Brothers in the Beloved Community Marc Andrus, 2021-11-16 The beautiful and wise account of Martin Luther King Jr and Zen Buddhist Thich Nhat Hanh who gave greater life to all of us through their remarkable friendship and shared vision of nonviolence Joan Halifax author of *Standing at the Edge* The day after Martin Luther King Jr was assassinated in 1968 Thich Nhat Hanh wrote a heartbroken letter to their mutual friend Raphael Gould He said I did not sleep last night They killed Martin Luther King They killed us I am afraid the root of violence is so deep in the heart and mind and manner of this society They killed him They killed my hope I do not know what to say He made so great an impression in me This morning I have the impression that I cannot bear the loss Only a few years earlier Thich Nhat Hanh wrote an open letter to Martin Luther King Jr as part of his effort to raise awareness and bring peace in Vietnam There was an unexpected outcome of Nhat Hanh's letter to King The two men met in 1966 and 1967 and became not only allies in the peace movement but friends This friendship between two prophetic figures from different religions and cultures from countries at war with one another

reached a great depth in a short period of time Dr King nominated Thich Nhat Hanh for the Nobel Peace Prize in 1967 He wrote Thich Nhat Hanh is a holy man for he is humble and devout He is a scholar of immense intellectual capacity His ideas for peace if applied would build a monument to ecumenism to world brotherhood to humanity The two men bonded over a vision of the Beloved Community a vision described recently by Congressman John Lewis as a nation and world society at peace with itself It was a concept each knew of because of their membership within the Fellowship of Reconciliation an international peace organization and that Martin Luther King Jr had been popularizing through his work for some time Thich Nhat Hanh Andrus shows took the lineage of the Beloved Community from King and carried it on after his death *Love's Rite* R. Vanita, 2005-10-20 This is the first book to examine the same sex weddings and same sex couple suicides reported in India over the last two decades Ruth Vanita examines these cases in the context of a wide variety of same sex unions from Fourteenth century narratives about co wives who miraculously produce a child together to Nineteenth century depictions of ritualized unions between women to marriages between gay men and lesbians arranged over the internet Examining the changing legal literary religious and social Indian and Euro American traditions within which same sex unions are embedded she brings a fresh perspective to the gay marriage debate suggesting that same sex marriage dwells not at the margins but at the heart of culture *Love's Rites* by Ruth Vanita is a finalist for a Lambda Literary Award **The Prophet and the Bodhisattva** Charles R. Strain, 2014-02-19 Can religious individuals and communities learn from each other in ways that will lead them to collaborate in addressing the great ethical challenges of our time including climate change and endless warfare This is the central question underlying *The Prophet and the Bodhisattva* It juxtaposes two figures emblematic of an ideal moral life the prophet as it evolved in ancient Israel and the bodhisattva as it flowered in Mahayana Buddhism In particular *The Prophet and the Bodhisattva* focuses on Daniel Berrigan and Thich Nhat Hanh who in their lives embody and in their writings reflect upon their respective moral type Berrigan a Jesuit priest pacifist and poet is best known for burning draft files in 1968 and for hammering and pouring blood on a nuclear warhead in 1980 His extensive writings on the Hebrew prophets reflect his life of nonviolent activism Thich Nhat Hanh Buddhist monk Vietnamese exile and poet struggled to end the conflict during the Vietnam War Since then he has led the global movement that he named Engaged Buddhism and has written many commentaries on Mahayana scriptures For fifty years both have been teaching us how to pursue peace and justice a legacy we can draw upon to build a social ethics for our time *Transcendence and Violence* John D'Arcy May, 2003-06-19 The first two parts of this book present four detailed historical studies filled with Geertzian thick description of the encounters of Christianity and Buddhism universal religions with a high quotient of transcendence with various primal religious traditions biocosmic or immanentist of the Asian Pacific region namely Aboriginal Australia and Melanesia Christianity and Sri Lanka and Japan Buddhism In each case the encounters represented a failure of the great traditions In the third constructive and theological part of the book the author shows how an acknowledgment of these failures may

