The Lives of Muhammad Kecia Ali, 2014-10-07 Kecia Ali delves into the many ways the Prophet's life story has been told from the earliest days of Islam to the present by both Muslims and non Muslims Emphasizing the major transformations since the nineteenth century she shows that far from being mutually opposed these various perspectives have become increasingly interdependent [The God Dilemma](#) V.C. Thomas, 2009-08-25 Today's modern technology and scientific knowledge contradicts all religious dogma created in ancient times by ignorant and superstitious people who had just learned to write Modern science can test the strength of one's faith and it can make him a skeptic causing him to discard the religious beliefs of his family for generations past Deep religious experiences or self induced delusions can be explained by physical psychological biological and medical sciences today Evil or Sin is the result of social and mental conditions and can be corrected with education and medication today and without the help of an imaginary God To quote Mark Twain Faith is to believe in what you know for sure is not true *The GOD Dilemma* is an unscientific investigation to justify believing in religion today and in particular the Christian faith It argues that scientific and logical discussions about religion and the existence of God are futile however we cannot stop thinking about it Humans are maybe born with a faith in God's existence and with a

conscience that tells them which is morally and ethically right and which is not Author Thomas used to believe in religion God and Christianity through his teenage years but even if he learned to ignore it during his 50 adult years he never consciously discarded his Christian faith He now shares his investigations and attempts to believe in Jesus Christ once again despite today's knowledge of the universe and evolution and by ignoring the sanctimonious behavior of fundamentalist US Christians In the international scene Thomas believes that the US wars since WWII cannot be justified by the life and the teachings of Jesus Christ There is an underlying moral claim by fundamentalist Christian Americans that its actions are justified by Jesus and Christianity The new phenomenon called Christian Zionism which requires the removal of Palestinians from their homeland to create and expand Israel to enable the second coming of Christ categorically contradicts the teachings of Jesus in the four Gospels Zionism is based on the Old Testament Bible OTB and Revelations in the New Testament both of which are scientifically ridiculous The OTB is also historically questionable about a God interacting with his only chosen people in Middle East and morally criminal God sponsored and assisted armed robbery and genocide to create Israel ancient and modern by today's legal and ethical standards Why has the life and teachings of Jesus Christ not produced universal love and non violence among Christians Why are American Christians the most active supporters of or not speaking out against the wars bombing and destruction by the USA since WWII Are Ashkenazi European Jews really the descendants of Semitic slaves from Egypt What were the reasons for anti-Semitism and the Holocaust in Christian Europe of the past Why is the European Union and the US punishing the Palestinians for the Holocaust crimes in Europe Can God's orders in the Bible be legally used by the United Nations to recreate Israel again in the 20th century after 3000 years by getting rid of Palestinians The book seeks to inform and provoke critical thinking of the readers through this investigation into religion and God and in particular the violent intolerant and self righteous behavior of Christians for centuries past and even in today's enlightened age using the source of the Christian religion the Bible Love and Death Martin Avery, 2011

Edward Phillips, Billy Vaughan, 2009-04-15 To be a follower of Jesus means to bear witness to the truth of God In an age when so many contemporary voices portray faith as a form of personal therapy Gene L Davenport Professor Emeritus of Religion at Lambuth University has consistently reminded us in his own witness that the truth of the Gospel entails confrontation with the world that dwells in darkness These essays in honor of Davenport address the meaning of witness in the face of racism sexism and religious bigotry to name but some of the forms this darkness takes The topics range from emerging forms of prayer to religious themes in cowboy music from the work of white pastors in Mississippi during the growing Civil Rights Movement to the meaning of the Righteous Gentile in Jewish Christian friendship Contributors D Brent Laytham Randy Cooper Stanley Hauerwas Billy Vaughan James T Laney Kenneth L Carder M Douglas Meeks Phyllis Tickle L Edward Phillips Tex Sample Cindy Wesley Joseph T Reiff Margaret J Meyer Charles Mayo **A**

Three Versions of Judas Richard G. Walsh, 2016-04-01 Judas Iscariot known for his betrayal of Jesus is a key figure in the Gospel narratives As an insider become outsider Judas demarcates Christian boundaries of good and evil Three Versions of Judas examines the role of Judas in Christian myth making The book draws on Jorge Luis Borges Three Versions of Judas to present three Judases in the Gospels a Judas necessary to the divine plan a Judas who is a determined outsider denying himself for God's glory and a Judas who is demonic Exploring the findings of biblical criticism and artistic responses to Judas Three Versions of Judas offers an analysis of the evil necessarily inherent in Christian narratives about Judas **A Costly Freedom** Brendan Byrne, 2016-03-24 With this study of the Gospel of Mark Brendan Byrne completes his trilogy of works on the Synoptic Gospels Mark the Cinderella gospel as Byrne says languished for millennia in the shadow of Matthew the first gospel and Luke Beginning in the nineteenth century scholars uncovered what is now generally accepted as the more likely scenario that Mark was the pioneer creating a new literary genre gospel in which to communicate the Good News of Jesus Christ This Good News according to Mark is essentially a message of freedom a freedom however that does not come about without cost a cost to Jesus a cost to the Father and a cost to those called to associate themselves with his life and mission Mark holds out to us both the price and the promise of freedom A Costly Freedom joins The Hospitality of God on Luke and Lifting the Burden on Matthew to make up a set of indispensable companions to the gospels for preachers teachers and those who simply want to read the gospels for understanding and a deepening of their spirituality and faith Brendan Byrne SJ is

