month and I would also like all those who buy this book to have the same feeling every month First of all I want to show that it is possible to predict future lottery numbers at whatever combination be it two or three or four or five or six number combinations My first book titled How to Predict Future Lottery Results did present two number combinations You can see by checking the results page how accurate the prediction from the first book has been The first book was published on December 18 2013 All results from 6 49 lotteries around the world after that date have so far verified and validated my predictions on a month by month basis This book presents a three month snapshot of the matching numbers from eight countries around the world during January February and March 2014 These results correspond with the predictions in my first book I have now decided to publish the combinations for predicting four numbers on a month by month basis
