New Perspectives on Human Sacrifice and Ritual Body Treatments in Ancient Maya Society Vera Tiesler, Andrea Cucina, 2007-02-15 The central goal of this book is to contribute to the timely discussion and understanding of Maya sacrifice and related posthumous body manipulation Most school children in the US learn about the Maya and their practices based on their cultural and religious beliefs in their Social Studies classes But a number of new sites have been discovered giving an interdisciplinary group of researchers a channel to discuss these acts and their meaning The editors bring together not only archaeologists but anthropologists forensic anthropologists art historians and bioarchaeologists giving the volume a more complete perspective on these sites and the material culture and biological evidence found there The field of archaeology is growing to include the physical remains of ritual practice along with the material remains and this book can be seen as an example of who the study of ancient civilizations can be more comprehensive Additionally this is an international volume with scholars from the area studied which is becoming more and more important in archaeological research This will be of interest to students studying Mayan and Mesoamerican culture as well as those interested in bioarchaeology and human sacrifice

Feeding Fascism Diana Garvin, 2021-12-17 Feeding Fascism explores how women negotiated the

politics of Italy's Fascist regime in their daily lives and how they fed their families through agricultural and industrial labour. The book looks at women's experiences of Fascism by examining the material world in which they lived in relation to their thoughts, feelings and actions. Over the past decade, Diana Garvin has conducted extensive research in Italian museums, libraries and archives. *Feeding Fascism* includes illustrations of rare cookbooks, kitchen utensils, cafeteria plans and culinary propaganda to connect women's political beliefs with the places that they lived and worked and the objects that they owned and borrowed. Garvin draws on first-hand accounts such as diaries, work songs and drawings that demonstrate how women and the Fascist state vied for control over national diet across many manifestations: cooking, feeding and eating to assert and negotiate their authority. Revealing the national stakes of daily choices and the fine line between resistance and consent, *Feeding Fascism* attests to the power of food.

The Publishers' Trade List Annual, 1977 *Beyond the Last 'Post'. Il turismo e le sfide della contemporaneità* Barbara Antonucci, Eleonora Gallitelli, 2024-12-20. Il volume raccoglie i contributi del convegno internazionale *Beyond the Last Post. Il turismo e le sfide della contemporaneità* tenutosi a Roma il 20 e il 21 giugno 2023. Le due giornate collocate all'interno delle attività di ricerca portate avanti dallo Spoke 9 Cultural Resources for Sustainable Tourism CREST progetto PNRR Changes PE5 capofila Università Ca Foscari sono nate dalla necessità di un confronto sui nuovi scenari del turismo. Negli ultimi decenni infatti la promozione del territorio e la fruizione del patrimonio sono state sempre più legate a una serie di post dal post modernismo al post colonialismo senza contare le questioni aperte sul fronte del turismo post Covid. In tale ottica il convegno ha voluto rappresentare un momento di confronto e riflessione attorno ad alcuni post che riguardano il rapporto tra turismo e spazio ponendo al centro del dibattito temi legati alla promozione di un turismo culturale di rinnovata qualità etica e consapevole capace di scardinare la visione univoca e talvolta stereotipata di una destinazione conferendo maggiore visibilità a forme più sostenibili di turismo. In tale ottica i contributi presenti nel volume riflettono su pratiche virtuose di fare turismo e su iniziative mirate a promuovere forme di turismo culturale innovativo con lo sguardo rivolto anche alle nuove tecnologie e alla promozione digitale della destinazione attraverso indagini di tipo semiotico e linguistico. Fare e promuovere un turismo di qualità implica una riscoperta dei luoghi recuperandone una memoria passata inesorabilmente intrecciata alle nuove memorie figlie dell'epoca contemporanea. Il rapporto dinamico tra passato e presente e l'opportunità di fruire lo spazio interpretandolo secondo punti di vista un tempo sommersi nella ridefinizione della relazione tra turisti e autoctoni aprano le porte a un diverso sistema di concepire il movimento nel mondo e i suoi significati.

A History of Italy Claudia Baldoli, 2009-11-19. Until the beginning of the 18th century to be Italian meant to identify with a number of collective memories rather than a national memory. Yet there are elements of continuity that have shaped Italian identity over the past 1,500 years. Religion, food, art and architecture, a literary language as well as a particular relationship between cities and countryside, between family and civil society have all contributed to present day

Italian culture and politics Baldoli explores the history of Italy as a country rather than as a nation in order to trace its fascinating cultural and political development Offering a way into each period of Italian history the book brings Italy s past to life with extracts from poetry novels and music Drawing on the latest research published in English and Italian this is the ideal introduction for all those interested in Italy s cultural and social past and its significance for the country s present
