A Cultural History of Civil Examinations in Late Imperial China Benjamin A. Elman, 2000-03-22 In this multidimensional analysis Benjamin A Elman uses over a thousand newly available examination records from the Yuan Ming and Ching dynasties 1315 1904 to explore the social political and cultural dimensions of the civil examination system one of the most important institutions in Chinese history For over five hundred years the most important positions within the dynastic government were usually filled through these difficult examinations and every other year some one to two million people from all levels of society attempted them Covering the late imperial system from its inception to its demise Elman revises our previous understanding of how the system actually worked including its political and cultural machinery the unforeseen consequences when it was unceremoniously scrapped by modernist reformers and its long term historical legacy He argues that the Ming Ching civil examinations from 1370 to 1904 represented a substantial break with Tang Sung dynasty literary examinations from 650 to 1250 Late imperial examinations also made Tao Learning Neo Confucian learning the dynastic orthodoxy in official life and in literati culture The intersections between elite social life popular culture and religion that are also considered reveal the full scope of the examination process throughout the late empire

Teaching U.S. History Diana Turk, Rachel Mattson, Terrie Epstein, Robert Cohen, 2010-01-12 Teaching U S History offers an innovative approach to social studies teaching by connecting historians to real world social studies classrooms and social studies teachers In an unusual even unprecedented dialogue between scholars and practitioners this book weds historical theory and practice with social studies pedagogy Seven chapters are organized around key US History eras and events from the time of slavery through the Civil Rights Movement and are complemented by detailed discussions of a particular methodological approach including primary source analysis oral history and more Interviews with historians open each chapter to bring the reader into important conversations about the most cutting edge issues in U S history today and are followed by essays from expert teachers on the rewards and challenges of implementing these topics in the classroom Each chapter also includes a wealth of practical resources including suggested key documents or artifacts a lesson plan for middle school and another suitable for high school and suggested readings and questions for further study Teaching U S History is a must read for any aspiring or current teacher who wants to think critically about how to teach U S history and make historical discussions come alive in the school classrooms where the nation s students learn

Imre Nagy, Martyr of the Nation Karl P. Benziger, 2008-01-01 Imre Nagy is a compelling figure both in life and in death one whose actions stimulated consequences in Hungary that continue into the present Providing a summary review of Hungarian Cold War history Benziger examines the ways in which

the memory of the martyred prime minister and the story of the 1956 Revolution influenced political socialization in Hungary. The book begins with Nagy's 1989 funeral and the role memorialization played in the politics of transition, continuing with a review of the important personages and events that informed Nagy's life and afterlife, and it concludes in the tumultuous politics following the establishment of the Republic in 1989. Readers interested in Central and Eastern Europe will find this book useful as it expands the literature on history and memory and transition politics in the region.
