Paul and the Hope of Glory Constantine R. Campbell, 2020-11-24 A Unique Study of Pauline Eschatology that Is Both Exegetical and Theological One of the trajectories coming out of Constantine Campbell's award winning book *Paul and Union with Christ* is the significance of eschatology for the apostle Along with union with Christ eschatology is a feature of Paul's thinking that affects virtually everything else While union with Christ is the webbing that joins Paul's thought together eschatology provides the shape of his thought and thus gives shape to his teaching about justification resurrection the cross ethics and so forth There is considerable debate however about Paul's eschatology asking whether he is a covenant or an apocalyptic theologian In *Paul and the Hope of Glory* Campbell conducts a thorough exegetical study of the relevant elements of Paul's eschatological language metaphors and images including parousia the last day inheritance hope and others He examines each passage in context aiming to build inductively an overall sense of Paul's thinking The results of this exegetical study then feed into a theological study that demonstrates the integration of Paul's eschatological thought into his overall theological framework The study is comprised of three parts The first part introduces the key issues both exegetical and theological and sets the parameters and methodology of the book It also offers an historical survey of the scholarly work produced on Paul's eschatology through the twentieth century to the present day The second part contains the detailed exegetical analysis with chapters on each important Pauline phrase metaphor and image related to eschatology The third part turns its attention to theological synthesis It recapitulates relevant conclusions from the evidence adduced in part two and launches into theological discussion engaging current issues and debates This volume combines high level scholarship and a concern for practical application of a topic currently debated in the academy and the church More than a monograph this book is a helpful reference tool for students scholars and pastors to consult its treatment of any particular instance of any phrase or metaphor that relates to eschatology in Paul's thinking

AD70 and the End of the World Paul Ellis, 2017-04-10 Is the world going to hell in a handbasket Is ours the generation that will be left behind Are global events harbingers of the great tribulation Such questions promote a fear and anxiety that is contrary to the hope filled gospel of Jesus Christ In *AD70 and the End of the World* award winning author Paul Ellis offers an alternative gospel based perspective of the last days Based on an in depth study of scripture and the forgotten lessons of history he reveals the astonishing good news hidden within Christ's parables and prophecies of judgment This book is the antidote to pessimistic prophecy It answers questions about Judgment Day the rapture and the end of the age It reinterprets dark tales of vengeance and wrath through the bright light of grace If you are weary of gloomy forecasts or are anxious about the apocalypse *AD70 and the End of the World* will give you a confident and joyful expectation of a bright tomorrow

Paul's Narrative

Thought World Ben Witherington, 1994-01-01 It is a common belief that Paul's letters are not stories but rather theological ideas and practical advice Ben Witherington III thinks otherwise He is convinced that all of Paul's ideas arguments practical advice and social arrangements are ultimately grounded in stories some found in the Hebrew Scriptures and some found in the oral tradition

On the Resurrection, Volume 1 Gary Habermas, 2024-01-15 The first volume of Gary Habermas's magnum opus *On the Resurrection Evidences* represents the culmination of fifty years of research on the probability of Jesus's resurrection Using his minimal facts argument Habermas demonstrates why we ought to trust the biblical and historical testimony of Scripture regarding the resurrection This book is a must read for pastors students and scholars interested in the historical evidence for the resurrection of Jesus Christ

Puzzling Passages in Paul Anthony C. Thiselton, 2018-10-22 Few Christian writings have had the world changing impact of St Paul's epistles to the churches and yet from the very beginning these works proved themselves to be tricky texts The Second Letter of Peter commenting about them says There are some things in them that are hard to understand 2 Pet 3 16 Indeed To this day many issues of their interpretation remain highly contested In this book Anthony Thiselton grasps the nettle and examines forty puzzling passages from Paul's epistles He considers the various scholarly proposals about their meaning and offers his own reflections in the hope of dispersing fog and shedding light and of expounding a coherent and self consistent Paul

