Emigrant Players Paul Darby,David Hassan,2013-10-18 Ireland and its inhabitants have often been described as being sports mad As a relatively small geographical entity Ireland north and south has produced a disproportionately high number of world class sports men and women who have excelled at the highest levels of their chosen sport The significance of sport in Ireland though extends far beyond the achievements of such individuals Sport has historically assumed a centrality in the lives of the island's inhabitants a fact that can be measured by the numbers and commitment of participants as well as the emotional and financial investment of fans This book seeks to address the ways in which Irish aptitude and ebullience for sport has manifested itself in those parts of the world that have or have had relatively large Irish communities The first part of the book explores the diffusion of Gaelic games to a number of centres of Irish immigration and examines the social economic political and psychological impact that these games had in helping the Diaspora adjust to life in what were often inhospitable environs The second part of the book extends the analysis by examining the contribution of Irish sports men and women to the sports culture that they encountered in their new homes and assessing the ways in which their involvement in these sports allowed them to come to terms with and make their way in their new locales This book was previously published as a special issue of the journal Sport in Society

**New Perspectives on the Irish Abroad** Mícheál Ó hAodha,Máirtín Ó Catháin,2014-03-25 The relationship between Ireland and the diversity of its diasporas has always been complex and multi layered but it is not until recently that this reality has really been acknowledged in the public sphere and indeed amongst the scholarly community generally This reality is partly a consequence of both push and pull factors and the relatively late arrival of globalization trends to the island of Ireland itself situated as it is on the Atlantic seaboard between Europe and the US Ireland is changing however some would say at an unprecedented speed as compared with many of its neighbours and the sense of Irish identity and connection to the home

country is changing too What is the relationship of Ireland and the Irish with its diaspora communities and how is this articulated The voices who speak in *New Perspectives on the Irish Abroad The Silent People* edited by Micheal Aodha and Mairéad Cathain talk back to Ireland and Ireland talks to them and it is in telling that we see a new story an emerging discourse the narratives of the hidden Irish the migrant Irish the diaspora whose voices and refrains were hitherto neglected or subject to silence

**Multiculturalism's Double-Bind** John Nagle, 2016-04-15 Using a rich array of ethnographic and archival data closely considering the Irish and the manner in which Irishness was rendered inclusive *Multiculturalism's Double Bind* demonstrates that multiculturalism can encourage cross community political engagement in the global city This book challenges the perceived wisdom that multiculturalism counteracts the opportunity for groups to move beyond their particularized constituency to build links and networks with other minority groups Theoretically informed and empirically grounded this volume will appeal to scholars across a range of disciplines including migration and ethnicity social and cultural

anthropology Irish studies and sociology      *Nation States* Michael Mays, 2007-02-16 Drawing on diverse cultural forms and ranging across disciplinary boundaries *Nation States* maps the contested cultural terrain of Irish nationalism from the Act of Union of 1800 to the present In looking at Irish nationalism as a site of struggle Mays examines both the myriad ways in which the nation fashions itself as the a priori ground of identity and those processes through which nationalism engenders an ostensibly unique national identity corresponding to one and only one nation state the place where we always have been and can only ever be at home      **Time, Space, and the Market** Stephen Brown, John F. Sherry Jr, 2014-12-18 A study of retrosapes commercial environments that evoke past times and places a ubiquitous manifestation of modern marketing It covers an array of retailing milieux in a number of different countries at a variety of spatial scales and from various evaluative perspectives both pro and con      *Dickens, Journalism, and Nationhood* Sabine Clemm, 2010-04-15 *Dickens Journalism and Nationhood* examines Charles Dickens weekly family magazine *Household Words* in order to develop a detailed picture of how the journal negotiated asserted and simultaneously deconstructed Englishness as a unified and sometimes unifying mode of expression It offers close readings of a wide range of materials that self consciously focus on the nature of England as well as the relationship between Britain and the European continent Ireland and the British colonies Starting with the representation and classification of identities that took place within the framework of the Great Exhibition of 1851 it suggests that the journal strives for a model of the world in concentric circles spiraling outward from the metropolitan center of London Despite this apparent orderliness however each of the national or regional categories constructed by the journal also resists and undermines such a clear cut representation      **My Revision Notes: GCSE English for CCEA Revision ePub** Pauline Wylie, John Andrews, Aidan Lennon, 2012-05-25 Written by a team of experienced examiners and teachers with a detailed knowledge of the new specification this book gives you the skills and reassurance you need to succeed GCSE English for CCEA Revision accompanies and supports the GCSE English language and English for CCEA student book 9781444110944
