Louder And Funnier Collectors Wodehouse:

Louder and Funnier Pelham Grenville Wodehouse, 1976 *Louder and Funnier* is a collection of articles written for *Vanity Fair* with subjects ranging from Shakespeare and divorce to income tax and ocean liners. Revised by Wodehouse after the initial publication, it features the master's signature reflections on the rich in one of his classic novels. **Wodehouse** Robert McCrum, 2004 He had an extraordinary Broadway career, wrote 90 novels and story collections, and among his immortal characters are Jeeves and the Empress of Blandings. McCrum's magisterial biography chronicles the achievements and shadows of a gilded life. The Novel Life of PG Wodehouse Roderick Easdale, 2014-06-18 Was PG Wodehouse really a traitor, a naive simpleton dominated by his wife and out of touch with the world around him? This book challenges many of the accepted wisdoms about PG Wodehouse and his work and skilfully entwines details of Wodehouse's life with an analysis of his work to show that contrary to popular belief, many of the scenarios, characters, and issues he wrote about came from his own, sometimes bitter, personal experience. It shows, for instance, how Bertie Wooster is a much misunderstood figure in literature and shared many of the characteristics and life story of PG Wodehouse himself. Easdale also gives fresh insight into PG Wodehouse's alleged treachery during World War II and his motives for making five radio broadcasts from Germany, which were to cast a shadow over the rest of his life. Easdale often finds an original angle with which to shatter stale, accepted perception. This book is compelling. *Country Life*. This fascinating examination offers a refreshing and accessible study of Wodehouse's work. Press Association. Delphi Collected Works of P. G. Wodehouse (Illustrated) P. G. Wodehouse, 2021-01-23 An English comic novelist and short story writer, P. G. Wodehouse is best known as the creator of the young bachelor Bertie Wooster and his effortlessly superior manservant Jeeves. Wodehouse penned over 90 books and secured a devoted readership across the world. His first success came as a writer of public school stories based on his own childhood experiences, most notably introducing the strikingly original character Psmith. These were followed by light romances, but in 1913, with the publication of the first Blandings Castle novel, *Something New*, he turned to farce, which became his preferred genre of work. Wodehouse is celebrated for his scholarly command of the English sentence, blended with vivid, far-fetched imagery and the uproarious slang of the late Edwardian era. His novels feature highly complicated plots and hilarious situations, revealing the hand of a master humorist. This comprehensive eBook offers the most complete edition possible of P. G. Wodehouse, with numerous illustrations, rare texts, informative introductions, and the usual Delphi bonus material.
