Historical Obsessions:

Curious Obsessions in the History of Science and Spirituality Rachael Kohn, 2020-12-09 The frontiers of religion and science have always been pushed forward by curious and obsessed individuals like the monk who kept banned books in a secret library under the nose of the pope the explorers who searched for the lost tribes of Israel but found a new continent instead the eccentric doctor and a mad monk who intuited scientific truths well before future generations would prove their theories correct the archaeologists who discovered the goddess just in time for feminism the utopians who never quite found what they were looking for and a current flock of priests and nuns who go wherever knowledge takes them It is a delicious quirk of history that individuals dismissed by their contemporaries as eccentrics and troublemakers are often those with the most impact on the world Curious Obsessions in the History of Science and Spirituality is a captivating look at the famous and the forgotten who emerged in times of extreme change and social disruption to change science and spirituality for ever During our current Covid19 pandemic this collection is highly relevant to a world still seeking novel answers to the human condition and also drawn to old theories long ago debunked

Obsession Lennard J. Davis, 2009-05-15 We live in an age of obsession Not only are we hopelessly devoted to our work strangely addicted to our favorite television shows and desperately impassioned about our cars we admire obsession in others we demand that lovers be infatuated with one another in films we respond to the passion of single minded musicians we cheer on driven athletes To be obsessive is to be American to be obsessive is to be modern But obsession is not only a phenomenon of modern existence it is a medical category both a pathology and a goal Behind this paradox lies a fascinating history which Lennard J Davis tells in Obsession Beginning with the roots of the disease in demonic possession and its secular successors Davis traces the evolution of obsessive behavior from a social and religious fact of life into a medical and psychiatric problem From obsessive aspects of professional specialization to obsessive compulsive disorder and nymphomania no variety of obsession eludes Davis's graceful analysis

The Historical Contexts and Contemporary Uses of Mass Observation Lucy D. Curzon, Benjamin Jones, 2024-10-17 The Historical Contexts and Contemporary Uses of Mass Observation embraces new approaches and themes that highlight Mass Observation's long history as an innovative research organization a social movement and an archival project Spanning the period from Mass Observation's inception to the present day essay authors discuss a wide range of topics including anthropology history popular politics cultural studies literature selfhood emotion art and visual studies Indeed what emerges across this volume is confirmation that engagement with Mass Observation whether its historical materials or those produced in the last decade is crucial to understanding the vast array of experiences that make up British life

Historical Roots of Psychopathology Diogo Telles Correia, Daniel Sampaio, 2016-08-12 New advances of the neuroscience supported by a refined reliable and valid phenotyping e.g. at the level of symptoms and not at the level of disorders are bringing some promising results The mapping of clinical phenomenology on specific brain dysfunction is now becoming plausible and the