More Than Communion Scott MacDougall, 2015-05-21 The dominant contemporary model for ecclesiology theological views of the church itself is the ecclesiology of communion MacDougall argues that communion ecclesiologies are often marked by a problematic theological imagination of the future eschatology He argues further that as a result our ways of practising and being the church are not as robust as they might otherwise be Re imagining the church in the light of God's promised future then becomes a critical conceptual and practical task MacDougall presents a detailed exploration of what communion ecclesiologies are and some of the problems they raise He offers two case studies of such theologies by examining how distinguished theologians John Zizioulas and John Milbank understand the church and the future how these combine in their work and the conceptual and practical implications of their perspectives He then offers an alternative theological view and demonstrates the effects that such a shift would have In doing so MacDougall offers a proposal for recovering the more to communion and to ecclesiology to help us imagine a church that is not beyond the world as in Zizioulas or over against the world as in Milbank but in and for the world in love and service This concept is worked out in conversation with systematic theologians such as Jürgen Moltmann Wolfhart Pannenberg and Johannes Baptist Metz and by engaging with a theology of Christian practices currently being developed by practical theologians such as Dorothy C Bass

Craig Dykstra and those associated with their ongoing project The potential for the church to become an agent of discipleship love and service can best be realised when the church anticipates God's promised perfection in the full communion between God and humanity among human beings within human persons and between humanity and the rest of creation

The Paul Quest Ben Witherington III, 2001-10-22 Ben Witherington III examines the various profiles of the historical Paul that have been newly discovered revealing how a reacquaintance with the classical Roman world has filled in even more details of Paul's life and work

Explorations in Interdisciplinary Reading Robbie F. Castleman, Darian R. Lockett, Stephen O. Presley, 2017-05-31 The tension between reading Scripture as primarily a historically situated text on one hand and binding canon addressed to a community of faith on the other constitutes a crucial issue for biblical interpretation Considering the ways the disciplines of Biblical Studies Biblical Theology Patristics and Systematic Theology approach Scripture and biblical interpretation the Biblical Theology Hermeneutics and Theological Disciplines study group within the Institute of Biblical Research established a four year project aimed at clarifying the relationships between these diverse lines of inquiry into scriptural interpretation found in each of these disciplines The goal of this project was to foster a sustained discussion where exploratory papers might be proposed composed and rewritten for final form using a collaborative process This research project and the present volume resulting from it offers valuable insights into the integration of Biblical Studies and Theology as subdisciplines within the academy The essays collected here fall naturally into the following sections Exegetical Explorations Reception Historical Explorations and finally Theological Practical Explorations

Pseudepigrapha Dead Sea Scrolls as well as the writings of other Hellenistic Jewish authors He also incorporates later rabbinic writings early Christian sources and inscriptions as they shed additional light upon select features of the evidence in question This allows for a deeper look into how particular literary works utilized the discourse of resurrection while also retaining larger comparative insights into what these materials may teach us about the gradual flourishing of resurrection within its early Jewish environment Individual chapters balance a more categorical comparative approach to the problems raised by resurrection definitions diverse conceptions historical origins strategies of legitimation with a more specific focus on particular pieces of the early Jewish evidence 1 Enoch Dead Sea Scrolls Josephus Resurrection of the Dead in Early Judaism 200 BCE CE 200 provides a treatment of resurrection that informs the study of early Jewish theologies as well as their later reinterpretations within Rabbinic Judaism and Christianity

Pauline Politics Daniel Oudshoorn, 2020-03-10

The Pauline Epistles have been claimed as a useful ally by parties across the political spectrum Neoconservatives claim that Paul and his coworkers were law abiding authority honoring devoutly religious people oriented around their respect for hard work private property and family values Liberals claim that the Pauline faction was devoted to the celebration of diversity internally transcending social markers of status and the embrace of peace Radicals claim that Paul was a leader within an anti imperial revolutionary movement sweeping across the eastern portion of the Roman Empire However it is rare for these and still other parties to engage in dialogue with each other because each party tends to operate with presuppositions that make open engagement difficult Pauline Politics examines the main positions taken in relation to Paul and politics and then engages in a thorough examination of the underlying arguments used to argue that this or that position is more or less plausible Underlying arguments tend to relate to two things first positions on the socioeconomic status of Paul his coworkers and other early Jesus loyalists and second positions on Pauline eschatology This volume will comprehensively explore these matters
