History Of Namibia From The Beginning To 1990:

History of Namibia Marion Wallace, 2011-04 Concise history of Namibia from its origins until its independence A History of Namibia Marion Wallace, John Kinahan, 2011 *Landscapes between Then and Now* Nicola Brandt, 2020-09-08 In *Landscapes Between Then and Now* Nicola Brandt examines the increasingly compelling and diverse cross disciplinary work of photographers and artists made during the transition from apartheid to post apartheid and into the contemporary era By examining specific artworks made in South Africa Namibia and Angola Brandt sheds light on established and emerging themes related to aftermath landscapes embodied histories un belonging spirituality and memorialization She shows how landscape and identity are mutually constituted and profiles this process against the background of the legacy of the acutely racially divisive policies of the apartheid regime that are still reflected on the land As a signpost throughout the book Brandt draws on the work of the renowned South African photographer Santu Mofokeng and his critical thinking about landscape *Landscapes Between Then and Now* explores how practitioners who engage with identity and their physical environment as a social product might reveal something about the complex and fractured nature of postcolonial and contemporary societies Through diverse strategies and aesthetics they comment on inherent structures and epistemologies of power whilst also expressing new and radical forms of self determinism Brandt asks why these cross disciplinary works ranging from social documentary to experimental performance and embodied practices are critical now and what important possibilities for social and political reflection and engagement they suggest **Understanding Namibia** Henning Melber, 2015-01-04 he book offers a frank account of an African state that shook off colonial rule but has yet to see the fruits of independence distributed evenly among its people Drawing on inside knowledge of SWAPO the anti colonial liberation movement the author provides a valuable case study of nation building in the modern era The Handbook of African Intelligence Cultures Ryan Shaffer, 2023-02-06 Bringing together a group of international scholars *The Handbook of African Intelligence Cultures* provides the first review of intelligence cultures in every African country It explores how intelligence cultures are influenced by a range of factors including past and present societal governmental and international dynamics In doing so the book examines the state s role civil society and foreign relations in shaping African countries intelligence norms activities and oversight It also explores the role intelligence services and cultures play in government and civil society *A Symbol of a People's Determination. The Windhoek Old Location* Henning Melber, 2025-10-01 The story of Windhoek s Old Location is one of African replacement and at the same time of creating home against all odds under the enforced restricted living conditions of Apartheid Being adjacent to the White centre of town urban planning replaced the Old Location with the newly established township Katutura in the late 1950s Many residents refused to be re located Escalating protest resulted in deadly clashes on 10th December 1959 when the colonial police opened fire on unarmed residents At least 13 were killed and more than 40 recorded as wounded After years of forced removal the Old Location was officially closed in 1968 This book contributes to a

commemorative culture of a crucial place and space during a formative time in Namibia's history. It offers a partial reconstruction of a social history of the Old Location. Personal memories of former residents as far as they are accessible contrast the colonial archives. The captivating photographs by the German photographer Dieter Hinrichs who documented social events and everyday life in the Location between 1959 and 1960 are essential. Many are published here for the first time. They speak louder than words. *The Cultural Legacy of German Colonial Rule* Klaus Mühlhahn, 2017-06-12. This edited volume explores social, economic, political and cultural practices generated by African, Asian and Oceanic individuals and groups within the context and aftermath of German colonialism. The volume contributes to current debates on transnational and intercultural processes while highlighting the ways in which the colonial period is embedded in larger processes of globalization. *Encyclopedia of Christianity in the Global South* Mark A. Lamport, 2018-06-01. Christianity has transformed many times in its 2 000 year history from its roots in the Middle East to its presence around the world today. From the mid twentieth century onward the presence of Christianity has increased dramatically in Asia, Africa and Latin America and the majority of the world's Christians are now nonwhite and non Western. The *Encyclopedia of Christianity in the Global South* traces both the historical evolution and contemporary themes in Christianity in more than 150 countries and regions. The volumes include maps, images and a detailed timeline of key events. The phrases Global Christianity and World Christianity are inadequate to convey the complexity of the countries and regions involved. This encyclopedia with its more than 500 entries aims to offer rich perspectives on the varieties of Christianity where it is growing, how the spread of Christianity shapes the faith in various regions and how the faith is changing worldwide. **The Cold War** Spencer C. Tucker, 2020-10-27. Sea Ports and Sea Power Lynn Harris, 2016-12-14 This volume represents a more Africanist approach to the framework of maritime landscapes and challenges of adapting international heritage policy such as the UNESCO convention While the concept of a maritime landscape is very broad a more focused thematic strategy draws together a number of case studies in South Africa Namibia Tanzania and Nigeria with a common thread Specifically the contributors address the sub theme of sea ports and sea power as part of understanding the African maritime landscape Sea ports and surrounds are dynamic centers of maritime culture supporting a rich diversity of cultural groups and economic activities Strategic locations along the African coastline have associations with indigenous maritime communities and trade centers colonial power struggles and skirmishes establishment of naval bases and operations and World War I and II engagements