provide a back door to dialogue **Engaged Buddhism** Christopher S. Queen, Sallie B. King, 1996-03-14 This is the first comprehensive study of socially and politically engaged Buddhism in the lands of its origin. Nine accounts of contemporary movements in India, Sri Lanka, Thailand, Tibet, Taiwan, Vietnam, and Japan are framed by interpretive essays. The historical development and institutional forms of engaged Buddhism are considered in the light of traditional Buddhist conceptions of morality, interdependence, and liberation, and Western ideas of freedom, human rights, and democracy. Since the fiery self-immolation of the Vietnamese monk Thich Quang Duc on a Saigon street in 1963, engaged Buddhism has spread throughout Asia and the West. Twice in recent years the Nobel Prize for peace was awarded to Buddhists for their efforts to free their compatriots from totalitarian regimes. Engaged Buddhism presents ordained and lay Buddhist activists like Thich Nhat Hanh of Vietnam, Buddhadasa Bhikkhu and Sulak Sivaraksa of Thailand, A. T. Ariyaratne and the Sarvodaya Shramadana movement of Sri Lanka, Daisaku Ikeda and the Soka Gakkai movement of Japan, followers of the Indian Untouchable leader Dr. B. R. Ambedkar, and Buddhist women throughout Asia. These leaders have campaigned relentlessly, attracted and organized millions of new converts, faced death threats, landed in jail, founded schools and universities, and produced a massive new Buddhist literature to restore social and economic justice to their societies. Hurting Kids Michelle Mary Lelwica, 2024-08-01 *Hurting Kids* explores religion's impact on Americans' beliefs about justice and on teenagers who get in trouble with the law. Why do many of us assume that punishment is an appropriate moral response to crime? How have diverging Christian narratives about divine punishment and God's mercy supported different responses to juvenile wrongdoing? What do these competing notions of justice imply for youth offenders today, nearly all of whom have been violated by the unjust and traumatic circumstances of their lives? Weaving together research on the juvenile justice system, theological analysis, self-examination of white privilege, and the stories and perspectives of incarcerated youth, *Hurting Kids* asks us to understand and care about the complicated humanity of a population of teenagers who are often deemed not only delinquent but dispensable. Sharing snippets of her conversations with incarcerated youth, Lelwica demonstrates that whatever harm these kids have inflicted on others is rooted in the painful experiences they have survived, experiences that are shaped by systemic injustices that benefit people with privilege. Ultimately, *Hurting Kids* challenges common assumptions about guilt and innocence while advocating for a kind of justice for youth that promotes equity, compassion, accountability, and healing for all. *Plunging Through the Clouds* David K. Reynolds, 1993-01-26 *Constructive Living* brings together two psychotherapies, Morita and Naikan, and their associated lifeways. Both therapies were developed in this century, but their roots extend back hundreds of years in East Asian history. Morita was a professor of psychiatry at Jikei University School of Medicine in Tokyo. Yoshimoto was a successful businessman who retired to become a lay priest in Nara. Morita's method has its origins in Zen Buddhist psychology, and Yoshimoto's Naikan has its origins in Jodo Shinshu Buddhist psychology. Neither of these systems requires that one believe in Buddhism or have faith in anything other than one's experience. They work as well

for Christians and Moslems and Jews as for Buddhists Both are built on the naturalistic observations of humans and careful introspection of their founders Constructive Living isn't mystical or oriental but practical and human **The Wall Between Us** Matthew Small, 2018-11-01 The biology of Israel Palestine simply and beautifully revealed from the author of Down and Out Today Notes from the Gutter Jon Snow journalist and presenter Writer Matthew Small traveled to the Holy Land to further his understanding of the enduring conflict between Israel and Palestine While there he discovered beauty fear and suffering like nowhere else in the world In these honest and evocative reflections Small retells his experiences of crossing into the West Bank to work the olive harvest with Palestinian farmers He relates his encounters with organizations that are determinedly working to sow the seeds of peace in soils that are deeply scarred by suffering and war While reliving these unforgettable experiences through his writing he struggles to find why the wall between these two groups of people exists Deciding to join a group of international and Israeli volunteers Small attempts to show that despite the ongoing occupation peace is not lost but still to be discovered Matthew Small despite the horror of both the war and the wall works and travels both sides of the divide and brings us to an understanding of where the seeds of peace can yet be found Jon Snow journalist and presenter What is really refreshing about this book is the way Small writes from a very personal perspective often admitting in his diary entries that he's unsure what to write or how he feels about the situation His emotion surrounding his visit and the people living amongst the occupation every day is portrayed in a gritty raw way **The Bookbag Animals and World Religions** Lisa Kemmerer, 2012-01-19 Despite increasing public attention to animal suffering human beings continue to exploit billions of animals in factory farms medical laboratories and elsewhere This wide ranging study shows how spiritual teachings in seven major religious traditions can help people consider their ethical obligations towards other creatures