resulting functional psychopathology may in the future significantly replace the present nosology Jablensky 2010 Nevertheless as Andreasen 2007 points out Applying technology without companionship of wise clinicians with specific expertise in psychopathology will be a lonely sterile and perhaps fruitless enterprise Some of the chapters of this Ebook deal with aspects which are essential to the historical understanding of mental symptoms and disorders *The Obsessive and Compulsive Experience* Boghos Yerevanian,Bi Yerevanian, MD,2010-11-30 This book is a wide ranging discussion and analysis of Obsessions and Compulsions written for lay people as well as clinicians Through vivid clinical descriptions the author brings together the many elements that make up the fabric of Obsessive Compulsive Disorder He takes the reader through the development of descriptive psychological cognitive behavioral socio cultural as well as complex neurobiological aspects of the condition The patient is the center of his curiosity and deliberations and Dr Yerevanian draws on many disciplines of human endeavor to understand what afflicts them and to shape a plan of treatment based on understanding their human predicament In the process he discusses how a psychiatrist learns and grows by interacting with patients who exhibit difficulties and disturbances in the most crucial human attributes such as thinking decision making executive functioning forming beliefs assessing danger and reward modulating emotions and other fundamental human characteristics Examining OCD not only teaches us about the disorder itself but about the human mind and the human condition with all its vulnerabilities and strengths Ritual Remembering ,2021-11-15 Most of the essays in Ritual Remembering History Myth and Politics in Anglo Irish Drama in part or in whole frequently allude or directly concern themselves with the dramatic representation of the opposition or the collusion of myth and history and the uses and abuses of both Equally they celebrate and critically analyse the politics of the social conscience and social consciousness which pervades Irish drama in its rituals of forgetfulness and memory Perhaps myth is above all to be understood as the conscience and consciousness of history and politics is the projection of that myth into present social action on the hustings nowadays more frequently the television hustings at the ballot box in writing and on the stage Most of the articles in this volume revolve around these gravely portentous and ambivalent themes which nobody who is as much concerned with Anglo Irish relations as with Anglo Irish literature can disregard or evade *The History of Mental Symptoms* G. E. Berrios,1996-04-11 An important and unique survey of the historical background to the descriptive categories of psychopathology **Time Travelers** Adelene Buckland,Sadiah Qureshi,2020-05-15 The Victorians perhaps more than any Britons before them were diggers and sifters of the past Though they were not the first to be fascinated by history the intensity and range of their preoccupations with the past were unprecedented and of lasting importance The Victorians paved the way for our modern disciplines discovered the primeval monsters we now call the dinosaurs and built many of Britain s most important national museums and galleries To a large degree they created the perceptual frameworks through which we continue to understand the past Out of their discoveries new histories emerged giving rise to fresh debates while seemingly well known histories were thrown into

confusion by novel tools and methods of scrutiny If in the eighteenth century the study of the past had been the province of a handful of elites new technologies and economic development in the nineteenth century meant that the past in all its brilliant detail was for the first time the property of the many not the few Time Travelers is a book about the myriad ways in which Victorians approached the past offering a vivid picture of the Victorian world and its historical obsessions "Celebrating Confusion" Kenneth Nally,2009-01-14 Though widely lauded as one of the most creative and challenging forces in Irish theatre Frank McGuinness's plays have often met with a tempestuous reception This new work details the significance of key productions of his plays in the context of Ireland's culture and society Charting McGuinness's development as a dramatist from *The Factory Girls* through to *Gates of Gold* it combines cultural political and theatrical analysis to position McGuinness as the most significant Irish playwright of his generation Textual analysis supports considerations of theatrical performance to show how visual art stagecraft sculpture and song are central to our understanding of McGuinness's theatre Drawing forth the range of sexual familial and national identities found in McGuinness's work this book shows the significance of symbols in theatre that often seeks to confuse the simplicities of absolutes in order to show the complexities of difference Wide ranging theoretically astute and written in a lucid and engaging style *Celebrating Confusion* will appeal to all readers who are interested in Irish Theatre and its intersection with the politics and culture of contemporary Ireland Scotland in the Eighteenth Century David Allan,2014-06-11 This is an introduction to Scottish history in the 18th which is completely up to date and gives equal emphasis to politics and religion Once a small and isolated country with an unenviable reputation for poverty and instability by 1800 Scotland it was emerging as an economic powerhouse a major colonial power and an internationally acclaimed center of European philosophy science and literature This thematic investigation explores the experiences and responses of a people whose world was being fundamentally reconfigured and offers some topical and thought provoking lessons from a dramatic period when willingly or with great reluctance the Scots adapted themselves to rapidly changing circumstances Starting with the threshold of the Act of Union 1707 and running through to 1800 and the outbreak of the Napoleonic Wars This book covers the impact of the Enlightenment on Scotland and Scotland's own very significant contribution to this via Adam Smith David Hume and their circle Setting social cultural and economic analyses within a firm political framework Scotland's internal story is placed in the wider context of Britain Europe and Empire and her role and identity within the newly united Britain assessed **Notes from a Deserter** C.W. Towarnicki,2025-04-08 A Civil War farmer's harrowing odyssey from battle to desertion ends in tragedy revealing the era's tumultuous spirit through a series of poignant vignettes William Henry Howe a modest farmer leaves his pregnant wife Hannah and their small family behind in pursuit of a soldier's stipend and honor Joining the Pennsylvania 116th regiment Howe's journey reveals a nation and culture in turmoil Each chapter of his story is punctuated by letters to Hannah written to bridge the void of his absence as war and the seasons progress During the brutal winter siege of Fredericksburg Howe weakened by dysentery fights

