Approaches to Psychic Trauma Bernd Huppertz, 2018-10-16 Approaches to Psychic Trauma Theory and Practice covers the many developments in the relatively new field of trauma therapy It examines the nature of the wide variety of treatments available for traumatized people describing elements they have in common and those that are specific to each treatment Originating with the editor's clinical experience working with patients from the former German Democratic Republic contributors then discuss alternative therapies including ego psychology self psychology object relations theory attachment theory psychoanalysis and art therapies Case studies further illustrate the application and practice Approaches to Psychic Trauma presents a diversity of theories and tools centering on trauma and history and through the microcosm of individual personalities one may have a close up view of how historical events as well as personal narratives and reactions to them consciously and unconsciously affect the individual

Treatment of Complex Trauma Christine A. Courtois, Julian D. Ford, 2015-09-21 The research base on complex psychological trauma has grown significantly in recent years Yet even with the development of more effective techniques for treating complex trauma survivors therapists often struggle to build strong relationships with these severely distressed clients In this guide the authors present an approach for helping adult clients move through the three phases of posttraumatic recovery and for managing the inevitable roadblocks and relationship issues that occur The introductory chapters explore how complex trauma emerges from chronic victimization and the disruption of attachment bonds in childhood or adulthood and review diagnostic considerations Two extended case examples highlight clinical issues that arise with this population and running throughout the chapters show how to use a secure therapeutic alliance as a foundation for utilizing evidence based treatment strategies The authors demonstrate ways to weave together elements of cognitive behavioral psychodynamic relational and systemic therapies along with other proven approaches in the service of working toward clearly defined therapeutic goals In Phase 1 the emphasis is basic safety and personal stabilization Phases 2 and 3 address trauma processing and the challenges of creating a new more satisfying life Strategies for tailoring interventions to each individual's needs and strengths aided by ongoing assessment are detailed Applications in group couple and family therapy are also discussed
