

Set-Up & First Brew

IMPORTANT: You cannot use your Keurig brewer until it has been primed for its first use as set forth below.

NOTE: If Brewer has been exposed to temperatures below freezing, allow Brewer at least two hours to reach room temperature before priming. A frozen or extremely cold brewer will not prime properly and can cause damage.

Priming your Brewer

1. Unsnap cord and plug the brewer into a grounded outlet.
2. Place a cup or mug on the Drip Tray Plate.
3. Remove the Water Reservoir from Brewer by first removing Lid from Reservoir, then lifting Reservoir straight up and away from Brewer (may be tight). Rinse with fresh water.
4. Fill Water Reservoir with fresh water so that the water level reaches the line just below the top edge of the clear viewing area. (Be careful not to over fill.)
5. Place Water Reservoir base into the left side of the Brewer and be sure the Water Reservoir Lock Tabs engage with the Brewer. Replace Lid on Water Reservoir.

6. Press Power Button found on upper right panel of the Brewer. The green light next to the Power Button will become illuminated.
7. The red light next to "DE-SCALE" on the LED Control Center will flash to indicate the Brewer needs to be primed. Make sure the handle is all the way down before

continuing. Please note, a K-Cup should not be used for the Priming Sequence.

8. Press the Brew Button below the flashing green light.

NOTE: If the Water Reservoir is empty or not in place on the Brewer, then the blue light next to "ADD WATER" on the LED Control Center will be illuminated. The Brew Button will not be activated until water is added to the Water Reservoir.

9. The Brewer will automatically fill with water (priming it) and then the water will be heated. This will take about 3 minutes. During the heating period the red light next to "HEATING" on the LED Control Center will become illuminated. Once the water is heated, the red light will turn off and the green light above the Brew Button will flash.

NOTE: You may see small amounts of water coming from the Vent and dripping into the Water Reservoir during this and subsequent heating – this is normal.

10. Press the Brew Button below the flashing green light to start a cleansing brew, during which hot water will flow into your cup or mug. Pour the hot water into the sink.
11. The Brewer may take 15 seconds to reheat water between brews during which time the red light next to "HEATING" on the LED Control Center may be illuminated. When the water has heated, the red light will turn off.
12. The one-time priming process is now complete and you are ready to brew!

Ready to Brew your First Cup

1. The green light next to the Power Button on the LED Control Center will be illuminated to indicate the Brewer is powered on.
2. Place a cup or mug on the Drip Tray Plate.
3. Lift the Handle and the K-Cup Holder will open toward you.

CAUTION: There are two sharp needles that puncture the K-Cup® portion pack, one above the K-Cup Holder and the other in the bottom of the K-Cup Holder. To avoid risk of injury, do not put your fingers in the K-Cup Chamber.

4. Select a K-Cup® portion pack.

NOTE: Do not remove the foil lid or puncture the K-Cup® portion pack.

5. Place a K-Cup® portion pack in the K-Cup Holder (as shown in exhibit at top of page).
6. Lower the Handle completely to close the Lid.
7. Press the Brew Button below the flashing green light on the LED Control Center. This will yield a 7.25 oz serving.

NOTE: If you do not push the Brew Button in 60 seconds, the Brew Button will be disabled to prevent accidental activation. Re-activate the Brew Button by raising and lowering the Handle completely.

8. The green light above the Brew Button on the LED Control Center will remain lit while brewing.

CAUTION: There is extremely hot water in the K-Cup Holder during the brew process. To avoid risk of injury, do not lift the Handle or open the K-Cup Chamber during the brew process.

9. There may be a short pause before the brewing process begins. The process lasts for approximately 40 seconds and ends with a burst of air to remove all liquid coffee or tea from the K-Cup.
10. Lift the Handle to remove and dispose of the used K-Cup. **CAUTION: K-Cup will be hot.**
11. Enjoy your first cup of Keurig Brewed® gourmet coffee or tea!
12. The red light next to "HEATING" on the LED Control Center may be lit as the water is heated for the next brew cycle. The Brewer will be ready for use in approximately 15 seconds.

NOTE: Following the brew, your Brewer will fill in preparation for the next brew. The pump will make a vibrating sound. This is normal.

Stopping the Brew Process

If you need to stop the brewing after the process has started, press the Power Button to turn the Brewer "OFF". The flow of coffee or tea will stop, the heating element will shut off and the green light next to the Power Button will disappear.

NOTE: You may get less coffee or tea in your cup during your next brew. We recommend that you perform a cleansing brew with water only after a terminated brew. Then your NEXT brew will be the proper volume.

Keurig B40 User Guide

RS Peters

Keurig B40 User Guide:

Enjoying the Melody of Phrase: An Mental Symphony within **Keurig B40 User Guide**

In a world eaten by monitors and the ceaseless chatter of quick interaction, the melodic splendor and mental symphony created by the prepared word frequently fade into the back ground, eclipsed by the constant noise and disruptions that permeate our lives. Nevertheless, set within the pages of **Keurig B40 User Guide** an enchanting fictional value filled with fresh thoughts, lies an immersive symphony waiting to be embraced. Constructed by a wonderful musician of language, this interesting masterpiece conducts readers on a psychological journey, skillfully unraveling the concealed melodies and profound influence resonating within each carefully crafted phrase. Within the depths of this poignant examination, we will explore the book is main harmonies, analyze their enthralling writing style, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