valiantly in a devastating defeat emerging as one of the few survivors As his superior officers retreat to Philadelphia to regroup and overwhelmed medical facilities crumble Howe embarks on a grueling 275 mile journey home to Perkiomenville to recover Upon returning to his rural family life local bounty hunters descended on the small town seeking a reward for capturing deserters A failed attempt leads to the death of one bounty hunter and Howe s imprisonment Torn from his young family once more Howe is tried convicted and on August 26 1864 becomes the only soldier hanged for desertion at Fort Mifflin His body rejected by the local graveyard is finally laid to rest in the family plot where one last letter was left for the widowed Hanna A gripping short story cycle Notes from a Deserter uses a shifting point of view to explore themes of duty sacrifice and the cost of war on individuals and communities It s a moving collection of stories that captures the essence of a nation and its people in crisis while highlighting the tragic and profound impact on one Pennsylvania family Hypnotism, Its History, Practice and Theory John Milne Bramwell,1903

Religion and Public Doctrine in Modern England:
Volume 1 Maurice Cowling,2003-09-25 A further contribution to understanding the role played by Christianity in modern English thought **The Cambridge Companion to Slavery in American Literature** Ezra Tawil,Ezra F. Tawil,2016-03-29 This book brings together leading scholars to examine slavery in American literature from the eighteenth century to the present day Music Lessons Pierre Boulez,2019-10-17 The eminent French composer s groundbreaking lectures available for the first time in English a major event Alex Ross Music Lessons collects the yearly lectures of French composer Pierre Boulez prepared for the Coll ge de France between 1976 and 1995 These lectures offer a sustained intellectual engagement with themes of creativity in music by a widely influential cultural figure who has long been central to the conversation around contemporary music In his essays Boulez explores the process through which a musical idea is realized in a full fledged composition the complementary roles of craft and inspiration the degree to which the memory of other musical works can influence and change the act of creation and other deeply fascinating topics Boulez also gives a penetrating account of problems in classical music that are still present today such as the crippling conservatism of many musical institutions Woven into the discussion are stories of Boulez s own compositions and those of fellow composers whose work he championed as both a critic and conductor from Stravinsky to Stockhausen and Var se from Bart k to Berg Debussy to Mahler and Wagner and all the way back to Bach This edition includes a foreword by Jean Jacques Nattiez and a preface by Jonathan Goldman

Shakespeare on Salvation David Anonby,2024-03-13 This cutting edge book explores Shakespeare s negotiation of Reformation controversy about theories of salvation While twentieth century literary criticism tended to regard Shakespeare as a harbinger of secularism the so called turn to religion in early modern studies has given renewed attention to the religious elements in Shakespeare and his contemporaries Nevertheless there remains an aura of uncertainty regarding some of the doctrinal and liturgical specificities of the period This historical gap is especially felt with respect to theories of salvation or soteriology Such ambiguity however calls for further inquiry into historical theology The author explores how the

language and concepts of faith grace charity the sacraments election free will justification sanctification and atonement find expression in Shakespeare's plays In doing so this book contributes to the recovery of a greater understanding of the relationship between early modern religion and Shakespearean drama While the author shares David Scott Kastan's reluctance to attribute particular religious convictions to Shakespeare in some cases such critical guardedness has diverted attention from the religious topography of Shakespeare's plays Throughout this study the author's hermeneutic is to read Shakespeare through the lens of early modern theological controversy and to read early modern theology through the lens of Shakespeare

Performance, Space, Utopia S. Jestrovic, 2012-11-13 Over 20 years after the war in Yugoslavia this book looks back at its two most iconic cities and the phenomenon of exile emerging as a consequence of living in them in the 1990s It uses examples ranging from street interventions to theatre performances to explore the making of urban counter sites through theatricality and utopian performatives

