Historical Dictionary Of French Literature Historical Dictionaries Of Literature And The Arts:

Historical Dictionary of French Literature John Flower, 2013-01-17 Almost all of us know French literature even if we don't know French because it is probably the second largest and certainly the most translated into English. And even if we don't read we would have seen film and television versions think *Count of Monte Cristo* and even a musical rendition *Les Mis*. So this is a particularly interesting volume in the literature series since it covers French literature from the earliest times to the present. It is also a particularly rich literature espousing every genre from poetry to novel to biography to drama and adopting every style including realism and surrealism and expressing the views of all classes and political stands with recently strong feminist and gay strains. Obviously the core dictionary section includes among its panoply of often substantial and detailed entries hundreds of authors dozens of significant works the various styles mentioned above and many others events that have impacted literature such as the Dreyfus Affair and the Algerian War and literary prizes. The chronology manages to cover about 1 200 years of literary output. And the introduction sets it all out neatly from one historical and literary period to the next. The bibliography broken down by period and author directs us to further reading in both French and English.

Historical Dictionary of French Theater Edward Forman, 2010-04-27 The term French theater evokes most immediately the glories of the classical period and the peculiarities of the Theater of the Absurd. It has given us the works of Corneille Racine and Moliere. In the Romantic era there was Alexander Dumas and surrealist works of Alfred Jarry and then the Theater of the Absurd erupted in rationalistic France with Samuel Beckett Eugene Ionesco and Jean Paul Sartre. The *Historical Dictionary of French Theater* relates the history of the French theater through a chronology introduction bibliography and over 400 cross referenced dictionary entries on authors trends genres concepts and literary and historical developments that played a central role in the evolution of French theater.

Historical Dictionary of Contemporary American Theater James Fisher, 2021-07-15 Historical Dictionary of Contemporary American Theater Second Edition covers theatrical practice and practitioners as well as the dramatic literature of the United States of America from 1930 to the present The 90 years covered by this volume features the triumph of Broadway as the center of American drama from 1930 to the early 1960s through a Golden Age exemplified by the plays of Eugene O'Neill Elmer Rice Thornton Wilder Lillian Hellman Tennessee Williams Arthur Miller William Inge Lorraine Hansberry and Edward Albee among others The impact of the previous modernist era contributed greatly to this period of prodigious creativity on American stages This volume will continue through an exploration of the decline of Broadway as the center of U S theater in the 1960s and the evolution of regional theaters as well as fringe and university theaters that spawned a second Golden Age at the millennium that produced another and significantly more diverse generation of significant dramatists including such figures as Sam Shepard David Mamet Maria Iren Fornes Beth Henley Terrence McNally Tony Kushner Paula Vogel Lynn Nottage Suzan Lori Parks Sarah Ruhl and numerous others The impact of the Great Depression and World War II profoundly influenced the development of the American stage as did the conformist 1950s and the revolutionary 1960s on in to the complex times in which we currently live Historical Dictionary of the Contemporary American Theater Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 000 cross referenced entries on plays playwrights directors designers actors critics producers theaters and terminology This book is an excellent resource for students researchers and anyone wanting to know more about American theater

Historical Dictionary of Francesco Borromini Lilian H. Zirpolo, 2025-07-10 Francesco Borromini was one of the most notable architects of the 17th century and though he fell into disfavor by the end of the following century today he is classified as one of the most innovative architects in history Although Borromini enjoyed a highly successful career he was already subjected to intense criticism during his lifetime Criticism continued well after Borromini's death when the most often used word to assess his work was bizarre Critics begrudged the fact that in their view Borromini ignored the traditional rules of architecture that had been established by the ancients and revived during the Renaissance era They did not recognize that Borromini was indeed an avid student of both ancient and Renaissance architecture and that he often borrowed elements from these two eras but then applied them to his structures in

new and inventive ways It was not until art historians began assessing Borromini's architecture in a sober and nonjudgmental manner in the late 19th century that he was finally given his proper place in the history of architecture This book assesses Borromini's individual commissions following the proper scholarly methodology as well as his biographical details artistic development relationship with his protectors and patrons and external circumstances that might have determined his artistic output This book emphasizes the innovations Borromini introduced to the field of architecture and how these influenced later artists

Historical Dictionary of Music of the Classical Period Bertil van Boer,2024-12-30

