

# Maze: Solve the Worlds Most Challenging Puzzle by Christopher Manson

[Good Fun!](#)

This is not one of those pencil mazes you worked on as a kid. The entire book is one addictive maze. Each page spread is a room leading to other page/rooms. Your goal is to find the shortest route to the center and back while solving the puzzle in the center room--if you can figure out what the puzzle is. But then, each room is a puzzle filled with clues to decipher. Read the text and examine the gorgeous illustrations carefully. Beware--not every clue can be trusted. If you're an online gamer, consider this a Web site you can carry wherever you go.

I discovered Christopher Mansons MAZE in college and I found it so fascinating I knew I had to share it with the boys and girls at my workplace. I have now shared MAZE with hundreds of children--kindergarten students to sixth-graders--from Lawrence, KS to Denver, CO. Regrettably, someone stole my much-worn original copy last year from the elementary school where I worked (I know, crazy!). I waited nearly a full year before buying not one but two copies of MAZE. My students were thrilled to discover they would have the opportunity to reenter the labyrinth again (they voted MAZE their favorite read last year--despite not being able to finish our journey). MAZE is a fantastic opportunity for children to exercise their brains, draw upon their prior knowledge and explore the depths of their imaginations. More than one child I've known over the years simply had to buy his own copy once I began reading it to his class. There is a online version of the same maze.
