Practicing what the Doctor Preached Susan Bales Ridgely, 2017 James Dobson is well known to the secular world as a crusader for the Christian right But within Christian circles he is known primarily as a childrearing expert millions of American children have been raised on his message Practicing What the Doctor Preached looks at how Dobson's rigid authoritarian teachings are put into practice by actual families often in surprisingly flexible ways *Nine Thoughts That Can Change Your Marriage* Sheila Wray Gregoire, 2015-08-18 Is what you believe about marriage getting in the way of a GREAT relationship When you've put into practice all the usual advice but your marriage still falls short of the intimacy and joy you want what then Are patience and perseverance your only hope for a better relationship Author and speaker Sheila Wray Gregoire says Absolutely not The solution to a happier relationship is not found in being a more patient more perfect wife but in taking responsibility for what you can do and especially for how you think about your marriage She challenges

you to replace pat Christian answers with nine biblical truths that will radically shift your perspective on your husband your relationship and your role in God s design for marriage including My Husband Can t Make Me Mad Being One Is More Important Than Being Right Having Sex Is Not the Same as Making Love With humor and honesty Sheila invites you to believe that God wants to bring oneness and intimacy to your marriage and challenges you to partner with Him in that process by changing the way you think *The Dark Side of Hope* Karen Krett,2011-11-30 Using her deep understanding of self psychological theory and her own extensive clinical experience Karen Krett offers us a scholarly yet down to earth examination of hope For too long hope has been promoted as an unmitigated virtue without any consideration of its dark side Yet as Krett shows through revealing clinical examples hope may also impede development and contribute to psychological suffering Her book serves as a wonderful guide from hope s dark side to the light Doris Brothers Ph D author of *Toward a Psychology of Uncertainty Trauma Centered Psychoanalysis* and *Falling Backward An Exploration of Trust and Self Experience* Hope saturates the cultural air we breathe in movies songs advertising political slogans and self help books Now for the first time Karen Krett LCSW is putting hope on the therapist s couch Krett examines the duality of hope In childhood hope can be the emotional glue that keeps us from falling apart from losing the thread of life In adulthood unconscious patterns of hoping for what can never be often interfere with our ability to make good choices in love and work It may seem as if giving up any hope would mean the end of us but Krett offers a refreshingly different perspective by breaking the hold of the dark side of hope we can become free to direct ourselves toward hopes which can be realized **The Church Leader's Counseling Resource Book** Cynthia Franklin Ph.D.,Rowena Fong,2011-02-01 This all in one guide is designed to better equip clergy and the church leaders to meet their congregations needs in a spiritually grounded and scientifically sound manner Succinct easy to read chapters summarize all a pastor needs to know about a given problem area including its signs or symptoms questions to ask effective helping skills and most importantly when to refer to a mental health professional Synthesizing what research says about treatment approaches for mental health issues this user friendly reference is filled with guidelines case scenarios key points to remember resources for further help advice on integrating scripture and theology with the best available research and tips on partnering with others to provide the best possible care for each church member Each chapter is designed for quick lookup by problem area empowering church leaders to understand and help meet the challenges facing the children adults families and communities that they serve **The Walk Out Woman** Dr. Steve Stephens,Alice Gray,2009-01-21 Every woman longs to be appreciated respected and adored but when her needs aren t met within her marriage she could be tempted to walk away As little hurts and disappointments accumulate and her heart hardens a woman s loneliness and vulnerability take over and she might find emotional fulfillment elsewhere perhaps in even a casual encounter with another man When the marriage enters this realm of real danger the woman believes it will be less painful to walk away than try to work on it With heart and wisdom Dr Steve Stephens and Alice Gray offer practical advice

for how to stop this epidemic of walk out women They outline the warning signs of severe marital discontent and share how to reconnect with your spouse communicate your hurt and open your heart If both partners are willing to work at it any marriage can be saved Are You Even Thinking About Walking Out I m at the point where I don t think it is worth the effort anymore The only reason I m staying is because of the children Surely God doesn t want me to be this unhappy Every woman longs to be appreciated valued and cared for When these needs go unmet she may be tempted to leave the husband she once loved but walking out is seldom the path to happiness Like trusted friends Dr Steve Stephens and Alice Gray offer wise and gentle advice to restore hope to your marriage You ll discover proven methods for how you can move toward each other rather than away build up instead of tear down and find love rather than lose it Story Behind the Book Although a growing number of women are walking away from their marriages there are no books to help them realize that this is not the path to happiness A woman s discontentment settles like dust on furniture and although she tries she fails to make her husband understand His responses seem too little and too late Many women mistakenly believe it is easier emotionally to leave the marriage than try to restore it We want a woman to realize that even when her heart seems closed to her husband there is a way to open it and become one again Loss of love does not equal loss of marriage Loss of hope does not mean the relationship should be abandoned *The Battered Wife* Nancy Nason-Clark,1997-01-01 Nason Clark s sociological research reveals how churches and secular organizations have responded sometimes with assistance sometimes not to victims of violence in their midst and how their response could be more effective By exploring the relationship between violence and Christians response to it from various perspectives those of victim clergy congregation this book ultimately encourages a pastoral assistance that reduces violence in the world and helps victims find the inner strength to leave their gardens

Politics of Work Jeffrey Scholes,2013-03-08 Since Martin Luther vocations or callings have had a close relationship with daily work It is a give and take relationship in which the meaning of a vocation typically negotiates with the kinds of work available and vice versa at any given time While vocation language still has currency in Western culture today s predominant meaning of vocation has little to do with the actual work performed on a job Jeffrey Scholes contends that recent theological treatments of the Protestant concept of vocation both academic and popular often unwittingly collude with consumer culture

to circulate a concept of vocation that is detached from the material conditions of work. The result is a consumer friendly vocation that is rendered impotent to inform and if necessary challenge the political norms of the workplace. For example, he classifies Rick Warren's concept of purpose in his best selling book *The Purpose Driven Life* as a functional equivalent of vocation that acts in this way. Other popular uses of vocation along with insights culled from traditional theology and consumer culture studies help Scholes reveal the current state of vocations in the West. Using recent scholarship in the field of political theology, he argues that resisting commodification is a possibility and a prerequisite for a political vocation if it is at all able to engage the norms that regulate and undermine the pursuit of justice in many modern workplaces. **101**
