**Everything you Need for an NVQ in Management**, 2000 All the relevant management techniques and principles are explained in a clear practical style structured around the recently revised National Occupational Standards for Management and Leadership and conforming to the requirements of the Qualifications and Curriculum Authority After reading this book students will be well prepared and have everything needed to compile the portfolio of evidence and achieve the qualification Everything you Need for an NVQ in Management is also an extremely useful and comprehensive encyclopaedia of management techniques and principles for those not wanting to gain a qualification It is written specifically for supervisors and junior managers middle managers and senior managers working within medium and large organisations who wish to increase their knowledge and understanding of business and further their careers whether or not they are working towards a specific qualification It would also prove useful to those running and working in small businesses and to business studies students in schools and colleges

*Digital Decision Making* Ray Corrigan, 2007-06-11 Since the mid 1990s when the general public began using the Internet governments and commerce have made vast investments in digital communications technology There has been confusion and sometimes controversy over these for example the proposed UK identity card system The far reaching commercial and social implications of decisions made in invisible or opaque specialist fields should concern every citizen This book argues that

decisions should be based on an understanding of the systems technology and environment within which they operate that experts and ordinary people should work together and that technology and law are evolving in restrictive rather than enabling ways

More Than Words E4 Richard Dimbleby,Graeme Burton,2003-09-01 First published in 2003 More Than Words provides an accessible introduction to communication theory and practice It covers essential areas of communication including communication between individuals and groups in organizations and through mass media and new technologies This fourth edition of the best selling text has been fully revised and updated to take into account new developments in technology and developments in media culture and communication studies The fourth edition includes case studies assignments and key questions all designed to help students understand the central concepts in communication studies Sections on practical communication and media skills offer guidance on listening skills interpersonal and social skills writing skills leaflet design working in audio visual media and the basics of Web design More Than Words is illustrated with new models and photographs and has checklist summaries for easy revision purposes Clear and practical it is an essential text for students of communication studies

*Alive to the Word* Stephen I. Wright,2013-01-25 In Alive to the Word Stephen Wright offers a constructive introduction to preaching as an existing and varied practice throughout the church on which it is important to continue to reflect theologically so that it is executed with developing spirituality understanding and skill Alive to the Word includes discussion of the full range of key components in the understanding and practice of preaching from its basic theological rationale right through to the dynamics of live communication and its aftermath The books begins by reflecting on the nature and the context of preaching not least in a communications culture and moves on to setting a constructive agenda for the development of preaching as a core practice of the Christian church for the preacher the congregation and the wider church
