time for engineering and this book traces the ups downs and eventual demise of some of the first manufacturers working to serve the particular needs of the agricultural and forestry industries in this densely forested and mountainous region It then looks in depth at the companies who emerged from this who learnt from their own and others mistakes and built on the widespread technological advances of the time to build up names for themselves in Northern parts of Europe Today Valtra now owned by AGCO stands proudly as the last remaining agricultural tractor maker in Scandinavia but The Nordic Tractor shows where their roots lie in the establishment and history of companies such as Bolinder Munktells Volvo and Valmet who all stood out as being major players in the Nordic region Including over 100 photos many of which have been previously unpublished this book will appeal to those with a specific interest in Nordic tractors Nordic engineering and general Nordic history as well as the general tractor enthusiast

Forty Years with Ford Tractors David Pearson,2019-10-01 David Pearson spent more than four decades working for Ford s tractor business starting on the production line at the maker s Dagenham factory before moving to the Basildon tractor plant opened in 1964 He went on to become the maker s UK sales manager and earned a reputation among farmers and dealers as the man who knew all there was to know about Ford tractors Along the way he was involved in the development of some of the most famous machines to bear the blue livery from the Dexta to the 7000 and the FW articulated tractors to the 7810 Edited by agricultural journalist Martin Rickatson Forty Years with Ford Tractors builds

on a series of recollections which originally featured in Classic Tractor magazine and includes additional material to tell David's fascinating story in full. After miraculously passing his test in an Atkinson Borderer way back in 1974, Mick drove in the days when crooks and con men seemed to run the haulage industry. And Mick worked for most of them, earning crap wages from arrogant bosses with the constant threat of your P45 hanging over your head. He learned his trade through trial and error, many trials and lots of errors. His career took him all over Europe and Scandinavia, taking musical shows to Norway, JCBs to Greece, and supermarket deliveries down to Gibraltar. Driving for a variety of firms, he double-manned trucks with his wife Jo for nearly 10 years. Along the way, he has been blown over in high winds, outwitted hijackers, and held hostage by striking Spanish drivers. Now living on a narrow boat on the Grand Union Canal, Mick is approaching retirement and reflects on his varied career. With humour and not a little sarcasm, he concludes that as good as those days were, he certainly wouldn't want to go back.