The Empathic Civilization Jeremy Rifkin, 2009-12-31 One of the leading big picture thinkers of our day Utne Reader delivers his boldest work in this erudite tough minded and far reaching manifesto Never has the world seemed so completely united in the form of communication commerce and culture and so savagely torn apart in the form of war financial meltdown global warming and even the migration of diseases No matter how much we put our minds to the task of meeting the challenges of a rapidly globalizing world the human race seems to continually come up short unable to muster the collective mental resources to truly think globally and act locally In his most ambitious book to date bestselling social critic Jeremy Rifkin shows that this disconnect between our vision for the world and our ability to realize that vision lies in the current state of human consciousness The very way our brains are structured disposes us to a way of feeling thinking and acting in the world that is no longer entirely relevant to the new environments we have created for ourselves The human made environment is rapidly morphing into a global space yet our existing modes of consciousness are structured for earlier eras of history which are just as quickly fading away Humanity Rifkin argues finds itself on the cusp of its greatest experiment to date refashioning human consciousness so that human beings can mutually live and flourish in the new globalizing society In essence this shift in consciousness is based upon reaching out to others But to resist this change in human relations and modes of thinking Rifkin contends would spell ineptness and disaster in facing the new challenges around us As the forces of globalization accelerate deepen and become ever more complex the older faith based and rational forms of consciousness are likely to become stressed and even dangerous as they attempt to navigate a world increasingly beyond their reach and control Indeed the emergence of this empathetic consciousness has implications for the future that will likely be as profound and far reaching as when Enlightenment philosophers upended faith based consciousness with the canon of reason

Confronting the Mystery of God Gaspar Martinez, 2002-05-13 A highly insightful study of three major movements in Roman Catholic theology over the past thirty years This fascinating work of theological scholarship offers an exceptionally broad scope and powerfully unifying theme Gaspar Martinez first offers penetrating interpretations of three major contemporary theologians working on three continents in quite dissimilar historical cultural social and economic situations Then he goes on to illustrate how Johannes Metz Gustavo GutiTrrez and David Tracy each had a tense ongoing relationship to the mid twentieth century theologians and movements that formed them Karl Rahner nouvelle theologie and Bernard Lonergan respectively Martinez brilliantly contextualizes each of these thinkers In broad strokes he sketches postwar Germany postcolonial Peru and the American century and shows how each man was formed by his era He also examines the lines of influence and relationship between these theologians and some of their nontheological contemporaries Metz and Adorno Bloch and Benjamin GutiTrrez and Paulo Freire JosT Carlos Mariategui and the novelist

JosT Marfa Arguedas and Tracy and thinkers from Eliade and Ricoeur to Gadamer and Derrida Martinez convincingly illustrates how each of these theologians in recent years has focused more directly on the mystery of God entailing greater emphasis on spirituality and mysticism with the consequence that the more properly theological their theologies have become the more they have become negative theologies Life, God, and Other Small Topics Eric Metaxas,2011-10-13 This book is for the seeker in all of us the collector of wisdom and the person who asks What if from the author of Bonhoeffer Miracles and Martin Luther The Greek philosopher Socrates famously said that the unexamined life is not worth living Using this as a starting point Eric Metaxas created a forum encouraging successful professionals to actively think about life s bigger questions Thus Socrates in the City was born First presented to standing room only crowds in New York City and written by luminaries such as Dr Francis Collins Sir John Polkinghorne and Os Guinness these original essays grapple with extraordinary topics from Making Sense out of Suffering to Belief in God in an Age of Science No question is too big in fact the bigger the better because nowhere is it written that finding the answers to life s biggest questions shouldn t be exciting and even perhaps fun *Christianity: Understanding Our Religious World* Thomas Robinson,2020-10-01 An introduction to Christianity covering its History Beliefs Structure and Practices Richly illustrated with colourful photos illustrations maps and charts as well as audio files and a selection of relevant ancient texts This eBook provides a solid jargon free introduction to Christianity for college level classes or for any reader seeking a neutral presentation of Christianity by an author who has taught extensively in the field for over three decades *Western Religions: Understanding Our Religious World* Thomas Robinson,2020-12-22 An introduction to Western Religions Judaism Christianity and Islam covering their History Beliefs Structure and Practices Richly illustrated with colourful photos illustrations maps and charts as well as audio files and a selection of relevant ancient texts This eBook provides a solid jargon free introduction to western religious traditions for college level classes or for any reader seeking a neutral presentation of Judaism Christianity and Islam by an author who has taught extensively in the field of religion for over three decades *Innovating Christian Education Research* Johannes M. Luetz,Beth Green,2021-01-04 This book reformulates Christian education as an interdisciplinary and interdenominational vocation for professionals and practitioners It speaks directly to a range of contemporary contexts with the aim of encouraging conceptual empirical and practice informed innovation to build the field of Christian education research The book invites readers to probe questions concerning epistemologies ethics pedagogies and curricula using multidisciplinary research approaches By helping thinkers to believe and believers to think the book seeks to stimulate constructive dialogue about what it means to innovate Christian education research today Chapters are organised into three main sections Following an introduction to the volume s guiding framework and intended contribution Chapter 1 Part 1 features conceptual perspectives and comprises research that develops theological philosophical and theoretical discussion of Christian education Chapters 2 13 Part 2 encompasses empirical research that examines data to test theory answer big questions and
