswald himself was killed These events led many to believe there was a far greater plan at work with a secret cabal of powerful men manipulating the public and shaping US policies both at home and abroad for their own interests But no one could imagine how right they were Beneath the orderly facade of the American government there lies a complex network only partly structural linking Wall Street influence corrupt bureaucracy and the military industrial complex Here lies the true power of the American empire This behind the scenes web is unelected unaccountable and immune to popular resistance Peter Dale Scott calls this entity the deep state and he has made it his life s work to write the history of those who manipulate our government from the shadows Since the aftermath of World War II the deep state s power has grown unchecked and nowhere has it been more apparent than that day at Dealey Plaza In this landmark volume Scott traces how culpable elements in the CIA and FBI helped prepare for the assassination and how the deep state continues to influence our politics today As timely and important as ever in the current chaotic political climate Dallas 63 is a reality shattering frightening expos not of those who govern us but of those who govern those who govern us

interested in American history critical thinking and conspiracy thinking China Rising: Capitalist Roads, Socialist Destinations Jeff J. Brown, 2017-03-24 CHINA RISING the latest book by the author of 44 Days Backpacking in China The Middle Kingdom in the 21st Century with the United States Europe and the Fate of the World in Its Looking Glass one of the most engaging political travelogues in recent memory is a comprehensive absorbing eye opening guide to China in the 21st century a volume which in 700 pp packs it all history personal memory sociology political analysis and above all a fair dose of invaluable first hand information designed to detoxify the Western reader's mind from the constant lies served by the Western media in support of Washington's global imperial agenda The result is a thorough rectification a deprogramming of just about everything we as Westerners have been taught to believe about China allowing us to see the Chinese people and their leaders as they really are ordinary human beings just like us with dreams foibles defects and a proud history extending millennia a people that in a century have overcome just about every scourge known to man famines massive drug addiction civil wars invasions grinding poverty and humiliation to become one of the great powers of this century perhaps the greatest and which today much as a result of its success is facing the undying hostility of the world's hegemon the United States itching for a confrontation to reassert imperial control It is thus indispensable for Westerners and Asians to know the truth of the situation what their governments are doing led by the USA behind their backs if the planet is to be spared a nuclear conflict of incalculable horror For as Brown indicates China will not back down this time and neither will Russia her strategic ally who faces the same type of constant harassment and bullying by the West also for having the audacity to defend her sovereignty and set her own foreign policy course The truth therefore must come out about key events from the so called Tiananmen Massacre organized by the CIA to who Mao Zedong really was and did a role for which he earned the love of his countrymen to this day It's a big job but the author an American fluent in Chinese a teacher by profession and with 15 years residence in the Middle Kingdom and a cosmopolitan background is eminently qualified to meet the task Andre Vltchek himself a truth teller of distinction and a man who like Jeff Brown knows China well has endorsed CHINA RISING as a unique instrument of mind liberation Vltchek words are worth heeding The Western public should learn and remember one essential thing about China no matter what European and North American propaganda barks about the People's Republic China is much more democratic than the West It is democratic in its own way For thousands of years it developed its own political system Its rulers no matter who they are are given a conditional right to govern by the people In the past but even now it is called a Heavenly Mandate If the rulers fail to respect the will of the people they get deposed And the Communist Party of China is greatly respectful of the desires of the majority of the Chinese people When they want liberal reforms they are delivered When they want more Communism and an epic fight against corruption like now China's government immediately reacts It is powerful and democratic although it is a very specific and complex arrangement And now the Chinese people are outraged and they are sending clear signals to Beijing do not succumb to the West If you do our nation will suffer immensely

and the rest of the world will turn to ashes The fate of the world hangs in the balance and only truth can prevent a global catastrophe

The Engineering of Consent David Klooz, 2021-02-10 There are many people and many authors who believe that civilization mankind or our species has amnesia I do not believe this I believe we have been lied to since the beginning of recorded history and even before that The first half of this book is about our four previous civilizations and the out of place artifacts and knowledge that has been hidden debunked lost or forgotten such as the giant skeletons recorded in most newspapers in the 19th century recorded Indian Vimanas that flew powered by a spinning plasma engines in 7 000 BCE as well as flying Aeros in Bavaria and the Western United States It is about the Cro Magnon giants of the Atlantean civilization escaping to the area of the Caucasus Mountains Northern Africa the Canary Islands and the East Coast of the Americas during the Solar System cataclysm in 10 900 BCE It is about that same tall Atlantean Aryan Iranian race with blue eyes and red and blonde hair that migrated from the Caucasus mountains and became the ruling class from China to Egypt It is also the story of the stealing destroying hiding and perverting the occult and lost knowledge of the Brotherhood by the High priests of Egypt known as the Scarlet Council so that only they could control who could become part of their New Brotherhood That ancient knowledge was also perverted by the addition of the Jewish Kabbalah a mixture of alchemy numerology gematria and magic as well as by the Alumbrados an emerging occult movement founded by Spanish Marranos The members were baptized Jews who secretly kept their Talmudic faith Also the Khazars Krypto Jews from near the Black Sea with their knowledge of Babylonian black magic and money magic perverted the Mysteries This confusing jumble was added to the existing Egyptian Osiris Isis Horus Cult which was the basis of Freemasonry which was infiltrated by Adam Weishaupt and his 2000 members along with the Jesuits and the Vatican This became the New Illuminati Finally it is about the control of the masses by religion and by the alchemy of social engineering to manipulate the masses through disinformation brainwashing and the fear of terror It uses mass death rituals like 9 11 and public assassination rituals such as that of JFK for shock value The use of this alchemical social engineering is used in the engineering of consent in order to protect the masses from the terror and hopelessness that the Brotherhood itself has created This culture of control can also be seen by the use of political correctness the additional attempts to limit free speech and the creation of hopelessness mistrust and eugenics by lockdowns masks quarantines and forced use of untested injections Remember the Nuremberg Code and Never Again That was a lie as well We are living it that lie

American War Machine Peter Dale Scott, 2010-11-16 This provocative thoroughly researched book explores the covert aspects of U S foreign policy Prominent political analyst Peter Dale Scott marshals compelling evidence to expose the extensive growth of sanctioned but illicit violence in politics and state affairs especially when related to America s long standing involvement with the global drug traffic Beginning with Thailand in the 1950s Americans have become inured to the CIA s alliances with drug traffickers and their bankers to install and sustain right wing governments The pattern has repeated itself in Laos Vietnam Italy Mexico

Thailand Nigeria Venezuela Colombia Peru Chile Panama Honduras Turkey Pakistan and now Afghanistan to name only those countries dealt with in this book Scott shows that the relationship of U S intelligence operators and agencies to the global drug traffic and to other international criminal networks deserves greater attention in the debate over the U S presence in Afghanistan To date America s government and policies have done more to foster than to curtail the drug trade The so called war on terror and in particular the war in Afghanistan constitutes only the latest chapter in this disturbing story