The Classical period is one of deep intellectual ferment of rapid growth and change and of explosive creativity in the world of music It may have had its roots in the music of an earlier era and been the harbinger of progressive music of that which followed but it must be seen as the necessary evolutionary era without which modern music and all of its variety could not exist Moreover in opera houses festivals and concert halls all over the world music from the period may indeed be performed more than any other form making it one the most accessible and popular periods It has remained a living and vibrant part of the repertory indeed offered a kaleidoscope of genres and works that never cease to enchant and amaze *Historical Dictionary of Music of the Classical Period* Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 800 cross referenced entries on composers conductors musicians operas important technical terms and emerging musical forms This book is an excellent resource for students researchers and anyone wanting to know more about classical music

Historical Dictionary of Music of the Classical Period Bertil H. Van Boer,2012-04-05

When we speak of classical music it often refers rather loosely to serious art music but at the core is really the music of the classical period running from about 1730 to 1800 give or take This was truly one of the most glorious periods for both composition and performance and it is this classical music which is still at the core of today's repertoire Obvious names connected with this period are Haydn Mozart and Beethoven but there were many more still reasonably well known like Gluck and C P E Bach and dozens more who are regrettably little known today This *Historical Dictionary of Music of the Classical Period* includes not only these composers but also eminent conductors and performers patrons and publishers There are also dictionary entries on major centers of music making typical instruments important technical terms and emerging musical forms including the symphony and opera Indeed with a 1 000 cross referenced entries there is information on most matters of interest This is prefaced by an extensive chronology tracing the course of this period from year to year and an introduction taking a careful look at the period as a whole Finally there is a substantial bibliography Surely this is a book which will appeal not only to students and researchers but all music lovers

Historical Dictionary of Russian Theatre Laurence Senelick,2015-08-13 A latecomer continually hampered by government control and interference the Russian theatre seems an unlikely source of innovation and creativity Yet by the middle of the nineteenth century it had given rise to a number of outstanding playwrights and actors and by the start of the twentieth century it was in the vanguard of

progressive thinking in the realms of directing and design Its influence throughout the world was pervasive Nikolai Gogol Anton Chekhov and Maksim Gor kii remain staples of repertoires in every language the ideas of Konstantin Stanislavskii Vsevolod Meierkhol d and Mikhail Chekhov continue to inspire actors and directors while designers still draw on the graphics of the World of Art group and the Constructivists What distinguishes Russian theater from almost any other is the way in which these achievements evolved and survived in ongoing conflict or cooperation with the State This second edition of Historical Dictionary of Russian Theatre covers the history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1000 cross referenced entries on individual actors directors designers entrepreneurs plays playhouses and institutions Censorship Children s Theater migr Theater and Shakespeare in Russia This book is an excellent access point for students researchers and anyone wanting to know more about Russian Theatre

Historical Dictionary of African American Television Kathleen Fearn-Banks, Anne Burford-Johnson, 2014-10-03 From Amos n Andy to The Jeffersons to Family Matters to Chappelle s Show this volume has all different genres animation documentaries sitcoms sports talk shows and variety shows and performers such as Muhammad Ali Louis Armstrong Bill Cosby and Oprah Winfrey Additionally information can be found on general issues ranging from African American audiences and stereotypes through the related networks and organizations This second edition covers the history of African Americans on television from the beginning of national television through the present day including chronology introductory essay appendixes bibliography over 1000 cross referenced entries on actors performers producers directors news and sports journalists entries on series specials and movies relevant to African American themes and African American casts This book is an excellent access point for students researchers and anyone wanting to know more about the history of African Americans and their impact on television

Historical Dictionary of Baroque Music Joseph P. Swain, 2023-05-08 Named a Library Journal Best Reference of 2023 Bravo An invaluable source for scholars and concertgoers Library Journal In the history of the Western musical tradition the Baroque period traditionally dates from the turn of the 17th century to 1750 The beginning of the period is marked by Italian experiments in composition that attempted to create a new kind of secular musical art based upon principles of Greek drama quickly leading to the invention of opera The ending is marked by the death of Johann Sebastian Bach in 1750 and the completion of George Frideric Handel s last English oratorio Jephtha the following year The Historical Dictionary of Baroque Music Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on composers instruments cities and technical terms This book is an excellent resource for students researchers and anyone wanting to know more about baroque music

