words his raising of the lawsuit or both This author feels such conservative scholars miss a satisfactory moral resolution for three reasons a First they fail to understand the depth of Satan s challenge to God It is not merely that Job will curse God It is that God is wrong in his judgement on Job s goodness God missed sin in Job s life Such scholars think their moral resolution is possible because although Job sins Job does not actually curse God Their resolution actually makes Satan right in his challenge of God so that God should step down from his throne and destroy mankind b Second they fail to give proper weight to Job s blamelessness and integrity The raising of the Oath of Innocence is an expression of that blamelessness and integrity It is what God expects of Job though he cannot tell him that directly c Finally they fail to give full expression of God s ultimate judgement on Job Job and only Job spoke rightly about God In the face of such a judgement there is no room to attribute sin or wrongdoing to Job for either his so called excessive words or for his Oath of Innocence My personal interpretation charts a new middle course between these two fold horrors
