Mission Rift David E. Woolverton, 2021 There are two types of conflict in congregations conflict that kills and conflict that cultivates growth So argues David E Woolverton in Mission Rift Leading through Church Conflict Conflict that kills that damages or destroys teams ministries missions vibrancy occurs when we as the people of God forget who we are why we re here and where we re going in carrying out the divine mission Conflict that cultivates growth often begins with the same scenarios but leaders see conflict as a context for learning how to live together as a people called to transform their neighborhoods schools and workplaces In Mission Rift Woolverton reorients our view of congregational conflict In part 1 he examines conflict from a theological and ecclesiological framework exploring why it is essential to discipleship and mission In part 2 he presents six principles of missional leadership challenging pastors and other leaders to define themselves within the frameworks of spiritual formation and family systems and then to create environments that facilitate growth in faith communities Rather than resolve conflict too quickly Woolverton explains lest we inadvertently sabotage the potential it has to draw a congregation toward spiritual growth wise leaders recognize that a lack of conflict may be a symptom of missional decline rather than congregational unity When the church pursues its divine mission first conflict may become essential for defining its mission priorities Successfully leading through conflict toward a transformative end will empower a congregation s witness within its community and beyond

Imagining Mission with John V. Taylor Jonny Baker, Cathy Ross, 2020-08-30 The impact that John V Taylor had on our contemporary understanding of mission is vast his determination that mission should mean engagement across cultural boundaries has deep resonance today In Imagining Mission with John V Taylor

leading missional thinkers Jonny Baker and Cathy Ross invite us into a vision of church mission and society which takes John Taylor's ideas seriously seeking to imagine what Taylor's insights might mean for these three areas in our contemporary context. The result is a clarion call to the church to take bigger risks and dream bigger dreams. *Leading in a VUCA World* Jacobus (Kobus) Kok, Steven C. van den Heuvel, 2018-11-28. This open access book brings together works by specialists from different disciplines and continents to reflect on the nexus between leadership, spirituality and discernment particularly with regard to a world that is increasingly volatile, uncertain, complex and ambiguous VUCA. The book spells out first of all what our VUCA world entails and how it affects businesses, organizations and societies as a whole. Secondly, the book develops new perspectives on the processes of leadership, spirituality and discernment particularly in this VUCA context. These perspectives are interdisciplinary in nature and are informed by e.g. management studies, leadership theory, philosophy and theology.

How to Lead and Still Have a Life H. Dale Burke, Women, Church, and Leadership: New Paradigms Eunjoo Mary Kim, Deborah Beth Creamer, 2012-04-06. This book is about leadership: a scholarly and pastoral response to the urgent demand for the renewal of the contemporary Christian church. It challenges readers to articulate the identity and vision of the church in new ways and encourages them to revitalize their ministry with fresh insight and passion from women's perspectives. The eight essays written by female scholars in relation to various areas of theological study and the nine pastoral responses to the essays written by ministers from seven different denominations based on their experiences of actual ministerial settings provide new paradigms of church leadership: theologically profound, practically relevant and historically timely. This volume, a product of a collaborative process between academia and church, promises to be a most useful resource to renew the leadership of the church and its vocational commitment to the transformation of the church and society. **Mission without Conquest** Willis Horst, Ute Paul, Frank Paul, 2015-07-14. Almost sixty years ago the Mennonite missionary team working in the Argentine Chaco decided to look for ways to be effective in their ministry while being faithful to Jesus' lifestyle and teaching. They left behind paternalistic models and conquering methods and were liberated from the mindset of forming a denominational church. As a result, they found an alternative missionary style of walking alongside those they worked with, giving priority to the integrity of the local people. *Mission Without Conquest* is a historical narrative of how the Toba Qom people of the Argentine Chaco followed Jesus' way from the time of their conversion until the formation of an autochthonous church. This book embodies a new way to approach the church's missionary task: a way that makes the mission of Jesus Christ the paradigm for Christian mission until his return. **Leadership Mosaic** Daniel Montgomery, Jared Kennedy, 2016-10-13. There's a leadership crisis in the church. Every leadership model claims to have all the answers to the challenges of leadership. Each perspective emphasizes certain qualities and we search desperately for answers in the absence of clear direction. But there's no simple leadership formula that meets every need we have in life and ministry. Challenging the conventional wisdom about what makes for a good leader, Daniel Montgomery calls us to a countercultural perspective on

leadership rooted in our Creator He presents a new framework for leadership not just a beckoning to further pragmatism relentless productivity or a reactionary cultural fad He helps us see leadership as a mosaic of five characteristics conviction creativity courage collaboration and contemplation reflective of the very image of the triune God Armed with this perspective we will be able to see strive after and celebrate the great and complex vision of leadership God has called us to for the flourishing of our homes churches and workplaces Leading a Healthy Multi-Ethnic Church Mark DeYmaz, Harry

Li, 2013-05-16 Increasingly church leaders are recognizing the power and beauty of the multi ethnic church Yet more than a good idea it is a biblical first century standard with far reaching evangelistic potential How can your church overcome the obstacles to become a healthy multi ethnic community of faith And why should you even try In Leading a Healthy Multi Ethnic Church formerly titled Ethnic Blends Dr Mark DeYmaz provides an up close and personal look at seven common challenges to creating diversity in your church Through real life stories and practical illustrations DeYmaz shows how to overcome the obstacles in order to lead a healthy multi ethnic church He also includes the insights of other effective multi ethnic church leaders from the United States and Australia as well as study questions at the end of each chapter Leading a Healthy Multi Ethnic Church describes what effective local churches in the 21st century will look like and shows us how to create them together as one beyond race and class distinctions Miles McPherson Senior Pastor The Rock Church San Diego CA Mark DeYmaz perhaps more than any pastor in America has his pulse on what it will take for the Church to find real reconciliation in our generation Matt Carter Lead Pastor Austin Stone Community Church Austin TX **Consuming**

Mission Robert Ellis Haynes, 2018-11-09 Short term mission trips are commonplace in American church life Yet their growth and practice have largely been divorced from theological education seminary training and mission studies Consuming Mission takes important steps in offering a theological assessment of the practice of STM and tools for subsequent mission training Using relevant academic studies and original focus group interviews Haynes offers important insights into this ubiquitous practice While carefully examining the biblical and historical foundations for mission Consuming Mission engages more contemporary movements like the Missio Dei Fresh Expressions the Emergent Church and Third Wave Mission movements that have helped shape mission The unique role of United Methodist mission is illustrated through its historical roots and contemporary expression in the ubiquitous STM movement in the United States Haynes uses original field research data to gather the implicit and explicit theologies of lay and clergy participants Cultural influences are significantly influencing STM participants as they use their time money sacrifice and service applied in the name of mission to purchase a personal growth experience commonly sought by pilgrims The resulting tensions from mixing mission pilgrimage and tourism creates are explored Haynes offers important steps to move the practice away from using mission for personal edification

Network Church Andy Lord, 2012-03-19 Pentecostal churches have grown over the last century but only a limited amount has been written about their ecclesiology Much of the existing work focuses on congregational models and contemporary

practice This book argues the need for a pentecostal systematic approach to ecclesiology Utilising the method of Amos Yong a pentecostal ecclesiology based on a network church structure is developed Systematic issues of catholicity are addressed through mission insights on partnership and a hospitable approach to contextualisation is developed This book therefore suggests new ways forward in pentecostal studies and ecclesiology *Crossroads* Robert J.