The A to Z of French Cinema Dayna Oscherwitz, Mary Ellen Higgins, 2009-09-02 It can be argued that cinema was created in France by Louis Lumi re in 1895 with the invention of the cin matographe the first true motion picture camera and projector While there were other cameras and devices invented earlier that were capable of projecting intermittent motion of images the cin

matographe was the first device capable of recording and externally projecting images in such a way as to convey motion. Early films such as *Lumière's La Sortie de l'usine* a minute long film of workers leaving the Lumière factory captured the imagination of the nation and quickly inspired the likes of Georges Méliès, Alice Guy and Charles Pathé. Through the years French cinema has been responsible for producing some of the world's best directors: Jean Renoir, Jean-Luc Godard, François Truffaut and Louis Malle, and actors: Charles Boyer, Catherine Deneuve, Gérard Philipe and Audrey Tautou. *The A to Z of French Cinema* covers the history of French film from the silent era to the present in a concise and up-to-date volume detailing the development of French cinema and major theoretical and cultural issues related to it. This is done through a chronology, an introduction, photographs, a bibliography and hundreds of cross-referenced dictionary entries on many of the major actors, directors, films, movements, producers and studios associated with French cinema. Going beyond mere biographical information, entries also discuss the impact and significance of each individual film movement or studio included. This detailed scholarly analysis of the development of film in France is useful to both the novice and the expert alike.

Historical Dictionary of Holocaust Cinema Robert C. Reimer, Carol J. Reimer, 2024-12-19. Some 80 years after the end of World War two and Nazi Germany's attempt to annihilate European Jews and the Jewish culture, the story of the Holocaust continues to be told in novels, paintings, music, sculpture and film. Over the past eight decades, close to a thousand documentaries, narrative shorts and features, television miniseries and filmed statements from survivors have confronted the horrors of the past, creating a recognizable iconography of persecution, suffering and genocide. While arguably movies and television have a tendency to overly simplify if not trivialize historical events, popular culture artists also keep the past from being forgotten. *Historical Dictionary of Holocaust Cinema* Second Edition contains a chronology, an introduction and an extensive bibliography. The dictionary section has more than 175 cross-referenced entries on films, directors and historical figures. Foreign language, experimental and canonical films are included. This book is an excellent resource for students, researchers and anyone wanting to know more about Holocaust cinema.

Historical Dictionary of Surrealism Will Atkins, 2021-12-10. The Surrealist Movement is an international intellectual movement that has led a sustained questioning of the basis of human experience under twentieth and twenty-first century modernity since its founding in the early 1920s. Influenced by the psychoanalytical teachings of Sigmund Freud, Surrealism emerged among the generation that had witnessed the insanity and horror of the First World War and was conceived of as a framework for investigating the little understood phenomena of dreams and the unconscious. In these territories, the surrealists recognized an alternative axis of human experience that did not align with the rational, workaday rhythms of modern life and which instead revealed the extent to which individual subjectivity had been constrained by post-Enlightenment rationalism and by the economic forces governing the post-industrial world. Against these trends, the Surrealist Movement has sought to re-evaluate the foundations of modern society and reassert the primacy of the imagination for almost a century to date. This book offers focused

introductions to numerous writers poets artists filmmakers precursors groups movements events concepts cultures nations and publications connected to Surrealism providing orientation for students and casual readers alike **Historical Dictionary of Surrealism** Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 200 cross referenced entries on the Surrealist Movement s engagement with the realms of politics philosophy science poetry art and cinema and charts the international surrealist community s diverse explorations of specific thematic territories such as magic occultism mythology eroticism and gothicism This book is an excellent resource for students researchers and anyone wanting to know more about surrealism

Historical Dictionary of Choral Music Melvin P.

Unger,2023-08-14 A Library Journal Starred Review March 2024 praises the book as a remarkable resource that will please both musical professionals and amateurs along with teachers and their students and conductors and singers Throughout the ages people have wanted to sing in a communal context This desire apparently stems from a deeply rooted human instinct Consequently choral performance historically has often been related to human rituals and ceremonies especially rites of a religious nature **Historical Dictionary of Choral Music** Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 300 cross referenced entries on composers conductors choral ensembles choral genres and choral repertoire This book is an excellent resource for students researchers and anyone wanting to know more about choral music
