To realize the McDonald's service vision, the organization believes in strengthening their team and ensures to deliver the right skills and knowledge to the right person for getting the right job done. The strength, for making the strong team players to shine under the Golden Arches lies in the People Practice and Development Program.

HR practices:

The field of HRM comes into existence in the result of these questions:

- How did people come to be employees in their organization?
- How were they selected?
- Why do they come to work on regular basis?
- How do they know what to do on their jobs?
- How does management know if the employees are performing adequately?
- And if they are not, what can be done about it?
- Will today employees be adequately prepared for the technologically advanced work the organization will require of them in the years ahead?
- What is the compensation process?

The HR department of McDonald's fulfills all the requirement of these questions in the true sense of the meaning. As HR department deals with people McDonald's strongly believe in well being of people because it is a known quotation that:

"If you take over the liabilities of your employees they will take yours"