The Nonsense Factory Bruce Cannon Gibney, 2019-05-14 A withering and witty examination of how the American legal system burdened by complexity and untrammelled growth fails Americans and threatens the rule of law itself by the acclaimed author of *A Generation of Sociopaths* Our trial courts conduct hardly any trials our correctional systems do not correct and the rise of mandated arbitration has ushered in a shadowy system of privatized justice Meanwhile our legislators can't even follow their own rules for making rules while the rule of law mutates into a perpetual state of emergency The legal system is becoming an incomprehensible farce How did this happen In *The Nonsense Factory* Bruce Cannon Gibney shows that over the past seventy years the legal system has dangerously confused quantity with quality and might with legitimacy As the law bloats into chaos it staggers on only by excusing itself from the very commands it insists that we obey leaving Americans at the mercy of arbitrary power By examining the system as a whole Gibney shows that the tragedies often portrayed as isolated mistakes or the work of bad actors police misconduct prosecutorial overreach and the outrages of imperial presidencies are really the inevitable consequences of law's descent into lawlessness The first book to deliver a lucid comprehensive overview of the entire legal system from the grandeur of Constitutional theory to the squalid workings of Congress *The Nonsense Factory* provides a deeply researched and witty examination of America's state of legal absurdity concluding with sensible options for reform

The Bagpipes Richard McLauchlan, 2025-04-24 In the early second century CE someone was described as playing a pipe with a bag tucked under his armpit That man the first named piper in history was the Roman Emperor Nero Since then this improbable conflation of bag and sticks has become one of the most beloved and contested instruments of all time When another piping emperor Tsar Peter the Great watched his pet bear take its last breath he decided the creature would live on as a bagpipe This rich and vivid history tells the story of an instrument boasting over 130 varieties yet commonly associated with just one form and one country Scotland and its familiar Great Highland Bagpipe In fact the pipes are played across the globe and their story is a highly diverse one which illuminates society in remarkable unexpected ways Richard McLauchlan charts the rise of women

pipers investigates how class privilege and capitalism have shaped the world of piping and explores how the meaning of a national instrument can shift with the currents of a people's identity. The vibrancy and inventiveness characterising today's pipers still speak to the potency of this fabled and once feared instrument to which McLauchlan is our surefooted guide.

Locating Postcolonial Narrative Genres Walter Goebel, Saskia Schabio, 2013. This volume explores how postcolonial texts have determined the evolution or emergence of specific formal innovations in narrative genres. While the prominence of questions of cultural identity in postcolonial studies has prevented due attention to concerns of literary form and aesthetics, this book gives premium to the literary aiming to delineate the evolution of specific narrative techniques as part of an emerging postcolonial aesthetics. Essays delineate elements of an emergent postcolonial narratology across a variety of seminal generic forms such as the epic, the novel, the short story, the autobiography and the folk tale, focusing on genre as a powerful tool for the historicizing of literature and orature within cultural discourses. Investigating the heuristic value of concepts such as mimicry, writing back, translation, negotiation or subversion, the book considers the value of explanatory paradigms for postcolonial generic models. It also explores the status of postcolonial comparative aesthetics versus globalization studies and liberal concepts of the transnational, taking issue with the prominence of Western concepts of identity in discussions of postcolonial literature and the favoring of mimetic forms. This volume offers a unique contribution to the study of narrative genre in postcolonial literatures and provides valuable insight into the field of postcolonial studies on the whole.

This is likewise one of the factors by obtaining the soft documents of this **Historical Obsessions** by online. You might not require more times to spend to go to the ebook opening as capably as search for them. In some cases, you likewise realize not discover the broadcast Historical Obsessions that you are looking for. It will completely squander the time.

However below, similar to you visit this web page, it will be consequently unquestionably simple to acquire as without difficulty as download guide Historical Obsessions

It will not assume many mature as we run by before. You can reach it while enactment something else at house and even in your workplace. consequently easy! So, are you question? Just exercise just what we offer below as competently as review **Historical Obsessions** what you later than to read!