Apartheid's Black Soldiers Lennart Bolliger, 2021-10-01 New oral histories from Black Namibian and Angolan troops who fought in apartheid South Africa s security forces reveal their involvement and its impact on their lives to be far more complicated than most historical scholarship has acknowledged In anticolonial struggles across the African continent tens of thousands of African soldiers served in the militaries of colonial and settler states In southern Africa they often made up the bulk of these militaries and in some contexts far outnumbered those who fought in the liberation movements armed wings Despite these soldiers significant impact on the region s military and political history this dimension of southern Africa s anticolonial struggles has been almost entirely ignored in previous scholarship Black troops from Namibia and Angola spearheaded apartheid South Africa s military

intervention in their countries respective anticolonial war and postindependence civil war Drawing from oral history interviews and archival sources Lennart Bolliger challenges the common framing of these wars as struggles of national liberation fought by and for Africans against White colonial and settler state armies Focusing on three case studies of predominantly Black units commanded by White officers Bolliger investigates how and why these soldiers participated in South Africa s security forces and considers the legacies of that involvement In tackling these questions he rejects the common tendency to categorize the soldiers as collaborators and traitors and reveals the un national facets of anticolonial struggles Finally the book s unique analysis of apartheid military culture shows how South Africa s military units were far from monolithic and instead developed distinctive institutional practices mythologies and concepts of militarized masculinity

The Politics of Nature and Science in Southern Africa Maano Ramutsindela,Giorgio Miescher,Melanie Boehi,2016-09-12 This book brings together recent and ongoing empirical studies to examine two relational kinds of politics namely the politics of nature i e how nature conservation projects are sites on which power relations play out and the politics of the scientific study of nature These are discussed in their historical and present contexts and at specific sites on which particular human environment relations are forged or contested This spatio temporal juxtaposition is lacking in current research on political ecology while the politics of science appears marginal to critical scholarship on social nature Specifically the book examines power relations in nature related activities demonstrates conditions under which nature and science are politicised and also accounts for political interests and struggles over nature in its various forms The ecological socio political and economic dimensions of nature

cannot be ignored when dealing with present day environmental issues Nature conservation regulations are concerned with the management of flora and fauna as much as with humans Various chapters in the book pay attention to the ways in which nature science and politics are interrelated and also co constitutive of each other They highlight that power relations are naturalised through science and science related institutions and projects such as museums botanical gardens wetlands parks and nature reserves

A Glance at Our Africa Dag Henrichsen,1997 *The Aftermath of the Cassinga Massacre* Vilho Shigwedha,2017-04-03 It took the former South African Defence Force SADF less than four hours to kill more than eight hundred Namibian refugees at Cassinga on May 4 1978 Thousands of survivors were left with irreparable physical and emotional injuries The unhealed trauma of Cassinga a Namibian civilian camp in southern Angola before the massacre is beyond the worst that the victims of the attack experienced on the ground Unacceptable layers of pain and suffering continue to grow and multiply as the victims grievances and other issues arising out of the aftermath of the massacre have been ignored particularly following Namibia s political independence In this book the afterlife of the victims traumatic memories and their aspiration for justice vis vis the perpetrators enjoyment of blanket impunity from prosecution in spite of their ongoing denial of killing and maiming innocent civilians at Cassinga are explored with the aim to create public awareness about the unfortunate circumstances of the Cassinga victims
